"Provided that nothing contained in this section shall be held to make the district fund liable for the expenses, if the Government does not provide adequate funds for these purposes"

The HON. JOY PROKASH LALL moved that section 59 be omitted. He said he feared that the funds at the disposal of the district would not be large enough to maintain the dispensaries and hospitals of the district. It would raise expectations which it would be difficult to fulfil. There was no such provision in the similar Acts for the other provinces.

The HON. MR. MACAULAY said the provision was permissive. If provision was not made for the purpose, they would be told that they were tying the hands of the local authorities. They could exercise the power if they thought proper.

The motion was put and negatived.

The HON. MR. MACAULAY moved that the following new section be added after section 88 :—

"88*A*.—All streams, channels, watercourses, tanks, reservoirs, springs and wells situated within the district, and not being private property or under the control of any officer of the Government, shall, for the purposes of this Act, be under the control and administration of the District Board."

He said the introduction of this section had been suggested by Mr. Collier, who was engaged in the work of drafting rules under the Act, and Mr. MACAULAY thought the suggestion was a good one. The provision was necessary to make the Part regarding sanitation complete. By section 73 all roads, bridges, channels, buildings and other property were placed under the control of the District Board, and it was in the same way necessary to place streams, channels, &c., under its administration in order to be able to expend public funds upon them.

The motion was put and agreed to.

The HON. MR. MACAULAY moved that the following new section be inserted after the above :—

"88*B*.—The District Board may, by an order duly published at such places and in such manner as it may deem fit, set apart convenient tanks, parts of rivers, streams or channels, situated within the district and not being private property or under the control of any officer of the Government, for the supply of water for drinking and for culinary purposes; and from the date of publication of such order, such tanks, parts of rivers, streams or channels shall be held to be public springs or reservoirs."

The motion was put and agreed to.

The HON. MR. MACAULAY moved that the words "District Board or" be inserted before "Local Board" in the last line of section 110. The object, he said, was to provide for the very unlikely case in which a District Board might be dealing directly with Union Committees with regard to primary schools without reference to Local Boards. The amendment was necessary to complete the section.

The motion was put and agreed to.

The HON. MR. MACAULAY moved that the following new section be inserted after section 116 :—

"116A.—Any public tank, stream, or well which the Union Committee may have cleansed or repaired under the last preceding section shall remain under the control and administration of the Union Committee; and the Union Committee may, by an order duly published in the village or villages in which such public tank, stream or well is situated, set apart the same for the supply of water for drinking and culinary purposes."

The HON. KUMAR BAIKANTO NATH DE said he regretted he could not record his assent to the amendment proposed. Simple as it was on the face of it, there lurked within it an element of great changes to the Hindu public. It was meet and proper that public tanks should be kept sweet at the expense of the Local Fund or of the local public, but he failed to perceive the justice and propriety of converting old private tanks into public ones, and the section as worded amounted to that. The word "public" had not been defined in the Bill, but he happened to know that all such tanks, as distinct from mere excavations and ponds, were consecrated by the Hindus, and the consecration service contained a clause which dedicated the water of the tank to public use. Practically, too, no one put forth any objection to free access to a private tank. The owner retained his proprietory right to the site and the water and the fishing in it, and whenever so disposed could cause the tank to be filled up and converted to other use, but as long as it remained a tank its water was dedicated to the use of the public. Now did this dedication of the water make the tank public? He understood that the question had been before the law courts. On one occasion Mr. Mytton, then Magistrate of the 24-Pergunnahs, closed access to the tank in his garden, and the Sudder Court ruled that he was wrong; other cases had since arisen, and on the face of the decisions that had been given, it appeared to him that to declare that every tank on which a Union Committee

had spent a couple of rupees or so belonged to the Union was practically to confiscate private property on very insufficient grounds. Some private tanks were of large extent, covering many acres of land—a few were over half a mile in area, and to take them at a cost of any sum not exceeding a hundred rupees was arbitrary in the extreme, and he could not but raise his humble voice against it.

The Hon Mr. Macaulay said he did not understand the nature of the objection. The hon. member said that some tanks, although private property, were devoted to the use of the public. If they were so devoted, and as the Union Committee was the guardian of the public, the proposal was to give that body power to see to the good of the public. The illustration given of Mr. Mytton's tank was different. It was a tank devoted to the use of the public which he desired to fence in, and the law very properly interfered and prevented him from doing so. Such tanks would be very proper objects for the Union Committee to take charge of.

The motion was then put and carried.

The Hon. Mr. MacDonnell moved that after the words "orders of" in the last line of section 119, the words "or any institution controlled by" be inserted. He said that the control of schools and dispensaries had been made over to the local authorities. The object of the amendment was to enlarge the terms of this section, so that the Magistrate should have power to enter and inspect such institutions. He thought his hon. friend in charge of the Bill contemplated the possibility of the Magistrate inspecting schools and dispensaries, but the words in the section were not sufficiently wide for the purpose.

The motion was put and agreed to.

The Hon. Joy Prokash Lall moved that section 120 be omitted; and in the event of the motion being lost, to add the following proviso after the first paragraph:—

"Provided that no portion of a district fund shall go to pay the Inspector of Works and his establishment, unless his appointment was made on the application of two-thirds of the members of the District Boards of the Division."

He said that the Inspector of Local Works occupied the same position as the Inspector of Schools, who was paid from the Provincial revenue. The Civil Surgeon exercised the same functions in respect of dispensaries; why then should the salary of the Inspector of Local Works be payable by the Boards? The District and Local Boards would have their own engineers to undertake their works, and he saw no necessity for having a highly paid Inspector to look after those works. If the Government chose to have such an officer, it should pay his salary from the Provincial funds.

The Hon. Mr. Macaulay said there was some misapprehension on the part of the hon. member. There was no intention that the salary of the Inspector of Works should be paid by the District Board, whether two-thirds of their number applied or not, and that had been explained in the report of the Select Committee, and in section 22 that clause had been omitted. The district fund not being applicable to expenditure for such an object, it was not possible for the District Board to make any payment in respect of it.

The motion was then by leave withdrawn.

The Hon. Joy Prokash Lall moved that section 121 be omitted; and in the event of the motion being lost, to add the following proviso:—

"Provided that if the members express dissatisfaction with the order, the Magistrate or the Commissioner shall report to the Lieutenant-Governor, who shall pass final orders thereon"

He said that this section gave very great power of interference to the Magistrate; but if the Council thought proper to retain the section, his amendment would enable the Board to represent matters to the Lieutenant-Governor.

The Hon. Moulvie Abdul Jubber said he thought this section ought to be retained. The Magistrate required some such power to keep the peace of the district. The District Board might order the construction of a road which might necessitate the demolition of a graveyard or a mosque or a temple, and unless the Magistrate had power to interfere a breach of the peace was likely to occur.

The Hon. Mr. Macaulay asked the Council to reject this amendment on the ground that the section provided for cases of emergency, and if there was

any delay in the action of the Magistrate, it would defeat the very object for which the section was introduced.

The motions were severally put and negatived.

The HON. MR. MACDONNELL by leave withdrew his notice of motion to insert the words "person or" after "any" in the last line but one of section 121.

The HON. KUMAR BAIKANTO NATH DE moved that in the first paragraph of section 122, the words "forward the complaint with such explanation as the Board may have given, together with the result of his enquiry, to the Lieutenant-Governor" be substituted for the words "by order in writing, fix a period for the performance of that duty." He did not wish to say much in support of this amendment. The relations subsisting between Divisional Commissioners and the Lieutenant-Governor, and the official etiquette in regard to the setting aside of the orders of Commissioners, were delicate matters, and he desired to avoid handling them. The broad ground to which he might safely refer was that action first and deliberation afterwards was not correct in principle. Except in very emergent cases, which did not fall within the work of District or Local Boards, it was always best to deliberate first and take action next. Summary action in the case of District Boards was, moreover, calculated to cast a slur on them, and he would therefore urge that the complaints referred to in this section should always be submitted to the Lieutenant-Governor in the first instance, together with any explanation that the Board concerned might have to offer, and the Lieutenant-Governor should pass orders thereon. No mischief could ensue from this course, and at the same time there would be a perfect sense of security and fair play on every side. He was aware that the sudden bursting of a bund would require instant action, but he did not think that there would be any District Board where a thing of that kind would for a moment be neglected. For there was no chance of fifteen or more official and non-official members coming together who would be so perverse as to sit still and allow a district to be inundated.

The HON. MR. MACAULAY asked the hon. member to refer to section 126. When the Commissioner made an order under section 122, he was required forthwith to submit to the Lieutenant-Governor a copy of the order, with a statement of his reasons for making it, and with any explanation which the local authority concerned might wish to offer, and the Lieutenant-Governor might thereupon confirm, modify, or rescind the order. There was ample provision, therefore, for the Lieutenant-Governor to interfere in case the order of the Commissioner was not a proper one. But it would not be in the interests of the public that the Lieutenant-Governor should consider every case which came under this section.

The motion was put and negatived.

The HON. JOY PROKASH LALL by leave withdrew the following notices of motion:—

*Section* 122.—In line 2 of the second paragraph to insert the words "with the sanction of the Lieutenant-Governor" after the word "Commissioner."

*Section* 123.—To omit this section.

*Section* 126.—To omit this section.

The HON. KUMAR BAIKANTO NATH DE also withdrew his notice of motion to omit section 126.

The HON. MR. MACAULAY moved the following verbal amendments, which were put and agreed to:—

*Section* 135, *clause* (*a*).—In line seven, after the word "disqualifications" to insert the words "and registration."

*Section* 135, *clause* (*b*).—In line five of this clause to omit the word "and," and in the last line to insert the words "and the language in which business shall be transacted" after the word "proceedings."

*Section* 135, *clause* (*f*).—To omit the words "the language in which business shall be transacted and" in lines one and two of this clause.

*Section* 135, *clause* (*g*).—To omit this clause.

*Section* 135, *clause* (*n*).—In line one for the words "prescribing the manner in which" to substitute "regulating the submission for approval of," and in the last line to omit the words "shall be submitted for approval."

*Section* 135, *clause* (*o*).—To insert the words "and powers" after the word "duties."

The Hon. Joy Prokash Lall moved that section 139 be omitted; and in the event of that motion being negatived, that the words "neglect or" in line 7 be omitted. He said that the section would, he feared, dissuade respectable people from serving on the Board. They deserved the same protection as was afforded to Government servants. It would, he thought, be impolitic to make them amenable to the Civil Courts for acts done in good faith. The very existence of a provision like this would expose the members to the risk of being dragged into the Civil Court for any act they might do for the interest of the public

The motions were severally put and negatived.

The Hon. Joy Prokash Lall moved that the following districts be added to the third schedule. He thought that they should be so included:

| | | |
|---|---|---|
| Mozufferpore. | | Bhagulpore. |
| Gya. | | Balasore. |
| Durbhunga. | | Cuttack. |
| Chupra. | | Mymensingh. |
| Monghyr. | | Rungpore. |
| | Dinagepore. | |

The Hon. Mr. Macaulay said the Council had probably received a copy of an application from the Mymensingh Committee, and he had that morning received a telegram from the same body, begging for the inclusion of Mymensingh in the schedule. But as the Council had adopted the amendment in section 15, he apprehended that most of the difficulty experienced by those gentlemen would be removed, because in a great many of these districts, the Lieutenant-Governor would be able, under the power given in that section, to do all that would be necessary to meet the requirements of local bodies.

The motion was then by leave withdrawn.

The Hon. Kumar Baikanto Nath De by leave withdrew a similar motion of which he had given notice.

The Hon. Mr. MacDonnell moved to omit "Patna and Shahabad" from the third schedule. In moving the omission of these districts from the schedule, he would ask the hon. member opposite (Rai Joy Prokash Lall) to consult his own experience of the district of Shahabad, and to say whether, in the sub-divisions of Bhabuah and Sasseram, he would be able to get together a responsible Board acquainted with the rural tracts to whom he would entrust the making of roads, the control of schools, and the distribution of medical relief. His own experience was that, outside the limits of the municipalities, there was but little public spirit. Education had not extended in Behar as it had in Bengal; the English-speaking classes were few, the only educated persons being the pleaders, and they were all located in the sudder stations or the head-quarters of sub-divisions. Take, for instance, Burdwan, which was not a very advanced district in Lower Bengal. The number of people attending primary schools in Burdwan was 36,749 out of a population of 1,391,100; whereas in the district of Patna the number was only 19,558 out of 1,756,000. In Shahabad, with a population of 2,000,000, the number attending primary schools was 20,883. Now higher education, as they all knew, was still more backward in Behar than in Bengal. Personally, he was more than doubtful of the wisdom of scheduling any districts, but he submitted to the superior wisdom of the Select Committee; they had examined the evidence more in detail, and he hoped the conclusion to which they had come would prove to be satisfactory. But it should be borne in mind that under section 15 the Lieutenant-Governor had power to extend the elective franchise to any sub-division of a district, and as it was the distinct policy of the Government to give the scheme the fullest chance of success, he had no doubt that the privilege would be extended to every sub-division which was fit to exercise it. He thought that, in scheduling the districts of Patna or Shahabad, there was not at present any assurance that they were not taking a leap in the dark. In the sudder sub-divisions of Arrah and Patna there was some chance of success, and he would be glad to see the Lieutenant-Governor exercise in regard to them the power vested in him by section 15. One consideration ought never be lost sight of, namely, once a district was scheduled, there would be no power to cancel the order of extension.

The Hon. Moulvie Abdul Jubber observed that the exclusion of Patna from the schedule would cause great dissatisfaction in Behar; if any district in that province was fit for the exercise of the franchise, it was the district of Patna. The two sub-divisions of Behar and Barrh were also, he thought, sufficiently advanced.

The Hon Joy Prokash Lall said that no doubt the sub division of Bhabuah was not so far advanced as some other sub-divisions Still he considered the district of Shahabad was more advanced than the districts of the North-Western Provinces or the Punjab, where the principle of Local Self-Government had been so liberally introduced. On the same principle, he thought the elective franchise ought to be extended both to Patna and Shahabad.

The Hon. Mr. Macaulay said he thought some misapprehension existed as regards the amount of liberality bestowed on the North-Western Provinces: there was apparently a great deal of liberality, but although the elective franchise was conferred, the Local Government, instead of selecting the members to act on the Local Board, selected the persons to elect the members of Local Boards. On behalf of the Select Committee, he should prefer that the amendment should be confined to Shahabad, because under the provision of section 15 to which he had already referred, the Lieutenant-Governor could at any time extend the elective franchise to any sub-division which he thought fit. But as regards Patna, the Committee found that when originally the proposals of the Bengal Government were circulated in July 1882, with no limitation in regard to the elective system being introduced in some sub-divisions and not in others, and the district officers were asked to report on the elective system generally, the Commissioner of Patna referred to the opinion of the Magistrate of Patna, namely, that the proposal made by the sub-divisional officer of Dinapore, that the panchayets of villages might be allowed to elect the members of the Local Board, might be adopted. The Select Committee came to the conclusion that the provisions made in the Bill for the qualification of members would be sufficient to get persons of higher standing than panchayets, and that in the Patna district the experiment of elected Boards might fairly be tried. He would, on the whole, be inclined to move as an amendment upon the amendment that Shahabad only be left out of the schedule.

His Hon. the President said he was bound to explain that the suggestion for this amendment was made at his instance. In preparing the schedule they were led very much by the fact of the diversified conditions of the districts to which it might be applied, and they were ready immediately to adopt the principle of election in all districts which might be called metropolitan districts, and under this category the Presidency Division and the Patna Division should be included in the schedule which gave sub-divisions in the districts comprised in those divisions the full powers and privileges conferred by the Bill. And one or two other districts were added to which it was thought they should apply. But the difficulty was as to three particular districts, namely, Khulna, a new district, the sub-divisions of which extended away quite within the Sunderbunds, and in which qualified men would probably not be available; and the other two were the districts of Patna and Shahabad. Accordingly His Honor wrote to the Commissioners of the Presidency and Patna Divisions. Mr. A. Smith, Commissioner of the former division, had no hesitation in saying that all the sub divisions in the Khulna district might safely be admitted to the full privileges given by the Bill; but Mr. Halliday, who had for many years been at the head of the Patna Division, wrote so strongly on the point that His Honor would read his reply to the Council. He said:—

"I should strike out both Patna and Shahabad from the third schedule. I do not understand what reason could have led to the selection of these districts more than any others in the division. They and other districts can be added at any time to the list in that schedule by a notification under section 14. Behar and Bhabuah sub-divisions (or indeed Sasseram and Barrh also) are not, in my opinion, so manifestly fitted for the privilege of electing two-thirds of the members of Local Boards as to justify our adopting a course which, when once taken, cannot be abandoned I submit it is by far the best plan to feel our way carefully and to act on experience, instead of assuming facts of which we have had little opportunity of gaining any evidence."

His Honor would therefore take both Patna and Shahabad out of the schedule. Since that, however, the Council had, at the instance of the Indian Association of Calcutta, made a very important addition to section 15 of the Bill, by which the Lieutenant-Governor would have power to extend all the privileges of the Bill to any sub-division of a district to which the Act might be extended, and he would have no difficulty when once the Act was in operation in dealing liberally with that provision of the Bill. Therefore he thought it would be best to reserve the right to apply the provisions of the Act to such of the sub-divisions of Patna and Shahabad as might be ready for the privilege of election, and not, by including those districts in the schedule, to force the hands of Government to apply it to all sub-divisions of those districts. On these grounds His Honor's personal vote would be in favour of the amendment of the Hon. Mr. MacDonnell.

The question that Shahabad be omitted from the schedule having been put, the following votes were recorded:—

| *Ayes* 9. | *Noes* 2. |
|---|---|
| The Hon. Mr. Irving. | The Hon. Joy Prokash Lall. |
| ,, Moulvie Abdul Jubber. | ,, Kumar Baikanto Nath De. |
| ,, Mr. Garrett. | |
| Col. the Hon. S. T. Trevor. | |
| The Hon. Mr. MacDonnell. | |
| ,, Mr. Macaulay. | |
| ,, Mr. Reynolds. | |
| ,, the Advocate-General. | |
| ,, the President. | |

So the motion was carried.

The question that "Patna" be omitted from the schedule having been put, the following votes were recorded:—

| *Ayes* 4. | *Noes* 7. |
|---|---|
| Colonel the Hon. S. T. Trevor | The Hon. Mr. Irving. |
| The Hon. Mr. MacDonnell. | ,, Rai Joy Prokash Lall. |
| ,, the Advocate General. | ,, Kumar Baikanto Nath De. |
| ,, the President. | ,, Moulvie Abdul Jubber. |
| | ,, Mr. Garrett. |
| | ,, Mr. Macaulay. |
| | ,, Mr. Reynolds. |

So the motion was negatived.

The Hon. Mr. Macaulay by leave postponed the motion that the Bill be passed.

The Council was adjourned to Saturday, the 4th April 1885.

## REGULATION OF FERRIES.

The Hon. Mr. Macaulay moved that the report of the Select Committee on the Bill to regulate Ferries in Bengal be taken into consideration in order to the settlement of the clauses of the Bill.

The motion was put and agreed to.

The Hon. Mr. Macaulay also moved that the clauses of the Bill be considered for settlement in the form recommended by the Select Committee.

The motion was put and agreed to

The Hon. Mr. Macaulay moved that the following new section be inserted after section 3 :—

"3A. Nothing in this Act contained shall apply to any ferry deemed or declared to be a municipal ferry under the provisions of the Bengal Municipal Act, 1884"

He explained that it was at first intended that the Bill should apply to all ferries, but, on examination, it was found that the provisions of the Municipal Act were sufficient for all practical purposes, and it was thought better to exclude them from the operation of this Act, than to enact that certain sections of the Bill should apply to municipal ferries and that certain sections should not so apply.

The motion was put and greed to.

The Hon. Joy Prokash Lall moved that the following proviso be added to section 13 :—

"Provided that such compensation shall be demanded only in cases where the lessee fails to show sufficient or satisfactory grounds for surrendering his lease."

He said that the reason why he proposed this amendment was that there might be cases in which the lessee was obliged to surrender his lease owing to unavoidable and unforeseen circumstances ; such as sudden silting up of the bed and sudden change in the course of the river. Of course in cases of reckless or wanton relinquishments, a demand for compensation should be made; but this amendment, if carried, would exempt an honest lessee from paying compensation when he was prevented from continuing to carry on the contract by acts of God or circumstances over which he had no control.

The Hon. Mr. Macaulay said he ventured to think this amendment was not necessary. The section had been inserted in the Bill to meet a very serious difficulty which from time to time occurred where a ferry lessee suddenly relinquished his lease and caused great inconvenience to the public, as well as loss to the public revenue. It was to be assumed, from the wording of the section, that the Magistrate would always make enquiries, and where the lease was surrendered on honest grounds, there would be no danger of the Magistrate attempting to require compensation from the lessee.

The Hon. the Advocate-General suggested that the intention of the Hon. Member might be met by the insertion of the word "reasonable" before "compensation;" it was implied that the compensation should be reasonable, but the introduction of the word would act as a safeguard.

The Hon. Joy Prokash Lall accepted the suggestion and withdrew his motion ; and it was then agreed that the word "reasonable" be inserted before "compensation" in line 7 of the section.

The Hon. Joy Prokash Lall moved that in line 3 of section 15 the words "for crossing a river or stream for hire" be inserted after the word "ferry." He said that it often happened that passengers were taken by boat from one ghât (landing place) to another on the same side of the river which was within three miles from the limits of a public ferry; there were also cultivators who lived on one side of the river bank and carried on cultivation on the other side, and for the sake of economy of money and time they kept boats for their use, but not for hire. It was not clear whether the restriction imposed by this section would be applicable to such persons. If it was intended to apply to them, it would cause great hardship to the agricultural classes who cultivated lands in dearas or islands.

The Hon. Mr. Macaulay said he was unable to accept the amendment. The Select Committee advisedly introduced the word "ferry" in order that the ordinary meaning of the word might be attached to it, namely the idea of crossing the river. The objection which had been taken in Select Committee by the Hon. Kumar Baikanto Nath Dé, as to the case of persons being taken from one ghât to another on the same side of the river, was considered, and the word "ferry" was used because it meant appliances for crossing the river. The words proposed to be inserted would be mere surplusage.

The HON. THE ADVOCATE-GENERAL observed that the introduction of the proposed words would rather introduce a difficulty. He thought the word "ferry" was quite sufficient; it was a word the meaning of which was well known, and meant plying for hire.

The motion was put and negatived.

The HON. JOY PROKASH LALL moved that in line 15 of section 16 the word "twenty" be substituted for "fifteen," and the following words be added to the section:—"If the owner is dissatisfied with the award, the matter shall be referred to the Civil Court for adjudication" He said that the Land Acquisition Act gave fair compensation for land taken for public purposes The standard of compensation for private ferries in the Bill was too low; and it would only approach to fairness if the amount was raised to twenty times the net annual profit. With regard to the second portion of the amendment, it seemed to him to be only fair that the owner of a private ferry should not be bound by the award which the Magistrate might summarily make of the compensation to be awarded on the resumption of a private ferry. The amendment proposed was based on the same principle as was laid down in the Land Acquisition Act. Private ferries were as valuable and remunerative as landed property, and he did not see why a different principle should be followed in respect of such property from that enunciated in the Land Acquisition Act He observed that the India Act XVII of 1878 did not provide that in case of disputes the matter should be referred to the Civil Courts for adjudication, possibly because, with the exception of a few districts, the North-Western Provinces were not permanently settled like Bengal; but at the same time that Act provided that the award should be submitted for the consideration of the Local Government. In Bengal, he thought that in cases where the award of a Magistrate was not accepted by the owner, the matter ought to be referred to the Civil Court in the same way as a land acquisition case was referred to such Courts; or, if he was not out of order, he would propose to substitute for the above amendment, that the award should be submitted for the consideration of the Lieutenant-Governor.

The HON. MR. MACAULAY said the Select Committe had merely reproduced the provisions of the existing Act (Bengal Act I of 1866) in which the amount of compensation was fixed at a sum not exceeding fifteen times the annual profit. When the Hon. Member proposed to alter that limit, it was reasonable that he should have laid before the Council instances in which the limit of compensation had been insufficient. As far as his own experience went, he had no reason to suppose that there was any reasonable ground for increasing the limit. Unless, therefore, the Hon. Member could cite any such instances, he would ask the Council to reject the amendment. Neither could he accept the second amendment. He thought, however, that it would be right to make the wording of this section conform with section 13 by making the award of the Magistrate subject to the approval of the Commissioner of the Division. He thought that in small matters of this kind an appeal should lie to the Commissioner, and not to the Civil Court or to the Lieutenant-Governor. The existing law left the amount of award to the discretion of the Magistrate. But a case had come up about two years ago in which, on a petition from the zemindar concerned, the Lieutenant Governor called for the papers, and after enquiry into the matter, gave a higher award; the Lieutenant-Governor could always in the exercise of his executive power interfere when it was represented to him that any injustice had been done

HIS HON. THE PRESIDENT observed that he had a strong objection to the amendment. He would deprecate giving any power of interference to the Civil Court unless such a power existed under the present law Then, again, it was not clear under the proposed amendment who should "refer" the case to the Civil Court, and if it was intended that the owner of the ferry should have a right to appeal to the Civil Court, the form of the amendment would require alteration. But on the principle that the present law up to date had not allowed the Civil Court to interfere, he thought it was too late to allow a form of interference which must lead to complications and delays. With regard to the alternative proposal, that the matter should be left to the disposal of the Lieutenant-Governor, he thought it was very undesirable that the Lieutenant-Governor, should be called upon to interfere. Where serious and palpable

injury was done and it was brought to the notice of the Lieutenant-Governor by petition or otherwise, it was always in his power, as had been observed by the Hon. Member in charge of the Bill, to call for the papers, and, after enquiry, to decide what steps should be taken in the matter. But that was a very different thing from requiring the Lieutenant-Governor to inquire into the merits of every case He thought the investigation and security which the Hon. Mover of the amendment desired would be met by placing the power of approval and sanction in the hands of such a high executive authority as the Commissioner of the Division

The HON. JOY PROKASH LALL'S amendments on section 16 were then severally put and negatived.

The HON. MR. MACAULAY moved that the words "with the approval of the Commissioner" be inserted after "shall" in line 9 of the same section.

The motion was put and agreed to.

The HON. JOY PROKASH LALL moved that sections 21 and 22, which formed Part II of the Bill and related to the regulation of private ferries and the tolls to be charged upon them, be omitted. He said that under the Permanent Settlement several ferries had been permanently settled with the zemindars, along with their estates, under the general denomination of *Julkur*. Over such ferries the zemindars exercised absolute rights. The provisions laid down in these sections would seriously interfere with the exercise of such rights, and the result would be an indirect infringement of the Permanent Settlement, and an unjust interference with the private rights of individuals. The Legislature had hitherto rigidly refrained from interfering with these private ferries, and it seemed to him that it would be impolitic to make any provision in the proposed law which would have the effect of trenching upon the rights of private individuals. He observed that these two sections had been borrowed from the North-West Ferry Act, but it should be borne in mind that, except in a few districts, there was no Permanent Settlement in those Provinces—a circumstance which made all the difference. If these two sections were allowed to remain as they were, the zemindars would inevitably be driven to the necessity of surrendering their rights in favour of Government at any sacrifice. It might be said that it was necessary for the executive authorities to look to the safety of passengers and their property at private ferries, and that it was desirable that the Divisional Commissioner should have the power of making rules for this purpose. But as under section 5 Government had the power of taking possession of a private ferry and declaring it to be public, subject to the payment of a fair compensation (section 16), he saw no necessity for enacting the objectionable provisions contained in Part II.

The HON. MR. MACAULAY said he thought an objection like this would have been more reasonably urged at an earlier stage of the Bill, because an amendment like this struck at the whole principle of the Bill. If in one part of the Act private ferries could be acquired on payment of compensation, there appeared to him to be no objection to regulate the management of private ferries in the interests of the public. If, in the interests of the public, it was necessary to take up private ferries on payment of compensation, it was surely right that the interests of the public should be protected as regards all private ferries. Section 21 only referred to the regulation of such ferries, not to the right of property in them.

The HON. JOY PROKASH LALL repeated that there was a great difference between the Lower Provinces of Bengal and the North-Western Provinces, because in the latter there was no Permanent Settlement except in a very few districts. By Regulation VI of 1819, section 13, it was provided that "the foregoing rules are intended to apply exclusively to those ferries which may be declared to be public ferries With regard to all other ferries, the Magistrates and Joint Magistrates shall not interfere with them further than may be necessary for the general maintenance of the police, and for the safety of passengers and property." He did not so much object to the provisions of section 21 of the Bill as to section 22, which provided that the tolls charged at private ferries should not exceed the highest rates for the time being fixed, under section 17, for similar public ferries. This would interfere with the profits derived from such ferries. He thought that, if the Government was dissatisfied with the rates of toll charged on any private ferry, they might declare it to be a public

ferry on payment of reasonable compensation, to which the owners would not object.

The HON. MR. MACAULAY said he was prepared to accept the proposal to omit section 22 of the Bill, if the Hon. Member was willing to withdraw his motion to strike out section 21.

The HON. JOY PROKASH LALL then by leave withdraw his motion to strike out section 21, and the motion to omit section 22 was put and agreed to.

The HON. JOY PROKASH LALL moved that the words "and any person in possession of a private ferry" after the words "as aforesaid" in line 2 of section 24 be omitted.

The motion was put and agreed to.

The HON. JOY PROKASH LALL moved that the words "within a reasonable time, to be fixed in a notice served on him by the Magistrate," be inserted after the words "such tolls" in line 5 of section 26. It seemed to him that it would be very hard to subject the lessee to the penalty of cancelment of his lease on his mere default to pay an instalment of his rent It would be fair to subject him to this penalty in the event of his failing to pay an instalment after a notice from the Magistrate.

The HON. MR. MACAULAY said the object of the section was to do away with a great administrative difficulty which had been felt owing to the continual surrendering of leases on default in payment of rent. The Magistrate on giving a lease fixed the times of payment, and MR. MACAULAY did not see the necessity for requiring the Magistrate to fix another time by notice served on the lessee; it would only have the effect of giving further time to the injury of the public revenue.

The motion was put and negatived.

The HON. JOY PROKASH LALL moved that the words "the Magistrate or Police" be substituted for the words "the toll collector or lessee of the toll of such ferry, or any of his assistants" in section 30. He said that this section vested the toll collector or lessee of a ferry and his assistants with the power of seizing and detaining any vessel, raft or timber, which might happen to pass or anchor at or near a public ferry, whenever the lessee or his men might find that the owner of such vessels or rafts were guilty of rash and negligent navigation. This seemed to be a very large power, and one which was likely to be abused by unscrupulous ferry farmers. It would afford them an opportunity of obstructing private navigation and of levying black-mail from the owners of such vessels or rafts. He did not think it would be prudent or safe to entrust the toll collectors with this power. He would therefore substitute the words "Magistrate or Police" for the words "toll collector or lessee, &c."

If this amendment did not meet with the approval of the Council, he would suggest that the power which this section conferred on the lessee in respect of the seizure and detention of vessels should be exercised only in the event of a police officer not being available; in which case the lessee might be authorized to detain vessels for a limited time, say six hours, in order to enable the lessee to procure the assistance of a police officer.

The HON. MR. MACAULAY said he objected to this amendment entirely, and he thought the grounds alleged in its support were erroneous. The Hon. Member must be aware that if the toll collector or the lessee committed an act of injustice, by unlawfully detaining property pending investigation into the charges made, he would be liable to an action for damages. It seemed to him that the alternative amendment proposed recognised the necessity for the section, inasmuch as there must be some power for the seizure and detention of property in such cases. He did not think that a period of six hours would in all cases be sufficient for obtaining the services of a police officer; if such an amendment was accepted, he thought the period should be enlarged. But he considered the proposed alternative amendment unnecessary.

The HON. JOY PROKASH LALL urged that some such provision was necessary, because the inquiry and assessment of damages provided for under section 32 might occupy many days, and during the whole of that time the valuable property seized would remain in the hands of the toll collector. He had no objection to the property remaining in the responsible custody of the Police

After some conversation, the HON. JOY PROKASH LALL withdrew the amendment of which he had given notice, and moved in lieu thereof that the following proviso be added to section 32:

"Provided that on security being given to the satisfaction of the Magistrate, such seizure shall be withdrawn."

HIS HONOR THE PRESIDENT remarked that it was very inconvenient to discuss alternative amendments of this kind, of which notice had not been given. The Hon. Member should have placed it on record that, in the event of his first amendment not being carried, some form of words should be adopted as an alternative.

The HON. JOY PROKASH LALL'S revised amendment was then put and negatived.

The HON. JOY PROKASH LALL moved that the following words be inserted after the first paragraph of section 32:—"The whole or any portion of the damages so assessed may be paid to the lessee by the Magistrate or Bench of Magistrates." He said that it seemed to him fair that, when a lessee sustained any damage or loss in consequence of rash or negligent navigation, he should receive the whole or a portion of the damages which might be assessed by the Magistrate. He would therefore propose to give the Magistrate a discretionary power on this point.

The HON. MR. MACAULAY said he could not recommend the Council to accept this amendment. The amendment amounted to this, that the Magistrate was to advance the amount of the assessed damages from the public funds, and, on behalf of the Government, he strongly objected to the public funds being so dealt with. The lessee must take his chance of getting what might be recovered from the person in fault.

The motion was put and negatived.

The HON. JOY PROKASH LALL moved that in line 7 of section 33 the words "either retain the same permanently on payment of a fair price to the proprietor or" after the word "may," be omitted, and that the words "paying such compensation for the use thereof as the Lieutenant-Governor may in each case direct" be inserted after the word "them" in line 9 of the same section. He said that it would be very hard to retain the vessel and other appliances permanently, if the owner did not like to part with his property. The Act of the Government of India did not contain such a provision, but at the same time it had a provision that payment of compensation for the use of the vessel and other appliances should be given as the Lieutenant-Governor might direct.

The HON MR. MACAULAY said that there was a certain amount of plausibility in this amendment, and at first sight he was inclined to consider it favourably. His hon. friend, Colonel Trevor, had, however, informed him that it was a well known fact that in all contracts for the execution of public works, on the surrender of the contract the person in possession was at liberty to take over all the contractor's plant at a fair value. Therefore, in providing that on the lessee of a ferry failing to conclude his lease, the Magistrate, or the District Board when the management of ferries was made over to those bodies under section 35, might take possession of all boats and other appliances which had been used by the lessee in the working of the ferry, the Council was only following the ordinary practice in contracts made by the Public Works Department.

The HON. MR. REYNOLDS said it seemed to him that the amendment would work very often to the disadvantage of the proprietor. Under the proposed amendment, it would be absolutely illegal for the Magistrate to take over the boats and appliances, even if the proprietor was willing to sell them. In the majority of cases the proprietor would no doubt be willing to sell them at a fair price; but the Hon Member would make it absolutely illegal for him to do so.

The motion was put and negatived.

The HON. MR. MACAULAY then moved that the Bill as amended be passed.

The motion was put and agreed to, and the Bill was then passed.

## LOCAL SELF-GOVERNMENT.

The HON. MR. MACAULAY said that before moving that the Bill as to extend the system of Local Self-Government be passed, he had one or two amendments of a formal character to propose. His first amendment was that the words

"such Chairman as aforesaid" be substituted for the words "a Chairman" in line 1, paragraph 2, of section 25. This amendment was proposed on the advice of his hon. freind the Advocate-General to prevent any ambiguity in regard to the necessity for a Local Board always electing a Chairman.

The motion was put and agreed to.

The Hon Mr. Macaulay also moved that in clause (2) of section 52 the words "or the Bengal Ferries Act, 1885" be omitted. He explained that, in the Bill which had just been passed, it was provided that the Lieutenant-Governor might make over *any* public ferry to a District Board, and all or any part of the proceeds of such ferry, and all or any part of the fines levied and compensation received under that Act in respect thereof. But the words used in section 52 of the Local Self-Government Bill assumed that *all* ferries would be made over to the District Board. Therefore the Bill just passed required the omission of the words which he now proposed to strike out from this section; otherwise there might be a conflict between the two laws.

The motion was put and agreed to.

## LOCAL SELF-GOVERNMENT.

The Hon. Mr. Macaulay moved that the Bill to provide for the extension of Local Self-Government in Bengal be passed. In doing so, he explained that, since the last meeting of the Council, two memorials which had been addressed to His Honor the Lieutenant-Governor had been printed and circulated to the members of this Council—one from the Parjoar Association in Dacca, and the other from the Tripura Hitashadini Shabha of Tipperah. These memorials really referred to the Bill as it was laid before the public by the Select Committee in which it was provided that districts not included in the third schedule should be excluded from the establishment of Local Boards in the sub-divisions of those districts. His Honor the President had since explained to the Council that at the instance of the Indian Association of Calcutta he decided to introduce an amendment in section 15 of the Bill, which would give the Lieutenant-Governor power at any time to admit any sub-division to the privileges given to the districts included in the schedule, although the district in which the sub-division was contained was not included in the schedule. A deputation of gentlemen from Burrisal having been admitted to an audience with the Lieutenant-Governor, had expressed themselves satisfied with the power which had thus been entrusted to the Government, and Mr. Macaulay had no doubt that the gentlemen connected with the memorial from Tipperah would be equally satisfied.

His Honor the President said:—Before putting the motion that this Bill be passed, I should like to say a few words with reference to the long consideration which we have given to these measures. They have been under the consideration of the Government now for something like three years, and they have been before the Council for nearly two years. I have taken the opportunity, upon a previous occasion, to explain to the Council the circumstances which have led to the delay in the passing of this Bill. The delay can, in no sense, be attributed to any indifference or apathy on the part of the Local Government or of the Government of India, but to circumstances connected with the long correspondence with the Secretary of State before the Bill came up for discussion before this Council. I should also think it matter for congratulation that it has not devolved upon us as an Executive Government to have to deal within the same year with two such large measures of reform as those which are included in the new Bengal Municipalities Act and the present measure, which is soon to became law, the Bill connected with Local Self-Government. The Act which relates to the administration of municipalities was passed about this time last year, and it has occupied the whole attention of the Government during the nine months which followed to arrange for all the details connected with elections and other things which were involved in the Act, so that it was only in the commencement of the present year that we could say that the Act relating to municipalities was actually in operation. We are glad to be able to note that, in the introduction of that Act, we have every reason to congratulate ourselves on its absolute success. So far as there were

doubts in relation to questions connected with the elections or other details involved in the Bill, the results of these elections throughout the country satisfy us that we were right in our view that the people would accept the measure with satisfaction, and that they would act up to the privileges which were given to them in a right and proper spirit.

We have now come to a much larger measure—a measure which deals with the internal administration of the country in various aspects. I know that there are several persons who still hold the opinion that our action is premature in this respect, and that it would have been wiser in a country like India to retain for a much longer time the system of direct and personal government. For myself, I must say that I have always held, consistently I think, that the time has come when, having regard to the education, culture, and experience which we have now given to the people in the administration of public affairs, we should take measures to secure their co-operation to some extent in district administration, and that there are no risks whatever in our doing so in the direction which our Bill has taken. If I have differed from those who think that the Bill does not go far enough, I do so on the grounds, which satisfy myself at least, that we are dealing with a new principle of administration, and not only so, but that we are dealing with men who are untried, and who are new to the application of those principles. And therefore, if you desire success, the best course in my judgment to secure that success is to advance tentatively and cautiously in the application of a measure like this. The Council are aware that we have extended the full privileges of the Bill to some sixteen districts of this large province of Bengal, and they will note, having regard to the names of those districts, that they apply chiefly to what I may call the metropolitan districts of the province, where we have good grounds for accepting the conclusion that education has done its work, and that we have a people ready to assume the powers and to discharge the duties which the Bill will place in their hands, and to that extent we have given the full privileges of the law to them. I have not thought it wise to go further, but it will be obvious to every one that, while we restrict by law the full privileges of the Bill to a certain limited number of districts, we do not thereby exclude from ourselves in our executive capacity the right to extend those privileges to sub-divisions and places to which, after conference with the local authorities and after taking local opinions and advice, we may think it justifiable to extend them. I think, therefore, that the Bill proceeds on a sound, practical, and safe basis. For the rest it remains for the people of the country themselves to show whether the limited concessions as to the area of the operation of the Bill shall be widened. The Bill is one of large potentialities, and has possibilities of great development; and while I for myself have no fear of the result, I am bound from my position to give this caution and warning to those to whom these powers are to be entrusted, that it is mainly to them we must look, and that they themselves are mainly responsible as to whether a measure of this character is to be generally extended throughout the country, and its full advantages secured in all parts of the province. There are provisions which refer to control, and I think it is the opinion of every one that, in introducing a new principle of administration, there should be restrictions of some kind. For myself, I hope that it may never be necessary to bring the provisions of that chapter of the Bill into operation. But in a new and tentative scheme it is certainly desirable to secure that the district officers and the Commissioners of divisions, and eventually the Government, should have in their hands the power to stay what might be dangerous, to urge on where there is apathy and indifference, and generally to take such action as will secure the right application and working of a measure of this kind. I commit it therefore to the country in the satisfaction that we have done our duty, both as members of this Council and as members of the Executive Government, but I look to the people to show, by their own diligence and intelligence and loyal fulfilment of the provisions of the law, that they are deserving of the privileges which we confer upon them, and that its extension to many other districts can be justified.

The motion was then put and agreed to, and the Bill was then passed.

The Council was adjourned *sine die*.

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

*o* overcast, d drizzling rain, p passing temporary showers, Δ dew, t thunder.

*N. B.*—In the weekly abstract from 29th March to 4th April 1885 read 29·751 inches instead of 29·71 as the mean pressure of 29th March

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL DURING THE MONTH OF MARCH 1885.

THE transition from the cold weather conditions to those of the hot season generally commences towards the end of February, so that the month of March in the Province of Bengal usually witnesses the complete establishment of the hot weather season. The area of maximum temperature in India is, in the cold weather months, situated in the south of the Peninsula, but with the increasing altitude of the sun during February and March, the seat or focus of maximum temperature gradually advances northwards, or perhaps in a north-westerly direction, till in March it usually occupies the central parts of the Deccan, and as the month advances towards the end, and in the beginning of April, maximum temperature is usually found in the Central Provinces and Central India and in parts of South West Bengal, Behar, and Chutia Nagpur.

At the same time there is a steady and generally rapid increase of temperature of the atmosphere of the whole of Northern India, and this accompanies or perhaps probably produces a corresponding reduction of atmospheric pressure. Pressure which is lowest during the cold weather months in the south of the Bay, where temperature is then highest, gradually gives way, and the seat of lowest pressure travels northwards till it occupies generally the Central Provinces and Chutia Nagpur thus to a certain extent following the seat of maximum temperature.

With the northerly advance of the area of low pressure, and with the increasing difference of temperature between the plains of Bengal and the sea area, caused by the unequal heating effects of the sun's rays on the land and sea surface, as explained in previous months' reports, the southerly and south-westerly winds, which are also to a certain extent moist winds, blowing over Bengal become stronger and more constant, and they penetrate over the greater part of the Province. At the same time, however, north-westerly and westerly winds still continue to blow from Upper India, and to influence a large part of Behar, though with the increasing temperature they become hot westerly winds. Easterly winds are also blowing down the Assam Valley, and their influence frequently extends as far west as Purneah and Durbhunga. Three converging systems of winds are thus present in Bengal, and by their interaction, or probably by the interaction of any two of them, it is believed the hot weather storms of Bengal, generally known as nor'-westers, are produced, though up to the present time our knowledge as to the formation and life history of these storms is very limited.

The normal features of the meteorology of March in Bengal are therefore rapidly increasing temperature, gradually decreasing pressure, a general increase in the air motion, great dryness of the air at the inland stations, and clear skies. These conditions are, however, as pointed out in the last paragraph, liable to be disturbed by the occurrence of storms which are generally local in character, and which give rise in many cases to rather heavy rain, though from the nature of the storms, the rainfall is unevenly distributed. By this irregular or spasmodic action a moderate amount of rain generelly falls in Bengal during the month. The average rainfall of the month is least in Behar, where it is little more than a third of an inch. In Chutia Nagpur and Orissa it is a little less than an inch. In North Bengal the average rainfall is a little more than an inch, though the districts in and near the hills receive larger amounts than the plains. South-West Bengal receives an average amount of an inch and a third, while East Bengal receives more than two and a half inches of rain.

The chief features in the meteorology of the past month have been—

1. Slight excess pressure in all districts.
2. Decidedly diminished temperature in Orissa, slightly diminished temperature in East Bengal, South Behar, and South-West Bengal, and very slight excess temperature in North Behar and Chutia Nagpur.
3. Comparative dryness of the air.
4. Comparative absence and slight intensity of hot weather storms.
5. Slight excess rainfall in South Behar and Chutia Nagpur, slightly defective rainfall in North Bengal, and rainfall considerably in defect in North Behar, Orissa, East Bengal, and South-West Bengal.

The detailed meteorology of the month does not call for much comment; slight areas of barometric depression have from time to time formed in the Central Provinces or in Chutia Nagpur and Behar, and have drifted across the Province, and as the result of these slightly disturbed conditions rain showers have occurred. The greater part of the rain has, however, accompanied the hot weather storms of the kind noted above, and which storms are probably induced by slightly disturbed conditions of the atmosphere.

Pressure was at the commencement of the month very considerably above the normal, the average excess for the first week over the whole Province amounting to 0·07″. The excess was most marked in Behar, where at Durbhunga it amounted to 0·111″, and least marked in Chutia Nagpur, where at Hazaribagh it equalled 0·047″. Pressure continued to oscillate as usual for the second week of the month, the downward oscillations being larger than the upward, and the excess pressure over the Province was reduced to 0·05″, the excess pressure being still most marked in Behar, and least marked in East Bengal. During the third week of the month the tendency was for the excess pressure slightly to increase, but during the last ten days of the month the downward movement of the barometer was tolerably continuous and fairly rapid, and the average pressure for the last week was only 0·014″ in excess. In this week, with the exception of East Bengal, which showed a slight excess pressure, all the other districts showed almost a normal pressure. The average pressure for the month has thus been decidedly above the normal in all districts. The excess over the whole Province has equalled 0·04″, and it has been fairly evenly distributed, the extreme variations being from 0·048″ in East Bengal to 0·037″ in Orissa.

Temperature at the commencement of the month was about 1° below the normal over the whole Province. There has been a steady increase of temperature throughout the whole month, and the average for the whole month has been, except in Orissa, not far removed from the normal. The mean temperature of Orissa for the month has been 2° in defect of the normal, in East Bengal and South Behar it has been nearly 1° below the normal, while in South-West Bengal, North Behar and Chutia Nagpur the actual average temperature has not differed from the normal temperature by more than a tenth of a degree.

The rapid increase of temperature which has taken place during the month is well illustrated in the table below, which gives the average daily maximum temperature of each of the seven meteorological divisions for each of the four weeks of the month.

*Mean Maximum temperature during March.*

| Meteorological Division. | Average of 1st week. | Average of 2nd week. | Average of 3rd week. | Average of 4th week. |
|---|---|---|---|---|
| Orissa ... ... ... ... | 86·0° | 88 5° | 90·5° | 90·7° |
| South-West Bengal ... ... ... | 86·6° | 89·1° | 93·1° | 93 9° |
| South Bengal ... ... ... .. | 85·6° | 87 6° | 87·9° | 89 2° |
| North Bengal ... ... ... .. | 84·8° | 87·9° | 92·0° | 93 4° |
| North Behar ... ... ... ... | 83·2° | 86·6° | 90·6° | 96·5° |
| South Behar ... .. ... ... | 83 2° | 87·5° | 92 0° | 96 9° |
| Chutia Nagpur ... ... ... ... | 81·8° | 81·5° | 86·7° | 90·8° |

Temperature has been very high at many stations during the past month, thus Midnapore has reported a maximum temperature of 107·4°; Cuttack, Burdwan, Raneegunge, Rampore Beauleah, Gya and Chaibassa registered temperatures of nearly 105°; while the following stations have all reported maximum temperatures above 100°:—Berhampore Serajgunge, Chupra, Dehree, Buxar, Arrah, Bankipore and Nya Doomka. Humidity, as stated before, has been below the normal, but by small amounts only. It has been below the normal in all districts, the average defect being 5 per cent., and the extreme variations being 8 per cent. in South-West Bengal and 2 per cent. in North Behar.

Rainfall has been confined to a few broken periods during the month only. There were a few showers on the 1st, 2nd and 3rd in South-West Bengal, East Bengal, North Bengal, Behar and Chutia Nagpur. On the 5th fairly general light rain fell in Behar and North Bengal A few showers fell on the 10th and 11th, particularly in Orissa, and from the 15th to the 17th rain showers again fell in several parts of the Province, and lastly from the 26th to the end of the month moderate amounts of rain fell in South-West Bengal, East Bengal and North Bengal. The average fall has been largest in East Bengal, which has received 1·6 inches, North Bengal and Chutia Nagpur have received about one inch, Orissa, South-West Bengal and South Behar have received about half an inch, while North Behar has received only a quarter of an inch. Compared with the normal amounts, South Behar has received 23 per cent. in excess, Chutia Nagpur 6 per cent. in excess, North Bengal 9 per cent. less than the normal fall, North Behar 24 per cent. below the normal, Orissa and East Bengal 36 per cent. in defect, while South-West Bengal is no less than 59 per cent. in defect.

The following table gives the summary of the temperature and rainfall data of each of the seven Meteorological Divisions of the Province for the month of March 1885:—

CALCUTTA, *the 15th April* 1885.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 10TH OF APRIL 1885.

THE main meteorological features of the week have been extremely high day temperatures together with rather rapid changes of atmospheric pressure. Towards the close of the week light rain showers fell in most districts, the rain having been produced by a slightly disturbed state of the atmosphere as evidenced by the rapid changes of atmospheric pressure which took place in the middle of the week. The rainfall was local and irregular in character, being principally brought by the usual class of hot weather storms, and the wind directions over the Province would appear to show that the storms were generated by the interaction of somewhat opposing wind currents.

Pressure was at the commencement of the week distinctly below the normal in all districts except Chutia Nagpur. During the first four days of the present week it fell generally at most stations, but on Wednesday, the 8th, pressure rose with great rapidity, the increase in some cases, as at Hazaribagh, being more than a quarter of an inch. This very rapid increase of pressure was also accompanied by the setting in of north-westerly winds over the Province. On the following day pressure again rose rapidly, and though very high over the whole Province, it was comparatively low in Central and Northern Bengal. On the last day of the week pressure fell rather rapidly again in most districts, but the pressure on this day was very considerably above the normal pressure for April. The average pressure for the week has, however, in most districts, except in Chutia Nagpur, been below the normal for the second week in April. The average defect over the whole Province has equalled about 0·02".

Temperature was particularly high at the commencement of the week, but, with the complete change of wind direction which occurred on the 8th instant, temperatures fell in most instances, and the close of the week was not so hot as the earlier portion. Except in Orissa and South Behar, temperatures have been very decidedly in excess, particularly in South-West Bengal, where the mean excess was about 2°. Very high maximum temperatures were registered at many stations during the week. Thus the average daily maximum temperature for the week at Midnapore has been nearly 105°, Cuttack and Burdwan have averaged nearly 103°, while Raniguuge, Rampore Beauleah, and Chaibassa have averaged 102°. The highest daily maximum temperature registered was at Midnapore, where on the 7th instant it was 110·4°; Cuttack, Balasore, Burdwan, Ranigunge, Berhampore, Rampore Beauleah, Nya Doomka, and Chaibassa registered temperatures between 106° and 110°, while the maximum temperature registered at Calcutta was 104·5° only.

The rainfall, as has been previously stated, has been confined to a few local and irregularly distributed showers. The local character of many of these showers is shown by the fact that on the 8th the Alipore Observatory reported a shower of 0·08 inch, while no rain was reported from the Alipore Jail. Orissa has received an average amount of 0·31 inch. Next to Orissa, East Bengal has received the largest amount, but even in this district the rainfall has only averaged two-tenths of an inch. North Bengal has received an average of one-tenth of an inch, while in all other districts the amounts are expressed in hundredths of an inch. The rainfall of the week has therefore been practically of very little importance.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 10th of April 1885:—

## MEMORANDA.

THE birth and death returns of the first class Municipalities in Bengal yield the following results for the week ending 28th March 1885 :—

1. The ratios per mille of births and deaths for the period above referred to stand at—births 25·0 and deaths 34·4; the corresponding figures of the preceding week ending 21st March being 26·3 and 32·7 respectively.

2. The highest proportions of births and deaths were returned from the following Municipalities :—

| *Births.* | Ratio per mille. | *Deaths.* | Ratio per mille. |
|---|---|---|---|
| Chupra ... ... ... | 51·8 | Hughli ... ... ... | 52·4 |
| Bhagulpore ... ... ... | 44·3 | Purneah ... ... ... | 52·0 |

| | | Patna ... ... ... | 32·1 |
| | | Poori ... ... ... | 31·5 |
| | | Durbhanga ... ... ... | 31·4 |

3. Mortality from the specific death-causes, mentioned in the table appended to this memoranda, compared with similar information for the preceding week, was as follows :—

| | Ratio per mille during weeks ending— | |
|---|---|---|
| | 28th March 1885. | 21st March 1885. |
| Cholera ... ... ... ... | 6·2 | 6·2 |

| Injury ... ... ... ... | ·6 | ·2 |
| Other causes ... ... ... ... | 7·7 | 8·4 |

The only noticeable fact disclosed by the above figures is that the death-rate from fever had risen sensibly.

4. Excluding injury, the mortality from which was nowhere high, the rest of the death-causes exhibited their greatest activity in the undermentioned Municipalities :—

* A special census of the Europeans in the Darjiling Municipality was recently taken as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the natives remains as before, as it was not necessary to ascertain them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "Age," the ratios under which have been omitted, inasmuch as the census of the Europeans above alluded to, cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

N. St.L. Carter,
*Traffic Manager.*

*General Remarks on the fluctuation of principal staples carried over the East Indian Railway during four weeks ending 21st February* 1885.

INCREASES.

*Salt*.—The increase under this head is accounted for by larger despatches to Patna, Behar, and Oudh from Howrah.

*Wheat*.—There has been a marked improvement in this staple due to a better demand at Calcutta for export.

*Piece-goods*.—This increase may be attributed to the very depressed state of the market in February 1884.

*Hides*.—Brisk demand and good prices in the Calcutta market are the reasons for the increase in this commodity.

*Opium*.—A larger outturn this season accounts for the increase in this staple.

*Lac*.—Due to better demand in the Home markets.

*Spices*.—This increase is assignable to ordinary fluctuation of trade.

*Minerals*.—The increase under this head was principally in lime despatched for the Gunduck Bridge and the Port of Calcutta.

DECREASES.

*Coal*.—The decrease in the upward coal is attributable to less demand from the foreign railways, and that in the downward traffic to less despatches to Howrah for the Eastern Bengal Railway and private sales.

*Cotton*.—No business could be done in this staple owing to high sea freights and holders of stock asking extreme prices; hence the decrease.

*Pulses and spring crops*.—The decrease in these staples is attributable to want of local demand.

*Rice (husked and unhusked)*.—This is also due to want of local demand.

*Seeds*.—This decrease is accounted for by the state of the Calcutta market, the transactions in linseed having been few and the quotations for rape were merely nominal, while the stocks of *til* seed were exhausted.

*Railway Materials, Foreign*.—Due to falling off in the despatches to State and other Railways which were under construction last year.

N. ST.L. CARTER, *Traffic Manager*.

TRAFFIC MANAGER'S OFFICE, JAMALPUR, *9th April* 1885.

COLMAN MACAULAY,
*Secy. to the Govt. of Bengal.*

NOTIFICATION.

*The 17th April* 1885.—Whereas a notification, dated the 4th February 1885, was published at pages 115 and 116, Part I of the *Calcutta Gazette* of the 18th February 1885, declaring the intention of the Lieutenant-Governor to confirm certain bye-laws framed by the District Road Committee of Monghyr under section 180 of the Cess Act IX (B.C.) of 1880 at a meeting, and whereas no objections have been raised to those bye-laws, it is hereby notified for general information that they are confirmed.

*Bye-laws.*

1. No person shall damage or encroach on any part of a district road, its slopes or side ditches, by taking earth therefrom, cultivating crops, placing a fence or other obstruction thereon or by constructing bunds for the reserving of water so as to abut thereon.

2. No person shall obstruct the drainage of any road by throwing rubbish, house refuse or sweepings into the side drains or by permitting any filth or refuse to flow therein.

3. No person shall cut or scrape grass from the slopes or side ditches of any district road or tether cattle in such a manner that they can stray upon such road or on the slopes or side ditches of any such road.

4. No person shall without the special permission of the Chairman or Vice-Chairman of the District Road Committee cut any part of a district or branch road for irrigation or other purposes.

5. No person shall destroy, damage, or remove any tree or any fence erected for the protection of any tree, or any post or fence whatsoever on any district road.

6. No person shall commit a nuisance on any road or on the slopes or side ditches of any road.

7. No person shall deposit or stack material of any kind on any portion of the crest or slope of a road so as to obstruct the traffic of the road or cause inconvenience to the public or injury to the road or waterways.

8. No person shall allow any elephant in his charge to pass over any road-bridge unless the same be of arched masonry.

9. No person shall obstruct a road by allowing any cart or cattle in his charge to remain stationary thereon without reasonable cause or for more than a reasonable time.

10. No elephant or camel shall be allowed to remain upon the road, but shall be at once removed therefrom by the person in charge of it upon the approach of any person riding or driving a horse, and before such person has come to within 100 yards of such elephant or camel.

11. Any person infringing any of the above bye-laws shall for every such offence be liable to a fine of Rs. 10, or, in the case of a continuing offence, to a fine of Rs. 2 for each day during which such offence is continued.

[Fifth Publication]

IRRIGATION.

*The 24th March* 1885.

*No.* 119.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes under sections 78, 79, 80, 81 and 99 of Act III (B.C) of 1876 to pass the following rules for carrying out the provisions of the said Act, with respect to the Sarun Canals. These rules will supersede those at present in force:—

1. In Notification No. 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun irrigation scheme:—

1. Roopun Chap Sota.
2. The head cut.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gandaki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. Gangri river and the water channels in continuation of or in connection with it.

These canals and rivers will hereinafter be referred to as the Sarun Canals.

2. No person shall take water from the Sarun Canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*)—For the construction of temporary dams in the canal beds.

(*b*)—For the irrigation of lands by flow or lift.

(*c*)—For the construction of village channels and distributaries leading from the canals for the irrigation of lands.

(*d*)—For water used for the purpose of any manufacture by any person other than a canal manager.

(*e*)—For the erection of fishing weirs or the use of fishing nets—(1) in the head cut; (2) in the new cuts from the Roopun Chap Sota to the Daha, Gandaki, Dhanai, and Gangri river beds; (3) in any other new cuts which may be made hereafter.

3. Government reserves at present its right to levy tolls for irrigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The revenue administration of the Sarun irrigation scheme is vested in the Collector, who is ex-officio head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division as canal officer is charged with the maintenance and management of the canals, but all orders passed by him under the Act or these rules are appealable to the Collector under whose general directions he will act. All orders relating to the canal revenue will usually be issued by the Collector (through the Executive Engineer or not, as the case may be), and all correspondence intended for the Collector in this department should be addressed to the Collector direct, or through the Executive Engineer, Mozufferpore, or the Assistant Engineer, Gopalgunge.

5. For administrative purposes, the Sarun district is divided into the sub-districts enumerated in the following rule, and shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following guarantors are, till further orders, appointed canal managers, and will, within the under-mentioned sub-districts, act as the agents of Government in managing the affairs of the canals.

| | | |
|---|---|---|
| Manager of the Arua concern for the time being. | | |
| Ditto | Bansapali | ditto. |
| Ditto | Bahrowli | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Harpur | ditto. |
| Ditto | Hatwa estates | ditto. |
| Ditto | Jogapur concern | ditto. |
| Ditto | Nowada | ditto. |
| Ditto | Rajapatti | ditto. |
| Ditto | Ramkola | ditto. |
| Ditto | Sadowa | ditto. |
| Ditto | Sitalpur | ditto. |

7. The more particular duties of a Canal Manager will be—

1*st.*—To receive applications and grant permits, printed in the prescribed form, for the use of water under sections 74, 75, and 77 of the Irrigation Act.

2*nd.*—Subject to the instructions of the canal officers to distribute, under the provisions of section 76, the water-supply allotted to his sub-district.

3*rd.*—To recover and credit to Government the water-rates.

4*th.*—To superintend and maintain such establishment as may be found necessary for the assessment and collection of water-rates within his sub-district.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims to remission under section 76 of Part VI should be referred to the canal officer or his assistant for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the canal officer or Collector for decision. All proceedings connected with the recovery of water-rates by distraint or other compulsory process will be undertaken by the Collector.

9. Any Manager desiring the construction of a temporary dam across the Roopan Chap Sota, or across the bed of the Daha, Gandaki, Dhanai, or Gangri rivers must prefer

a written application to the canal officer specifying the object of the work and the length of time for which it is required. It will be at the discretion of the canal officer to reject the application or to grant it on such conditions as he may think fit, one of the conditions being the power reserved to the canal officer of cutting the bund, if it should ever appear to him, in the public interests, necessary to do so

Provided, however, that no such dam shall be constructed without due provision being made, by means of a proper escape channel, for the supply to the guarantor or guarantors, on the same river below such dam, of the share of water to which he or they may be entitled under the decision of the canal officer.

10. Any person other than a Manager who may desire to construct a temporary dam across the bed of any of the rivers mentioned in the last rule must prefer his application to the Canal Manager in charge of the sub-district in which the site of the proposed dam lies. The latter will then forward the application with his remarks to the canal officer for orders.

11. Any person, whether he be a Canal Manager or not, who constructs a dam across any of the river beds referred to in Rule 9, without having first obtained the written permission of the canal officer, or who after the construction of an authorized dam, does or abets the doing of any act to impede the free flow of water through the escape channel provided for such dam, will be liable to prosecution under section 93, Act III (B.C.) of 1876, chapter XVII of the Indian Penal Code, or otherwise as may seem proper to the Collector.

12. With reference to Rule 7, paragraph 2 above, it will be competent to the Canal Manager, subject to the control of the canal officer, and on his own responsibility,* to allow the construction of such temporary dams in any of the village channels (subsidiary to the main river beds mentioned in Rule 9) within his sub-district, as he may consider necessary for the proper distribution of the water-supply allotted thereto.

* With reference to the possible damage to crops, &c.

13. If one or more of the riparian proprietors desire to have a permanent dam or regulator constructed in any channel or river bed, he or they shall present an application to that effect to the Collector, who will consult the Canal Manager and the canal officer as to the desirability of constructing such dam or regulator. Should its construction be deemed desirable, the Collector will cause plans and estimates to be prepared, and he shall also call upon the applicants to deposit the cost (including cost of establishment), or to give a guarantee securing its payment when required, and providing that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the balance will be made good by the applicant. The agreement will also provide for the dam or regulator being kept in proper repair, as well as for its being taken over by Government at a fair valuation, should this ever be considered expedient. The construction of such dam or regulator will be carried out by the canal officer, who shall also have power to stop all supplies of water if it is not subsequently maintained in proper repair.

14. Each application for a permanent dam or regulator will be considered on its own merits, and will only be granted on such conditions as the Collector in consultation with the Superintending Engineer shall consider fit.

15. A register will be kept of the owners of each permanent dam or regulator, and any person may at any time apply to the canal officer to be made a joint owner. The canal officer may either reject such application, or if he think fit, he may issue a notice upon the registered owner or owners, and after hearing any objection which the registered owner or owners may prefer against the admission of such applicant to be a joint owner, in either case he shall report fully to the Collector, who may confirm the original rejection of the application, or may direct that the applicant be registered as such joint owner, on payment to the registered owner or owners of such sums as may be fixed by him.

16. Persons desiring to irrigate their fields with canal water by flow or lift, must apply in person or by agent to the Canal Manager, whereupon the latter shall issue a permit in the prescribed form (Appendix B). The right to irrigate without extra charge extends up to the 31st of March following the date on which the permit was issued; provided, however, that under the operation of this rule one and the same crop be not assessed more than once. The rate charged shall not exceed Re. 1 per acre (or 12 annas per bigha), irrespective of the crops grown, except in special cases to be determined by Government.

17. Any person other than a Canal Manager desirous of taking water for the manufacture of indigo must apply for a permit to the Canal Manager, stating the estimated outturn, and undertaking that he will, on the 1st of October, declare the quantity he has manufactured. The charge will be at the rate of Rs. 2 per maund of indigo manufactured.

18. No person may allow water to run to waste, and no person other than a Canal Manager may use water for irrigation or for any other purpose without having first obtained a permit as required by the preceding two rules. Any person infringing this rule will, with the consent in writing of the Collector (but not otherwise), be charged double the ordinary rates for the water used without authority or wasted, and will in addition be liable on prosecution by the Collector or canal officer, to the penalty provided by section 93 of Act III (B. C.) of 1876, or by any other law under which his offence may come. The charge in such cases will, as a rule, be laid by the Canal Manager by the submission to the canal officer or Collector of an "Unauthorized Irrigation Certificate." (*See* Appendix C.)

19. The privileges of guarantors are as follows:—

(1) A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2) The right to use water for manufacturing purposes free of charge.

20. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the canal officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of any of the original guarantors. If the original guarantor (within whose sub-district the applicant's property or interest is situated) claims a reduction in his guarantee, and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be considered: otherwise the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interests be marked off to him, within which he shall exercise the rights and privileges now exercised in their sub-districts by the guarantors mentioned in paragraph 6 of these rules.

If the applicant's interest or property be not situated within any sub-district as specified in paragraph 6, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

21. The irrigation year will commence on the 1st April; and as soon as possible after the irrigation of any land has been completed or the manufacture of indigo [by a person other than the Canal Manager] has been concluded, the Canal Manager shall present the persons who used the water with bills for water-rates (in a form approved by Government) based upon the actual area irrigated or the outturn of indigo manufactured. If these bills are not paid [*a*] in the case of indigo manufacture within one month after presentation, [*b*] in the case of *rubbi* crops by the 1st March, [*c*] in the case of other crops within one month after the crop irrigated has been cut, the Canal Manager shall, without delay, submit a list of such unpaid bills to the Collector, who will put in force the powers vested in him for the recovery of the amount due in accordance with sections 83, 84, and 85 of the Indian Irrigation Act. Such list must be supported by the counterfoils of the bills (Appendix D) prepared by the Manager, as well as by his personal certificate, that he has satisfied himself of the justness of the claims; and in the case of unauthorized irrigation, by the "Unauthorized Irrigation Certificates" (Appendix C) required by Rule 18.

22. The sums thus recovered by the Collector will be placed in his (the Collector's) accounts to the credit of the Canal Manager as a set off against the amount due from him under his guarantee for the year during which such recoveries are made. The Canal Manager will be entitled to a commission of 20 per cent. on all recoveries (over and above the amount of his guarantee), made either by himself or by the Collector on lists submitted on or before the 31st March. Sums due on this account will not be shown by the Manager in his accounts, but will be paid to him by cheque after the adjustment by the Collector of the year's accounts. No percentage allowance will be granted to he Manager in respect of recoveries made by the Collector on lists submitted later than the 31st March, although the amount of such recoveries will, as stated above, be credited to him as an asset against the amount of his guarantee.

23. For water used by a Manager for the irrigation of his own lands, he will be charged at the ordinary rate of Re. 1 per acre (or 12 annas per bigha), and for sums due on this account he will not be entitled to any commission allowance.

24. It will be the duty of Canal Managers—

*1st.*—To see that all permits for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

*2nd.*—That copies of bills presented for payment be kept in the counterfoils supplied, for record.

*3rd.*—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

*4th.*—That for all cash received receipts be granted in the form supplied by the canal officer, which will be kept in counterfoil.

*5th.*—That all cash received be paid monthly into the sub-divisional or district treasury, and that the treasury receipts be filed with the cash-book as vouchers.

*6th*—To submit such returns as may be required from time to time by the Collector.

*7th.*—To afford every facility to the canal officer and Collector in their periodical inspection of the Canal Managers' office and accounts.

25. The amount yearly guaranteed by each Manager is payable in two equal instalments, viz. on the 30th of June and the 31st December of each year, and any arrear due on either of these dates will be deemed to be a demand under Act VII (B. C.) of 1880, and shall be recoverable by the processes prescribed by the above Act.

26. A yearly adjustment up to the 31st March will be made of each Manager's account as soon as possible after the close of the official year (31st March). For this purpose each Manager will, by the 15th April, submit to the Collector in duplicate a statement in form Appendix D, with the entries of the first 12 columns duly filled in. The Collector will supply the figures for the remaining columns, and return one copy to the Manager with a cheque for the sum payable on account of commission as shown in column 15, should no arrears from him be due. The Collector will also require the immediate deposit by the Manager of any arrears which may be shown to be due. Such arrears if not paid within one month after due notice to the Manager, will be recoverable under the Certificate Procedure Act (VII B.C. of 1880).

IRRIGATION.

*The 16th March* 1885.

*No.* 106.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (the Canals Act), to make the following alterations in the rules having reference to the undermentioned navigable channels:—

1. The river Bhagiruthee throughout its whole course, from the Ganges to Nuddea, or to its junction with the Hooghly.
2. The river Hooghly, from Nuddea to its junction with the river Matabhanga.
3. The river Jellinghee, from the Ganges to Nuddea.
4. The river Bhoyrub, from the Ganges to Nuddea.
5. The river Matabhanga from the Ganges to its junction with the Hooghly.
6. Such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagiruthee, the Bhyrub, the Jellinghee and the Matabhanga rivers, respectively, which were passed in Notification No. 175, dated the 30th July 1879, and published in Part I of the *Calcutta Gazette* of that date, pages 783 to 789.

For the 1st paragraph of rule II, substitute the following:—

The tonnage of every vessel shall for the purpose of the Canals Act, 1864, and of these rules be determined by the following measurements.

Add to rule II as clause (*d*):—In the case of steamers, the tonnage as determined by clauses *a*, *b* and *c* shall be reduced by one-half as an allowance for engine and cabin space.

Rules 3 and 4 will be abolished.

IRRIGATION.

*The 10th March* 1885.

*No.* 93.—*Notification.*—In the exercise of the powers conferred upon him by section 99 of Act III (B.C.) of 1876, the Hon'ble the Lieutenant-Governor proposes to cancel Nos. 43, 46, 47 and 48 of the rules for the Sone Canals, passed on the 31st August 1880, and republished under this Department Notification No. 148, dated the 20th June 1881, in pages 637-646, Part I of the *Calcutta Gazette* of 22nd June 1881. His Honour also proposes, under section 99 of Act III (B.C.) of 1876, to pass the following rules in substitution of rules 46, 47 and 48 referred to above:—

46. Objections to the demand shall be presented personally, or through the *lumbardar* to the Divisional or Sub-divisional Canal Officer within one month from the date of the publication of the *khationi* in the village.

47. If the Divisional Canal Officer reject the claim, he shall, if the petitioner so desire, give him a copy or extract of his order, and any appeal to the Collector under section 91, or to the Superintending Canal Officer in cases where that officer's decision is final, shall be accompanied by such copy or extract. Any such appeal shall be made within one month from the date on which the order was issued by the Divisional Canal Officer.

When an "objection" is presented in the first instance to a Sub-divisional Canal Officer, a copy of the order passed shall, on application, be given to the petitioner, and every "objection" presented to the Divisional Canal Officer shall be accompanied by such copy or by a statement that no previous "objection" has been presented to the Sub-divisional Canal Officer, or if such "objection" was presented, and the Sub-divisional Officer has omitted to pass any order, by a note of the date on which it was presented.

48. Objections, if orders have not been passed within 40 days from the date of their being filed in the office of the Divisional Canal Officer, may be presented direct to the Collector, if accompanied by a statement certifying the date on which they were so filed and that no order has been passed. The Collector shall then make such reference to the Divisional Canal Officer as may be necessary, and shall have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

Mymensingh Collectorate, the 7th March 1885. E. G. GLAZIER, Collector.

NOTICE is hereby given that the proprietary rights of Government, as specified in the conditions of sale below, to the undermentioned estates, situate in the district of Bhagulpore, thana Bejay, pergunnah Chyee, will be put up to sale at the Bhagulpore Collectorate on Tuesday, the 28th April 1885, corresponding with 29th Baisakh 1292 F.S.

The purchasers will be subject to the following conditions of sale:—

*Conditions of Sale.*

1*st.*—The estates to be sold revenue-free to the highest bidder above the upset price.

The purchasers of these estates will be considered as the proprietors of these estates, and the entire proprietary rights of Government in such estates will be transferred to them.

2*nd.*—The sale to be subject to existing leases and to the rights conferred by the settlement proceedings and by the laws in force, and purchasers to be bound to respect the rights of resident cultivators who have signed the schedule of assessment prepared by the revenue authorities.

3*rd.*—If the amount of purchase money exceed Rs. 100, one-fourth of the amount bid to be immediately deposited. If balance be not paid by noon of the 15th day after the sale, reckoning the day of sale as one, or if that day be a close holiday, then by noon of the first succeeding office day, the sale to be cancelled (the sum deposited being forfeited to Government) and the estate to be again put up to sale at the risk of the defaulting purchaser after issue of advertisement as in the case of original sale.

## LIBERALITY OF BABOOS ISHUR PROSAD GORGA, JYOTI PROSAD GORGA, AND RAM PROSAD GORGA.

GENERAL DEPARTMENT.—EDUCATION.

*Darjeeling, the 18th April 1885.*

RESOLUTION.

READ—

A memorandum from the Commissioner of the Burdwan Division, No. 66, dated the 25th February 1885, and its annexure, on the subject of an offer made by the proprietors of the Maisadul Estate, in the district of Midnapore, to start a technical school for teaching Carpentry, Blacksmith's work, &c., in connection with the Midnapore Hardinge School.

Read also—

A letter from the Director of Public Instruction, No. 1955, dated the 19th March 1885, on the same subject.

The proposal to establish a branch for technical education in connection with the Midnapore Hardinge School had engaged the attention of the School authorities; but it was found that Rs. 700 were required for the erection of a shed and the purchase of the necessary tools, &c., and that a guaranteed monthly subscription of not less than Rs. 70 was also necessary for the first year. After the school had passed the initial stage, it was hoped that it would prove partly self-supporting.

The difficulties in the way of starting the technical branch of this school have now been obviated by the liberality of Baboos Ishur Prosad Gorga, Jyoti Prosad Gorga, and Ram Prosad Gorga, the proprietors of the Maisadul Estate, who have now liberally offered a donation of Rs. 500 in furtherance of the objects in view. They have further promised to endow the school with a sum of Rs. 5,000.

2. In accepting the liberal offer, the Lieutenant-Governor desires that the thanks of Government may be conveyed to Baboos Ishur Prosad Gorga, Jyoti Prosad Gorga, and Ram Prosad Gorga, for their liberality and public spirit in the cause of education.

ORDERED that the Fund thus established be designated the "Maisadul Technical School Fund," and that the Magistrate of Midnapore be appointed the administrator of the Fund.

By order of the Lieutenant-Governor of Bengal,

A. P. MACDONNELL,

*Secretary to the Government of Bengal.*

period for the past ten years. The variations are *negatives* when the mean for the week is less than the corresponding normal mean, and *positive* when greater by 10. The number denoting cloud amount represents the part of the sky covered, the whole sky being denoted by 10. Under the head "District" observational stations for the period in question during the past 12 years. The means for the "district" are the numerical averages of the rainfall returns received day is one on which at least an hundredth of an inch fell.

CALCUTTA, *the 20th April* 1885.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 17TH OF APRIL 1885.

THE principal features in the meteorology of the past week have again been steadily reducing pressure and increasing temperature over the greater part of the Province, the increase in the temperature being, however, more decided in the night temperatures than in those of the day. Over the greater part of the Province no changes of weather conditions which call for notice have occurred. In East Bengal small local storms have happened rather frequently during the week, though, as a rule, the storms have been feeble in character. In North Bengal, too, on the 14th, a few local storms with rain occurred, but elsewhere the atmosphere has been practically free from any unusual disturbance.

Pressure, which was during the previous week below the normal in all districts except Chutia Nagpur, has now fallen below the normal in all districts. Pressure decreased generally for five out of the seven days, and the average defect for the week has been equal to 0·024″.. The area of greatest defect has now been transferred to South-West Bengal, where pressure is 0·035″ below the normal.

Temperature has generally increased during the week, and it has been above the normal in South-West Bengal, Chutia Nagpur and North Behar, though it has been below the normal in South Behar, Orissa, and East Bengal. Very high maximum temperatures have again been reported during the week; the highest temperature recorded has been 109·4° at Midnapore on the 15th. Calcutta (Alipore Observatory) also registered the extremely high maximum temperature of 105·5° on the 15th, and it is noticeable that this is a higher temperature than has been recorded at Calcutta during the past ten years, the only temperature nearly approaching it having been 105·3° on the 10th of May 1879.

Rainfall, as stated above, has been almost entirely absent over the whole Province except in East Bengal and at a few stations in North Bengal. South-West Bengal, North Behar South Behar and Chutia Nagpur have been absolutely rainless. Light rain fell at one station only (Chandbali) in Orissa; the average rainfall for the week over the whole of North Bengal amounts to 0·09 inch, while in East Bengal the rainfall has averaged 0·72 inch. It is therefore scarcely necessary to add that, with the exception of East Bengal, the rainfall in all districts during the past week has been largely in defect.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 17th of April 1885:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

## MEMORANDA ON THE MORTUARY STATISTICS OF THE DISTRICTS IN BENGAL FOR THE MONTH OF FEBRUARY 1885.

During the above mentioned month, the deaths of 96,481 persons were reported to have occurred in the districts in Bengal, among a population of 66,163,884, representing a death-rate of 17·40 per 1,000 per annum, against 19·68 per 1,000 in the preceding month, and 17·04 per 1,000 in the corresponding month of the past year, indicating, as compared with the outcome of the preceding month, a considerable falling off in the record of the events.

2. The highest casualty-rates were returned from the undermentioned districts :—

| *Districts.* | Ratio per mille. | *Districts.* | Ratio per mille. |
|---|---|---|---|

3. The following table indicates that, as compared with the results of the corresponding month of the preceding year, there was an accession in the death-rate from cholera, the fatal results from the other diseases exhibiting only fractional variations, excepting fever, bowel-complaints, and injury, the death-rates from which remained stationary :—

* A special census of the Europeans in the Darjiling Municipality was recently taken as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the native remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuchas the census of the Europeans above alluded to, cannot be employed as a basis of calculation owing to the results of the census under this head not having been recorded under the authorized form of age classification.

INCREASE. Tons.

Sundries ... ... ... ... ... ... ... ... ... 56

This increase is due to larger quantities of telegraph materials brought for the construction of the telegraph line between Azimgunge and Berhampore.

Revenue stores ... ... ... ... ... ... ... 39

This increase is due to revenue stores being carried by ordinary trains.

DECREASE.

Edible grains ... ... ... ... ... ... ... ... 71

This decrease is due to partial failure of paddy crops for want of rain, as well as that of pulse (*kalai*) which was damaged by sudden rise of the Ganges.

Sugar and Jaggree ... ... ... ... ... ... ... 15

This decrease is due to previous stock not being exhausted.

Cotton ... ... ... ... ... ... ... ... 14

This decrease is due to previous stock not being exhausted.

Seeds of all sorts ... ... ... ... ... ... ... 93

This decrease is due to carriage by boat this year.

Coal ... ... ... ... ... ... ... ... 101

This decrease is due to a large quantity having been brought in during last month.

Salt ... ... ... ... ... ... ... ... 47

This decrease is due to carriage of salt this year by river.

Jute ... ... ... ... ... ... ... ... 83

This decrease is due to carriage of jute this year by river.

## NOTICE TO MARINERS.—(No. 22.)

### BAY OF BENGAL.

### BURMA COAST—ARAKAN.

*Fixed light on Oyster Island, Akyab.*

WITH reference to Notice to Mariners, No. 25 of 22nd May 1884, the Superintendent of Lighthouses, Rangoon, has given notice that a *temporary* light is now exhibited from a lighthouse recently erected on the centre of Oyster Island, off the entrance to the Myou River, in order to render safe the western and northern approaches to Akyab harbour, in consequence of the Oyster Reef lighthouse having been destroyed by a cyclone in May 1884.

The light is a *fixed white* light, elevated 75 feet above the level of high-water, and in clear weather should be seen from a distance of 10 miles.

The illuminating apparatus is *dioptric*, or by lenses of the *fifth* order.

The lighthouse, constructed of *wood*, is situated on the centre of the island.

The Oyster island, which is very low and of small extent, has a little jungle grass growing on its summit, and is reported to be visible from a distance of 5 to 6 miles. It lies 8½ miles N. W. ½ N. from the Oyster Reef (the site of the old lighthouse) and about 10 to 11 miles off the nearest shore, and is surrounded with dangers, especially off its S. E. end, where shoal water extends for a distance of some 3 miles.

Position as given :—Latitude 20° 12′ N.; longitud 92° 33′ E

NOTE.—A *blue* light is shown, from a wooden staging 24 feet high, every half-hour between sunset and sunrise.

*Caution.*—Vessels approaching from the Southward and Westward should not shoal into less than 15 fathoms, and great care and attention therefore is necessary when making the light in thick or squally weather, owing to the weak power of the light, as also to the great danger of Oyster Reef. Masters of vessels are hereby warned to make certain of their position before standing in towards the island, and then, with the lead going, should not approach within a depth of 20 fathoms, unless the light is sighted.

## PUBLIC WORKS DEPARTMENT.—BENGAL.

IRRIGATION.

*The 27th April* 1885.

*No.* 162.—*Notification.*—With reference to this department Notification No. 114, dated the 24th March 1885, which was published in the *Calcutta Gazette* of the dates noted in the margin, and in the exercise of the powers conferred on him by sections 78 and 99 of Act III (B.C.) of 1876, the Lieutenant-Governor is pleased to substitute the words "the 1st of April 1886" for the words "the 1st April 1885" in Rule 5 passed for the Orissa Canals in this Department Notification No. 118, published at pages 427-28, Part I of the *Calcutta Gazette* for the 5th March 1884.

The 25th March and 1st, 8th, 15th and 22nd April 1885.

The aforesaid rule now stands as follows:—

*Rule* 5.—The rates chargeable per acre for the different descriptions of crops have been fixed, in the case of leases entered into before the 1st of April 1886, as follows:—

| *For the rice crop.* | *Flow.* Rs. A. P. | *Lift.* Rs. A. P. |
|---|---|---|
| 1. For the whole irrigable or rice cultivated area of any village, if application is made for a lease for five years .. ... ... | 1 8 0 | 1 0 0 |

*No.* 163.—*Notification.*—With reference to this department Notification No. 93, dated the 9th March 1885, which was published in the *Calcutta Gazette* of the dates noted in the margin, and in the exercise of the powers conferred upon him by section 99 of Act III (B.C.) of 1876, the Lieutenant-Governor is pleased to cancel Nos. 43, 46, 47 and 48 of the Rules for the Sone Canals, passed on the 31st August 1880, and republished under this Department Notification No. 148, dated the 20th June 1881, at pages 637-646, Part I of the *Calcutta Gazette* of 22nd June 1881, and to pass the following rules in substitution of rules 46, 47 and 48 referred to above:—

The 11th, 18th and 25th March and 1st, 8th and 15th April 1885.

46. Objections to the demand shall be presented personally, or through the *lumbardar*, to the Divisional or Sub-Divisional Canal Officer within one month from the date of the publication of the *khationi* in the village.

47. If the Divisional Canal Officer reject the claim, he shall, if the petitioner so desire, give him a copy or extract of his order, and any appeal to the Collector under section 91, or to the Superintending Canal Officer in cases where that officer's decision is final, shall be accompanied by such copy or extract. Any such appeal shall be made within one month from the date on which the order was issued by the Divisional Canal Officer.

When an "objection" is presented in the first instance to a Sub-Divisional Canal Officer, a copy of the order passed shall, on application, be given to the petitioner, and every "objection" presented to the Divisional Canal Officer shall be accompanied by such copy or by a statement that no previous "objection" has been presented to the Sub-Divisional Canal Officer, or if such "objection" was presented, and the Sub-Divisional Officer has omitted to pass any order, by a note of the date on which it was presented.

48. Objections, if orders have not been passed within 40 days from the date of their being filed in the office of the Divisional Canal Officer, may be presented direct to the Collector, if accompanied by a statement certifying the date on which they were so filed and that no order has been passed. The Collector shall then make such reference to the Divisional Canal Officer as may be necessary, and shall have discretion to suspend collections by a written order in cases where it may seem advisable to do so.

*Joint-Secy. to the Govt. of Bengal, P. W. Dept.*

[Sixth Publication.]

IRRIGATION.

*The 24th March* 1885.

*No.* 119.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes under sections 78, 79, 80, 81 and 99 of Act III (B.C) of 1876 to pass the following rules for carrying out the provisions of the said Act, with respect to the Sarun Canals. These rules will supersede those at present in force :—

1. In Notification No. 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun irrigation scheme :—

1. Roopun Chap Sota.
2. The head cut.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gandaki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. Gangri river and the water channels in continuation of or in connection with it.

These canals and rivers will hereinafter be referred to as the Sarun Canals.

2. No person shall take water from the Sarun Canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*)—For the construction of temporary dams in the canal beds.

(*b*)—For the irrigation of lands by flow or lift.

(*c*)—For the construction of village channels and distributaries leading from the canals for the irrigation of lands.

(*d*)—For water used for the purpose of any manufacture by any person other than a canal manager.

(*e*)—For the erection of fishing weirs or the use of fishing nets—(1) in the head cut ; (2) in the new cuts from the Roopun Chap Sota to the Daha, Gandaki, Dhanai, and Gangri river beds ; (3) in any other new cuts which may be made hereafter.

3. Government reserves at present its right to levy tolls for irrigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The revenue administration of the Sarun irrigation scheme is vested in the Collector, who is ex-officio head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division as canal officer is charged with the maintenance and management of the canals, but all orders passed by him under the Act or these rules are appealable to the Collector, under whose general directions he will act. All orders relating to the canal revenue will usually be issued by the Collector (through the Executive Engineer or not, as the case may be), and all correspondence intended for the Collector in this department should be addressed to the Collector direct, or through the Executive Engineer, Mozufferpore, or the Assistant Engineer, Gopalgunge.

5. For administrative purposes, the Sarun district is divided into the sub-districts enumerated in the following rule, and shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following guarantors are, till further orders, appointed canal managers, and will, within the under-mentioned sub-districts, act as the agents of Government in managing the affairs of the canals.

| | | |
|---|---|---|
| Manager of the Arua concern for the time being. | | |
| Ditto | Bansapali | ditto. |
| Ditto | Bahrowli | ditto. |
| Ditto | Burhoga | ditto. |
| Ditto | Harpur | ditto. |
| Ditto | Hatwa estates | ditto. |
| Ditto | Jogapur concern | ditto. |
| Ditto | Nowada | ditto. |
| Ditto | Rajapatti | ditto. |
| Ditto | Ramkola | ditto. |
| Ditto | Sadowa | ditto. |
| Ditto | Sitalpur | ditto. |

7. The more particular duties of a Canal Manager will be—

1*st.*—To receive applications and grant permits, printed in the prescribed form, for the use of water under sections 74, 75, and 77 of the Irrigation Act.

2*nd.*—Subject to the instructions of the canal officers to distribute, under the provisions of section 76, the water-supply allotted to his sub-district.

3*rd.*—To recover and credit to Government the water-rates.

4*th.*—To superintend and maintain such establishment as may be found necessary for the assessment and collection of water-rates within his sub-district.

8. Canal Managers have no power under Parts III, IV, and V of the Act ; and all claims to remission under section 76 of Part VI should be referred to the canal officer or his assistant for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the canal officer or Collector for decision. All proceedings connected with the recovery of water-rates by distraint or other compulsory process will be undertaken by the Collector.

9. Any Manager desiring the construction of a temporary dam across the Roopan Chap Sota, or across the bed of the Daha, Gandaki, Dhanai, or Gangri rivers must prefer

a written application to the canal officer specifying the object of the work and the length of time for which it is required. It will be at the discretion of the canal officer to reject the application or to grant it on such conditions as he may think fit, one of the conditions being the power reserved to the canal officer of cutting the bund, if it should ever appear to him, in the public interests, necessary to do so

Provided, however, that no such dam shall be constructed without due provision being made, by means of a proper escape channel, for the supply to the guarantor or guarantors, on the same river below such dam, of the share of water to which he or they may be entitled under the decision of the canal officer.

10. Any person other than a Manager who may desire to construct a temporary dam across the bed of any of the rivers mentioned in the last rule must prefer his application to the Canal Manager in charge of the sub-district in which the site of the proposed dam lies. The latter will then forward the application with his remarks to the canal officer for orders.

11. Any person, whether he be a Canal Manager or not, who constructs a dam across any of the river beds referred to in Rule 9, without having first obtained the written permission of the canal officer, or who after the construction of an authorized dam, does or abets the doing of any act to impede the free flow of water through the escape channel provided for such dam, will be liable to prosecution under section 93, Act III (B.C.) of 1876, chapter XVII of the Indian Penal Code, or otherwise as may seem proper to the Collector.

12. With reference to Rule 7, paragraph 2 above, it will be competent to the Canal Manager, subject to the control of the canal officer, and on his own responsibility,* to allow the construction of such temporary dams in any of the village channels (subsidiary to the main river beds mentioned in Rule 9) within his sub-district, as he may consider necessary for the proper distribution of the water-supply allotted thereto.

* With reference to the possible damage to crops, &c.

13. If one or more of the riparian proprietors desire to have a permanent dam or regulator constructed in any channel or river bed, he or they shall present an application to that effect to the Collector, who will consult the Canal Manager and the canal officer as to the desirability of constructing such dam or regulator. Should its construction be deemed desirable, the Collector will cause plans and estimates to be prepared, and he shall also call upon the applicants to deposit the cost (including cost of establishment), or to give a guarantee securing its payment when required, and providing that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the balance will be made good by the applicant. The agreement will also provide for the dam or regulator being kept in proper repair, as well as for its being taken over by Government at a fair valuation, should this ever be considered expedient. The construction of such dam or regulator will be carried out by the canal officer, who shall also have power to stop all supplies of water if it is not subsequently maintained in proper repair.

14. Each application for a permanent dam or regulator will be considered on its own merits, and will only be granted on such conditions as the Collector in consultation with the Superintending Engineer shall consider fit.

15. A register will be kept of the owners of each permanent dam or regulator, and any person may at any time apply to the canal officer to be made a joint owner. The canal officer may either reject such application, or if he think fit, he may issue a notice upon the registered owner or owners, and after hearing any objection which the registered owner or owners may prefer against the admission of such applicant to be a joint owner, in either case he shall report fully to the Collector, who may confirm the original rejection of the application, or may direct that the applicant be registered as such joint owner, on payment to the registered owner or owners of such sums as may be fixed by him.

16. Persons desiring to irrigate their fields with canal water by flow or lift, must apply in person or by agent to the Canal Manager, whereupon the latter shall issue a permit in the prescribed form (Appendix B). The right to irrigate without extra charge extends up to the 31st of March following the date on which the permit was issued; provided, however, that under the operation of this rule one and the same crop be not assessed more than once. The rate charged shall not exceed Re. 1 per acre (or 12 annas per bigha), irrespective of the crops grown, except in special cases to be determined by Government.

17. Any person other than a Canal Manager desirous of taking water for the manufacture of indigo must apply for a permit to the Canal Manager, stating the estimated outturn, and undertaking that he will, on the 1st of October, declare the quantity he has manufactured. The charge will be at the rate of Rs. 2 per maund of indigo manufactured.

18. No person may allow water to run to waste, and no person other than a Canal Manager may use water for irrigation or for any other purpose without having first obtained a permit as required by the preceding two rules. Any person infringing this rule will, with the consent in writing of the Collector (but not otherwise), be charged double the ordinary rates for the water used without authority or wasted, and will in addition be liable on prosecution by the Collector or canal officer, to the penalty provided by section 93 of Act III (B. C.) of 1876, or by any other law under which his offence may come. The charge in such cases will, as a rule, be laid by the Canal Manager by the submission to the canal officer or Collector of an "Unauthorized Irrigation Certificate." (*See* Appendix C.)

19. The privileges of guarantors are as follows:—

(1)—A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2)—The right to use water for manufacturing purposes free of charge.

20. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the canal officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of any of the original guarantors. If the original guarantor (within whose sub-district the applicant's property or interest is situated) claims a reduction in his guarantee, and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be considered: otherwise the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interests be marked off to him, within which he shall exercise the rights and privileges now exercised in their sub-districts by the guarantors mentioned in paragraph 6 of these rules.

If the applicant's interest or property be not situated within any sub-district as specified in paragraph 6, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

21. The irrigation year will commence on the 1st April; and as soon as possible after the irrigation of any land has been completed or the manufacture of indigo [by a person other than the Canal Manager] has been concluded, the Canal Manager shall present the persons who used the water with bills for water-rates (in a form approved by Government) based upon the actual area irrigated or the outturn of indigo manufactured. If these bills are not paid [*a*] in the case of indigo manufacture within one month after presentation, [*b*] in the case of *rubbi* crops by the 1st March, [*c*] in the case of other crops within one month after the crop irrigated has been cut, the Canal Manager shall, without delay, submit a list of such unpaid bills to the Collector, who will put in force the powers vested in him for the recovery of the amount due in accordance with sections 83, 84, and 85 of the Indian Irrigation Act. Such list must be supported by the counterfoils of the bills (Appendix D) prepared by the Manager, as well as by his personal certificate, that he has satisfied himself of the justness of the claims; and in the case of unauthorized irrigation, by the "Unauthorized Irrigation Certificates" (Appendix C) required by Rule 18.

22. The sums, thus recovered by the Collector will be placed in his (the Collector's) accounts to the credit of the Canal Manager as a set off against the amount due from him under his guarantee for the year during which such recoveries are made. The Canal Manager will be entitled to a commission of 20 per cent. on all recoveries (over and above the amount of his guarantee), made either by himself or by the Collector on lists submitted on or before the 31st March. Sums due on this account will not be shown by the Manager in his accounts, but will be paid to him by cheque after the adjustment by the Collector of the year's accounts. No percentage allowance will be granted to the Manager in respect of recoveries made by the Collector on lists submitted later than the 31st March, although the amount of such recoveries will, as stated above, be credited to him as an asset against the amount of his guarantee.

23. For water used by a Manager for the irrigation of his own lands, he will be charged at the ordinary rate of Re. 1 per acre (or 12 annas per bigha), and for sums due on this account he will not be entitled to any commission allowance.

24. It will be the duty of Canal Managers—

*1st.*—To see that all permits for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

*2nd.*—That copies of bills presented for payment be kept in the counterfoils supplied, for record

*3rd.*—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

*4th.*—That for all cash received receipts be granted in the form supplied by the canal officer, which will be kept in counterfoil.

*5th.*—That all cash received be paid monthly into the sub-divisional or district treasury, and that the treasury receipts be filed with the cash-book as vouchers.

*6th.*—To submit such returns as may be required from time to time by the Collector.

*7th.*—To afford every facility to the canal officer and Collector in their periodical inspection of the Canal Managers' office and accounts.

25. The amount yearly guaranteed by each Manager is payable in two equal instalments, viz. on the 30th of June and the 31st December of each year, and any arrear due on either of these dates will be deemed to be a demand under Act VII (B. C.) of 1880, and shall be recoverable by the processes prescribed by the above Act.

26. A yearly adjustment up to the 31st March will be made of each Manager's account as soon as possible after the close of the official year (31st March). For this purpose each Manager will, by the 15th April, submit to the Collector in duplicate a statement in form Appendix D, with the entries of the first 12 columns duly filled in. The Collector will supply the figures for the remaining columns, and return one copy to the Manager with a cheque for the sum payable on account of commission as shown in column 15, should no arrears from him be due. The Collector will also require the immediate deposit by the Manager of any arrears which may be shown to be due. Such arrears if not paid within one month after due notice to the Manager, will be recoverable under the Certificate Procedure Act (VII B.C. of 1880).

---

THE Calcutta Medical College Session 1884-85 will commence on the 23rd June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before that date.

2. Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination

3. No person shall be enrolled as matriculated students of the College who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examination of the United Kingdom recognized by the British General Medical Council.

4. All matriculated students of the College are required to pay Rs. 15 on entrance, Rs 30 for the summer session on the 23rd June, and Rs. 30 for the winter session on 1st November of each year.

5. Students who have failed to pass their final examination and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the summer and winter sessions respectively.

6. Any matriculated student of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

| | Rs. |
|---|---|
| For a single course of lectures on each subject ... | ... 40 |
| For six months' attendance in each department of hospital practice | ... 60 |

7. Any matriculated student who leaves the College before completing his University course with the object of continuing his studies at a Medical School in Europe may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a matriculated student of the College who may be desirous of attending any course of lectures or any department of hospital practice may do so with the permission of the Principal and Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subjects taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of Honour are open for competition only to matriculated students of the College Hospital apprentice class and Female Cerrtificate class.

10. No fees are payable by the holders of the Calcutta Medical College scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a matriculated student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized Medical School in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

No. 454.

RESOLUTION—By the Government of India, Department of Finance and Commerce.

Read—

Notification in this Department, No. 378, dated 18th January 1884, laying down rules for the payment of interest on Government Promissory Notes at Mofussil Treasuries.

Read also—

Letter from the Comptroller and Auditor General, No. 49D, dated 10th April 1885.

RESOLUTION.—In accordance with the suggestion contained in the Comptroller and Auditor General's letter, the Governor-General in Council directs the publication of the following clause as an *addendum* to the notification of January 1884:—

An exception is made in favour of the chain of endorsements beginning with the Account Officer, in whose custody notes are held under Chapter XI (Trust Securities) or Chapter XIX (Savings Bank Securities) of the Civil Account Code and ending with the person on whose account the securities were held, or to whom they are returned. The Treasury Officer may admit endorsements which are manifestly the record of a transaction of this character.

ORDER.—Ordered that the Resolution be published in the *Gazette of India*, and that a copy of it be sent to the Comptroller and Auditor General for information.

"We certify that, after a perusal of the records of *A.B.'s* service and of the report of his immediate superior during the last 12 months of his service, we are satisfied that he is permanently incapacitated for the duties of a signaller in the Telegraph Department."

Form (2).

"After a careful consideration of *A.B.'s* case, I concur with ——— in thinking that he is permanently incapacitated for the duties of a signaller in the Telegraph Department, and accordingly recommend that he may be permitted to retire on the pension or gratuity for which he may be found eligible."

[NOTE —The practice enjoined in section 108, note 3, of re-employing pensioners should be carefully followed as far as practicable in these cases.]

"*Exception.*—Signallers in the Telegraph Department, permitted to retire under section 107 (*e*), may be granted a pension or gratuity of only four-fifths of the amount that would be admissible for a man permanently unfit for any duty."

### PUBLIC WORKS DEPARTMENT,—BENGAL.

### DISTRICT ROAD FUND.

NOTIFICATION, No. 164.

*The 27th April* 1885.

THE following annual accounts and reports of the Road Cess Committees of the districts of Monghyr, Bhagulpore, Purneah, Maldah and Sonthal Pergunnahs for the cess year 1883-84, together with the remarks thereon of the Commissioner of the Bhagulpore Division and Sonthal Pergunnahs, are published for general information.

G. F. E. S. NEILL, *Major*, M.S.C.,

*Under-Secy. to the Govt. of Bengal, P. W. Dept.*

No. 131, dated Monghyr, the 27th January 1885.

From—H. KEAN, Esq., Chairman, District Road Committee, Monghyr,

To—The Commissioner of Bhagulpore.

I HAVE the honour to submit the Road Cess annual report and accounts for the past year 1883-84.

2. A tabular statement showing the attendance of members in each meeting accompanies the report. Sufficient members attended each meeting held during the year, and business was regularly transacted at each of them. The attendance of the moffusil members was not satisfactory.

The Chairman of the Begoosarai Branch Committee reports that no European member of his Branch Committee, with one exception, attended any meeting held during the year; but as heretofore they have rendered much assistance by undertaking the repairs of the several village and district roads. Of the native members five have attended most of the meetings and assisted by their co-operation.

The attendance of the members of the Jamooee Branch Committee has not been favourably reported on by the Chairman; that is, only members who reside at or near the sub-division have attended. The members who live at a distance rarely attend any meetings, nor do they undertake the supervising of the repairs of any of the village roads in that sub-division. The works have generally been carried out through the agency of an overseer paid by the Branch Road Committee.

3. A separate report has been submitted by the Collector regarding the collection of cesses. The year closed with a small unrealized balance, out of which the greater portion would have been collected within the year had not the September's kist fallen within the Doorga Poojah vacation. The realization of the arrears is due to the speedy disposal of the certificate cases, which previously could not be carried out properly for want of a sufficient staff. This want has now been supplied, and the work of realization is progressing fairly. Other changes in the working of that Department have also assisted in the speedier realization of the balances.

4. All necessary repairs to the existing roads and bridges have been carried out.

5. The following original works were in progress during the year:—

1. Bridging and raising the Shekhpura to Sikundra road.
2. Constructing Burhea diversion road.
3. Metalling a portion of the Ramgarh diversion road.
4. Ditto 12th mile, Kharakpore road.
5. Constructing bridge, 8th mile, Kharakpore road.
6. Raising Suronja-Bijwora road.
7. Bridging Malhepur-Gungta road.
8. Raising and bridging Munsee-Bukhtearpore road.
9. Constructing inspection bungalows at Sikandra and Damraghat.
10. Lowering and blasting Girinda pass.

Among the new works, the raising and bridging of the Shekhpura to Sikandra road, which has been in progress for the last two or three years, has been completed during the year under review. The opening of this road will be of much benefit to the country through which it passes, and it supplies a want hitherto much felt by connecting the outlying portions of the Jamooee sub-division with the head-quarter of the sub-division by a road passable in all seasons of the year.

6. Several new works have been taken in hand during the year, some of which have been finished and others are still in progress. Most of these works were undertaken in the first instance as relief work. In the early part of the year scarcity prevailed in some parts of the district, where the rice crop had failed, and the poorer classes of the people in these localities suffered in consequence of the high price of grain. Measures had accordingly to be adopted to provide them with work, and relief works in consequence were opened out. A contribution of Rs. 15,000 was received from Government for expenditure on this purpose.

7. Among the new works thus undertaken, the construction of the Nepal road (Munsee to Bukhtearpore) worths special mention. The masonry of five out of seven of bridges has been completed, and the iron girders of all are in site. More than three-fourths of the earthwork has also been finished, and the road will be completed within the current year. The contractor, Rahamut Ali, has worked well and deserves commendation. The completion of this work will be of immense benefit to the people north of the Ganges. A vast tract of country which was hitherto impassable during the rains for want of a good road will be opened out by the construction of this road. This is one of the heaviest projects that has ever been undertaken by the Committee. A grant of Rs. 20,000 has been made by the Government towards the construction of this road.

Another very useful work (commenced also as a relief work) has been completed this year, and that is the lowering of the Shekhpura to Burbigha road, at the Girinda Pass, where the gradient was so stiff that wheeled traffic was practically impossible. The road has now been blasted and the gradient reduced to 1 in 20, rendering the passage of all traffic easy.

The completion of the Sikandra to Shekhpura road and the bridging on the Kharrakpore to Mullehpur road are also noticeable features of the past year's administration.

Trees planted and maintained—

| | | |
|---|---|---|
| Tirhoot road | ... | 7,513 |
| Patna ,, | ... | 1,089 |
| Tarapur ,, | ... | 2,291 |

8. Tree-planting is progressing well on the roads mentioned in the margin under the five years' contract system, and departmental planting is also going on, on 17 roads, and nurseries have been established for the growth of seedlings as below:—

| | | Trees. |
|---|---|---|
| Monghyr | sub-division ... ... ... ... | 3,664 |
| Jamooee | ditto ... ... ... ... | 2,014 |
| Shekhpura | ditto ... ... ... ... | 2,010 |

and in future it is intended not to plant trees less than three or four feet high. The result of this planting will be reported in future years.

9. The accounts are monthly scrutinized and audited by the standing Audit Sub-Committee, and annually examined by the Local Auditor.

10. *General Remarks*.—The state of the communications is satisfactory. The roads are generally in good order. The progress in the southern portion of the district being specially very apparent. Spring carriages can now easily move over almost all the roads Considerable improvement has also been made towards village communications. The grants noted in the margin were made to the Branch Committees for this purposes.

| | | Spent. Rs. |
|---|---|---|
| Jamooee ... ... | 8,720 | 8,719 |
| Begooserai ... | 8,288 | 8,288 |

11. *Establishment*.—The District Engineer and his subordinates have worked well, and the working of the Committee's establishment in other Departments has also been satisfactory.

The Committee's thanks are specially due to Mr. Neuville, the District Engineer, for the energy and professional knowledge brought to bear by him on the work entrusted to his charge. The state of the communications reflect great credit of Mr. Neuville, and fully merit the Committee's acknowledgments.

N. C. BHUTTACHARJEE,
*Accountant.*

No. 98, dated Bhagulpore, the 19th December 1884.

From—The Chairman of the District Road Committee, Bhagulpore,
To—The Commissioner of the Bhagulpore Division.

I HAVE the honour to submit the following report on District Road Cess Committee's works during the year 1883-84.

2. *Original Works.*—A good deal of useful work under this head was taken in hand during the year. Principally the restoring of the embankment of the Jhurkikarama section of the road No. 20, Latipur to Madehpura, for which Government gave a grant-in-aid of Rs. 9,000: more than three quarters of this work has been done; the rest will be completed next year. Bridging first section of road No. 13, Ghogha to Bowsi, which is nearly finished. Constructing two timber bridges on road No. 11, Jugdispur to Bela *vid* Sonodi, &c., which has been completed during the year. And restoring bridge on 39th mile of road No. 1, Bhagulpore to Sonthal Purgunnahs: this could not be completed as the contractor was ill for three months during the working season. The bridging of the Telabeh river at Sonbursa and of road No. 22, Madhepura to Sonbursa, were also completed last year.

3. *Famine Relief Works.*—The District Engineer has surveyed four roads for preparing famine relief projects, viz. Barakole to Ranikita, Dhaka to Dhuria, Dhuria to Nowada and Tirmohani to Mohiama. The Branch Road Committee commenced relief works on the following three new roads, viz. Punsia to Dhuria, Bhurkoa to Khessur and Khessur to Arjusgunge, in anticipation of your sanction, and have spent Rs. 2,178-13 on them. These works have since been stopped, as reported in this office No. 485 of 4th September 1884, pending sanction of formal projects, which are now nearly ready.

4. The Government has been pleased to contribute Rs. 10,000 for relief works, and this sum has been utilized in the execution of above works referred in paragraph 3, and the improvement of some of the existing roads under the Sudder Branch Road Committee, with a view to relieve the distressed part of the population of those parts where relief was wanted.

5. *Arboriculture.*—This is the fifth year of operation under this head. 7,400 trees have been planted out on the sides of four roads up to date by the District Engineer, and all are thriving well. Besides these, the Branch Road Committees have maintained trees planted on the sides of five roads.

6. *Repairs.*—Under this head also good work has been done. The allotment for this purpose was Rs. 69,591, including the Rs. 6,000, Government grant for the maintenance of road No. 1, Bhagulpore to Sonthal Pergunnahs, of which Rs. 66,149-6-6 have been spent, leaving a balance of Rs. 3,442 which could not be spent, as relief works on some of the roads under the Branch Road Committee had to be stopped, as per orders contained in your No. 96PW of 30th June 1884.

7. All works and repairs have been executed most satisfactorily under the energetic supervision of the District Engineer, Mr. J. Robinson. Those in the parts remotest from head-quarters are as good as those near Bhagulpore. The Chairman of the Banka Branch Committee has also kept his roads in excellent order, and has shown great aptitude for aligning new roads.

8. *To be done next year.*—Bridging of the second section of the road No. 13, Ghogha-Bowsi, and raising embankment of Sapurda and Kishengunge portion of road No. 20, Latipur to Madhepura, will be taken in hand next year. Bridge on the fourth mile of road No. 22, Madhepura to Sonbursa, will be restored, and such other petty works and repairs to roads as provided in the budget estimate for the cess year 1884-85 will be taken up.

9. *Road Cess Act.*—The Road Cess Act has worked satisfactorily during the year: 95·4 per cent. of the cess demand has been collected.

10. *Committee.*—The following is an abstract of particulars of meetings:—

## TABLE III.

*Abstract of particulars regarding Meeting prescribed by Government proceeding in the Public Works Department, No. 1286 of 13th March 1876.*

11. There is a Sub-Committee of the District Road Committee for preparing budget estimates, auditing accounts, accepting tenders for works, &c.

12. *Village roads and Branch Road Committees.*—The Branch Road Committees have worked remarkably well and expended almost the whole of the money allotted to them.

13. The following will show the allotments for fourth class and village roads under each Branch Road Committee and the expenditure incurred against them, viz :—

| | Allotments. | Expenditure. |
|---|---|---|
| | Rs. | Rs. |
| Sudder Branch Road Committee ... ... | 9,821 | 7,301 |

| Soopole ditto ... ... ... | 4,000 | 3,987 |
| Total ... | 22,421 | 19,888 |

14. *Establishment* —There were no changes in the engineering establishment. Mr. J. Robinson held the post of District Engineer throughout the year, and he is in special charge of all works under the District Road Committee, besides being the professional adviser of the Branch Road Committees and *ex-officio* Inspector of all district works.

15. *Accounts* —The Examiner of Local Accounts inspected in October last. His inspection report is not yet out, but on all previous occasions the Examiner of Accounts reported that books and accounts were found in excellent order, neat and up to date.

16. The annual accounts of receipts and expenditure are herewith submitted.

SHIB C. BANERJEE,
*Vice-Chairman.*

Dated the 10th December 1884.

From—A. WEEKES, Esq., Chairman, District Road Committee.
To—The Chairman of the District Road Cess Committee, Purneah.

IN accordance with the directions conveyed in section 179 of Act IX of 1880, I have the honour to submit a copy of the account prepared by me under section 178 for the past cess year 1883-84, examined and audited by a sub-committee consisting of the Vice-Chairman with two members, with the usual report for same.

2. The following statement shows the particulars regarding meetings prescribed by Government proceedings in the Public Works Department, No. 128, dated the 10th March 1876:—

| District. | Number of Members forming Committee. | | Number required to form a quorum. | Number of meetings held. | Meetings at which there was no quorum. | Average attendance of members. | Number of members who did not attend any meeting. | Number of Members who attended only. | | | | | |
|---|---|---|---|---|---|---|---|---|---|---|---|---|---|
| | | | | | | | | One meeting. | | Two meetings | | Three meetings. | |
| | Official. | Non-official. | | | | | | Official. | Non-official. | Official. | Non-official. | Official. | Non-official. |
| Purneah sudder .. | 5 | 9 | 4 | 5 | ..... | 6 | 2 | ..... | 2 | 2 | 4 | 1 | 1 |
| Kissengunge ,, .. | 1 | 10 | 3 | 4 | 2 | 7 | 2 | 1 | 4 | 1 | 4 | ..... | ..... |
| Arrareah ,, . | 1 | 8 | 3 | 4 | 1 | 3 | 2 | ..... | 2 | ..... | 1 | ... .. | 1 |

It will be seen that there were only five meetings held in the year under report. There being one meeting short was owing to a meeting held on the 29th September 1883 being counted in the last year's statement: there were eight meetings held in the year 1882-83.

3. *Committee's office.*—The following additions were made to the new Road Cess building,—seven pairs of glass doors were put in and some corrugated iron sheets for godown were purchased.

4. *Special and ordinary meetings.*—There was no special meeting held during the year, but five ordinary meetings held.

5. *Quorum.*—There was no quorum at one of the meetings held at Arrareah, and at two in the Kissengunge sub-division.

6. *Interest taken by members in the transaction of Committee's business.*—Most of the members took great interest in the Road Cess matters. Many of them gave valuable assistance in carrying out repairs to district and village roads, and four of them for examining and passing monthly accounts deserve the thanks of the Committee and of myself.

7. *Sub-Committee.*—There was a sub-committee throughout the year, consisting of the following gentlemen:—

Vice-Chairman, Dr. Picachy, Baboo Gobind Chunder Banerjee, and Baboo Bissen Chand, and the accounts were duly scrutinized and passed by them, and the vouchers were cancelled regularly.

8. *Attendance of the Members of the Committee.*—The average attendance of the members was fair during the year, with the exception of two members who failed to attend at any meeting. They have been written to, if they have any reasons to urge why their names should not be struck off the list of members under section 115 of the Act, and if they wish to be re-appointed by the Lieutenant-Governor under section 112. One member has been re-appointed—*vide* Government of Bengal's No. 108 of 13th December 1883.

9. *The working of the Road Cess Act and the feelings of the people.*—The Act works well and satisfactorily, and the people get their money's worth in the improvement of roads, which has been great. The cess is very little felt owing to the assul jumma rents without abwabs being very low. The same cause results in the cess collection being out of proportions to the size of the district and inadequate to its requirements.

10. *Working of the Committee.*—The working of the District Committee was satisfactory during 1883-84. Copies of Branch Committees' reports are herewith enclosed.

11. *State of communications.*—All the district roads were repaired last year, and the existing timber bridges received due attention. The nine inspection bungalows kept in repair, and some of them were provided with required furnitures. The District Engineer, Mr. Roberts, has very much improved the state of all the district roads during his incumbency.

Many drain pipes were laid down on several of the district roads.

Many roads had to be diverted to avoid sandy tracts and where the road was crooked. These changes are marked improvements to the district roads and beneficial to the people. Many roads have been raised above flood-level at places, and considerable quantity of earthwork done to them.

Thirty chains of Kusba Road, No. 5, were metalled. Only 170 running feet of bridging done to roads, Nos. 3, and 4. Owing to the inefficiency of the Officiating District Engineer on the occasion of Mr. Roberts' six months' sick leave, three important roads had to be kept entirely untouched, viz. Ranigunge road, Bussuntpore to Siktie road, and Korah to Saifgunge road. There were no contractors offering for them, and the Officiating District Engineer could not make any arrangements to have the work done, partly owing to contractors having gone to railway works at Purneah. Fresh allotments have been made in the budget for 1884-85. Contractors have been engaged, and it is presumed that the work will be completed this year.

12. *Village roads.*—The Deputy Magistrate of Kissengunge spent Rs. 800 towards the construction of a village road from Phulwari to Khagra, and of a bridge at Nichitpore out of the Village Road Fund allotted to that sub-division, and many small village roads were constructed in the Arrareah station by the Deputy Magistrate of that sub-division.

The existing village roads in both the sub-divisions were repaired, and up to the budget allotments. All the village roads in the Sudder sub-division were also repaired, and many new roads were opened in the Dhamdaha thana, a very backward part, where no roads existed.

The total expenditure on village roads was Rs. 9,543, or 12·09 per cent. of the whole cess.

13. *Planting trees.*—There were 1,147 trees planted with new fences, and 3,073 trees maintained with their fences repaired, and replacing of those damaged by cattle and cartmen. The trees on village roads in the Arrareah and Kissengunge sub-divisions received due attention, and many new trees are being planted in the sudder sub-division with new fences.

The nursery gardens attached to inspection bungalow and one in the Purneah station received due attention in their maintenance, and trees have been planted on district roads out of them.

14. *Inspection of district works by the Superintending and Executive Engineers.*—The district works were inspected by T. E. Owen, Esq., Divisional Superintendent in June 1884.

15. *Inspection of accounts by the Examiner of Local Accounts, Bengal.*—The offices of the District Engineer and Committee were inspected by the Auditor of Local Accounts, under Bengal Government's orders No. 13 of 17th March 1882, during January 1884.

The result of inspection was satisfactory.

16. *Working of different establishments.*—The establishments have worked satisfactorily during the year, with the exception of an overseer, who had to be discharged.

The Committee's clerk and accountant continued to give satisfaction.

Mr. Roberts' services are much appreciated, and I regret that the Committee's recommendation to increase his pay was negatived by the Government in the Public Works Department.

No. 64, dated the 17th December 1884.

Memo. by—The Chairman of the District Road Cess Committee,

COPY, with copy of the annual accounts, forwarded to the Commissioner of the Bhagulpore Division with reference to section 179 of Act IX of 1880.

No. 159P.W., dated Arrareah, the 26th November 1884.

From—BABOO MAKUNDA DEB MOOKERJEE, Chairman, Branch Road Cess Committee, Arrareah,

To—The Chairman of District Road Cess Committee, Purneah.

I HAVE the honour to submit the following report on the working of the Arrareah Branch Road Cess Committee for the year ending on 30th September 1884.

Particulars regarding the constitution and meetings of the Committee have been shown in statements A. to C.

During the year under report Rs. 2,000 were placed at the disposal of the Committee for repairs of the village roads, the maintenance of the office establishment, fencing of roadside trees and contingencies. Statement D shows the allotment and expenditure of the amount in village roads, establishment, &c. Roads were taken up in all parts of the sub-division. The repairs of many important roads could not be undertaken on account of the grant being small.

The grant of Rs. 2,000 would certainly have been sufficient for the sub-division had the Committee only small village roads to repair. Some of the so-called village roads which the Committee has to keep in repairs, however, have the importance and dimensions of district roads; for instance, the roads from Rajakhur to Turkia, Rampur to Polasi Nakaz. The local circumstances of this sub-division requires more expenditure on its roads than what it can *claim* from the amount of road cess furnished by it. The soil is sandy and roads are very easily cut up by traffic; the sand is annually blown off by the strong westerly wind; there are numerous *murrah dhars* and small rivulets; there is not such a magnificient road like the Ganges and Darjeeling running through its entire length and kept up from funds outside the road cess of the district as in the two other sub-divisions. All these circumstances would *plead* for this poor and less advantageously situated portion of the district which has only one bridged road (and that for a portion only), viz. the one from Bussuntpur to Ranigunge. If the District Committee could see its way to take off the hands of the Branch Committee a few of the most important roads, then the allotment of Rs 2,000 would be amply sufficient for the requirements of the sub-division. All the meetings of the Committee were held in the sub-divisional office.

The roads were either repaired under the supervision of a member of the Committee or by the road sircar.

The Branch Road Cess establishment consists of one road sircar and one cooly. The former is employed in making prompt measurement of roads whenever their completion reports are received from the supervising members, and in looking after the roadside trees, and the latter in watering the roadside trees and keeping their fences in proper order. An extra cooly is also entertained for watering the trees during the hot season. There are altogether 349 trees all in and about the head-quarters station.

In conclusion, I am glad to report that the village roads of this sub-division have much improved, and are becoming more and more useful year by year. Great attention is paid in consulting the convenience of the people in this respect, and I am indebted to Mr. A. J. Forbes, Munshi Azizur Rahoman, and Mir Kassim Ally, members of the Committee, for the interest they have evinced in local improvements of the sub-division.

No. 310, dated Kissengunge, the 6th October 1884.

From—BABOO GOSSAIN DASS DUTT, Chairman, Branch Road Cess Committee, Kissengunge,

To—The Chairman of the District Road Cess Committee, Purneah.

I HAVE the honour to submit herewith the annual return showing the works done by the Branch Committee at Kissengunge during the cess year 1883-84.

2. The funds placed at the disposal of the Committee was Rs. 3,000 only, out of which Rs. 799 was spent in original works, Rs. 1,983-4-9 were spent in repairs of the existing village roads, and Rs. 218-3-3 were spent for keeping up the working establishment. This shows an excess of 8 annas, and this amount was realized by the sale of some of the old fences of the trees planted during the previous year.

3. There are in this sub-division many village roads of considerable lengths, and the amount placed at the disposal of the Committee was too small to meet the requirements of the sub-division, but the Committee managed to give small amounts to several of the roads under their charge, and tried as much as possible in their power to satisfy the people of the whole of the sub-division.

L. HARE,
*For Chairman, District Road Committee.*

C. G. M. SHIRCORE,
*Vice-Chairman, District Road Committee.*

*The 14th November 1884.*

No. 146, dated Maldah, the 14th February 1885.

From—H. G. SHARP, Esq., Chairman, District Road Committee, Maldah,
To—The Commissioner of the Bhagulpore Division.

IN continuation of my No. 132, dated 31st ultimo, I have the honour to submit the annual accounts and administration report of the road cess operations in this district during the cess year 1883-84, passed under section 179, Act IX (B.C.) of 1880, at a special meeting of the Committee held on the 9th instant.

2. Eight meetings were held during the year for transacting business, and all were presided over by the Chairman. The usual notice was given in every case, and no business was transacted unless a quorum was present.

The proceedings of the Committee were duly recorded in the minute book, and orders passed thereon have been carried out. Appendix A gives details of the attendance of the members of the Committee.

3. The monthly accounts of the Road Fund offices were duly examined and audited by a standing Sub-Committee of Finance, consisting of five members, one of whom was the Vice-Chairman of the Committee.

4. Messrs. Hennessy, Walton and Rice, members of the District Road Committee, have given much assistance in superintending the repairs of roads in their respective neighbourhoods.

5. The road cess collection work was satisfactory during the past year, as already reported by the Collector of the district in his No. 148.P., dated the 7th November last.

6. Rupees 2,352 was outstanding at the close of the preceding year. On the addition to this of Rs. 28,181, the demand for the year, and the deduction of Rs. 193, previously paid in advance for the year, the net demand realizable during the year stood at Rs. 30,340. Of this, Rs. 27,132 was collected, leaving Rs. 3,208 as outstanding at the close of the year. There was a further collection of Rs. 135 collected in advance for future years. The total collection thus amounted to Rs. 27,267, the percentage of which on the current demand amounted to Rs. 96·7.

7. The road cess demand during the year has undergone reduction by Rs. 671 on account of exemption of julkur tenures from assessment.

8. The working establishment entertained during the year under report consisted of—

| | | |
|---|---|---|
| 1 | District Engineer ... ... | For ordinary road cess work. |
| 3 | Sub-Overseers ... ... | |
| 1 | Clerk ... ... ... | |
| 1 | Store-keeper ... ... | |
| 1 | Peon ... ... ... | |
| 1 | Sub-Overseer ... ... | For special relief works for about six months. |
| 5 | Road mohurirs .... ... | |
| 5 | Peons ... ... ... | |

All of whom generally worked well.

9. Owing to insufficient rainfall during the year under report and the previous years, failure of hymanti and boro paddy occurred in the Barindrú, the best paddy-producing part of the district, on account of which the opening of relief works in that locality was found necessary in order to provide work for the agricultural labourers generally, and for the agriculturists themselves in some cases.

10. To provide for works and establishments in connection with the relief operations, a special relief budget was prepared during March 1884, in which was incorporated the Government relief grant of Rs. 10,000, the road cess grant of Rs. 5,000, and the contributions expected to be made by the zemindars interested in the opening of a relief road in their zemindaries. Provision for four special relief roads, with an inspection hut, and the reclamation of three roadside tanks to provide drinking water (much needed there) to the labourers on roads and to pedestrians, &c., in affected localities, with an aggregate allotment of Rs. 18,400, was duly made in the special budget, in addition to allotments for establishments for about six months, at an aggregate cost of Rs. 1,249 for supervising the works.

11. Over and above the special works enumerated above, all the ordinary road cess works on the east of the river Mahanundah, with an aggregate allotment of about Rs. 9,000, were taken in hand on famine rates and method under the style of ordinary relief works, and executed entirely by local labourers, in supersession of the old system of employing imported labourers.

12. There was some saving under the head of special relief allotment, and no perceptible emigration of persons affected by local pressure to any other district in search of work or food occurred during the year.

13. As previously arranged, the district was divided into three working sub-divisions.

1. North Maldah sub-division. | 2. South Maldah sub-division.
3. Chanchal sub-division.

and a sub-overseer was in charge of each. Of these, the first two were under the supervision of the District Engineer, with the exception of a few roads placed under local zemindars or managers of silk or indigo concerns, and the third sub-division under that of Mr. Reily, the Manager of Chanchal Ward's Estate. At the close of the year it was decided to place the third sub-division also under the District Engineer's supervision owing to repeated confusion in the Chanchal road accounts—*vide* paragraph 9, Chapter I of the rules under Road Cess Act IX (B.C.) of 1880.

14. There are 93 roads in the list, aggregating about 572 miles in length, of which about 386 miles were originally under the supervision of the District Engineer. But the subsequent addition of the Chanchal sub-division has increased the mileage in his charge to about 514 miles, leaving only a small portion of the district communications, about 58 miles in length, under the charge of Messrs. Hennessy, Rice, and Walton of local factories.

15. The river communications in the district, aggregating 378 miles in length, were for the first time brought on to the list of ordinary road cess works during the year 1883-84. But as the necessary tools, machinery, and other appliances were wanting for this special work, but little progress could be expected towards their improvements during the year. Some of the necessary machinery, tools, &c, for river work, were purchased during the year.

16. The complaint of scarcity of labour, though considerably lessened, still prevails in some parts of the district. But as all the road works on the east of Mahanundah were taken up and completed in 1883-84 solely by local labour, and as the labourers were well treated and promptly paid, they appear to have preferred the road works, except, at the sowing and the reaping seasons. It is accordingly expected that the works on that side of the district may be completed solely by local workmen.

17. A larger number of contractors than hitherto are now working under the Road Cess Department; and as there is occasionally competition, though to a small extent, this system is now adopted for all works over Rs. 500. A security deposit under 7M agreement form, at 5 per cent. on works done, is deducted from the certificates of all contractors. Works for less sums than Rs. 500 are parcelled out on piece-work system under 9M agreement form, which was formerly used for all works in the district.

[The following paragraphs were drafted by the District Engineer].

ORIGINAL WORKS.

18. The Rajmehal road project, for the construction of a first class feeder road from English Bazar to Rajmehal, was taken in hand during the year 1882-83, and was completed and duly sanctioned by the Government of Bengal in its No. 1901L.C., dated the 21st November 1884, with an aggregate cost of Rs. 86,384 for earthwork and turfing only.

19. The construction of a boat in connection with the river improvement works was also taken in hand under the head of tools and plant of the budget for the year under report, and was duly sanctioned by the Commissioner and the Divisional Superintendent of Works with an aggregate cost of Rs. 300, as intimated in the Commissioner's No. 246P.W., dated 4th November 1884. The boat was taken in hand in May last, and was duly completed during the year under review.

20. All the existing trees were duly maintained and cared for, and those burnt by fire were replaced during the year under review. The establishment of nursery and better attention to arboriculture having been approved by the Road Cess Committee in its meeting dated 21st July 1884, funds for the same have been duly provided in the current year's budget, and arrangements have since been made for laying out nurseries in more than one place in the district.

REPAIR WORK.

21. *No. 6, Rajmehal and Dinagepur road.*—The entire surface portion of this road from Amirti to Manikchuck (65th to 75th mile) was kept in good order, and the much injured parts beyond Pandua, from mile 47th to mile 42nd, received throughout a new coating of about one foot earthwork at top in addition to petty repair to the existing bridges, the inspection huts, and the slightly injured portion of the road surface here and there. All the works on this road north of old Maldah was taken in hand as ordinary relief work to provide works to the sufferers from scarcity in thana Gazole, and were mostly completed during the year under report. The three spanned bridge on mile 41st estimated for a new timber platform, and for which all the materials were collected during the year, could not be fitted within that time on account of failure on the part of the contractor. It has since been completed, and the contractor has been made to forfeit his deposit.

22. *No. 7, English Bazar to Amirti Road.*—This road was raised by about two feet in the 4th mile, where it crosses the old bed of Ganges, and used to become regular quagmire and almost impassable during the rains, in addition to turfing on the slopes of the newly thrown embankment and general repair to the entire road surface with its existing bridge and culverts.

23. *No. 8, English Bazar to Nawabgunge Road.*—The whole of the 5th and the parts of the 4th and the 6th miles of this road crossing the old bed of the Ganges used to become quagmire and consequently hardly passable for traffic during rain, although the portion passed over an embankment of about six feet in height. To remedy this evil it was raised by about two feet more during the year, prior to metalling, which was proposed to be taken up on this section shortly. In addition to the above, the whole road received general repair, and was kept fit for traffic throughout the whole year.

24 *No 9, English Bazar and Makrampur Ghât Road.*—This is a surface track leading from the head-quarter of the district to Rohonpur and other marts in the interior. It was passable for wheeled traffic during fair weather only, as during the rains no cart could find a thorough passage along this route on account of some deep nullahs falling on its way. To remedy this evil the biggest one (Jhanghani Dara) was bridged during the year with a temporary tâl bridge of 50 feet span in addition to general repair executed on the line to render it trafficable for all seasons of the year.

25. *No. 10, Godagari to Dinagepur Road.*—This road, once the principal line of communication between the central part of Bengal and Dinagepur, Darjeeling, &c., was taken in hand during the year as ordinary relief work to provide works to the sufferers in thanas Gomastapur

and Nowabgunge, and has been properly taken care of since 1882-83, when the Government grant of about Rs. 5,000 was originally allotted on it. The unexpended balance of the said allotment having been incorporated with the allotments for the year under report, has thoroughly restored the old road in almost all the places with substantial repairs to all culverts and bridges standing on it (except two or three slightly injured ones), as far as they lie within the jurisdiction of this district. Between the extreme point of this route in passing through district Maldah there lie three intermediate portions aggregating to about five miles belonging to the Rajshahye district, which having been left uncared for years at a stretch has kept the road still impassable for thorough traffic. Repeated reference on the subject was made to the higher authorities, and the Government having been appealed to, lastly through the Commissioner, it appears that the work has since been taken in hand by the Rajshahye District Road Committee—a proceeding, if properly carried out, will render the whole road well restored during the current cess year.

26. *No.* 11, *Simultola and Sadullapur Road, No.* 12, *English Bazar to Neemasarai Road.*—These are bunded roads with some masonry culverts standing on them with an aggregate length of about five miles. They received general repairs and kept in fair order throughout the year under report.

27. *Station Roads Nos.* 1, 2, 3, 4, 5, 13, 14, 15, 16, 22, *and* 93.—Repairs to these roads were duly attended to, inclusive of a new coat of metal three inches thick to roads No. 4 and a part of road No. 1. During the latter part of the year the roads, except Nos. 13 and 16, and part of Nos. 1, 5, and 15, were proposed to be transferred to the English Bazar Municipality, which has since been fully carried into effect.

28. *No.* 17, *Nowabgunge and Kasimpur Road.*—This is a bunded road along the left bank of the old bed of Mahanundah with a length of about four miles from Nawabgunge to the border of the Rajshahye district, and it received general repair throughout during the year under renew. In August last there was a flood of unusual character in the district, when this road was submerged under the spill-water in more than one place, and had both the approaches of a tâl bridge with 24 feet span standing on it cut away by the flood. This of course rendered the road impassable for wheeled traffic for a few days, but having soon been repaired temporarily, the traffic was restored shortly after. Future provision has been made to put additional spans 10 feet on either side (since completed) to admit easy passage of spill-water across this road way.

29. *No.* 18, *Kansat to Gomastapur Road.*—This is a fair-weather road passing through low flooded country and received general repairs to render it passable for all sorts of traffic during the year, except the rainy season.

30. *No.* 19, *Sustanitola to Kalia Chuck Road.*—This is a slightly bunded road with surface portions here and there, and having its 4th mile crossing the silted bed of the Pagla, called Hatimari Dara, for chains together, it became almost impassable for traffic during rain. To remedy this evil the portion in question, previously a surface one, has been raised and provided with two temporary tâl bridges, aggregating to 50 feet in length, for the passage of spill and surface drainages across the roadway. The road received likewise general repairs throughout, and a temporary tâl bridge of 12 feet span, burnt through accident, was also restored during the year under review.

31. *Nos.* 20, 21, 23 *to* 36, 40 41, 43 *to* 92.—The roads numbered above received general repair and kept passable for traffic the whole year throughout.

(*b.*) Of these, the road No. 54 from Inaitpur to Mathurapur was raised for about half a mile to complete the embanked portion on Inaitpur side, and materials for a tâl bridge of 50 feet span were also collected at site (since completed) to give effect to the proposal of rendering the road passable for wheeled traffic during all seasons of the year.

(*c.*) Road No. 66 of the roads numbered at the top of this paragraph, from Gomastapur to 3rd mile, Nowabgunge and Jheelim road, was taken in hand as an ordinary relief work to provide works to the local sufferers in Gomastapur and Nowabgunge thanahs, and was duly completed for about eight miles from Jheelim roadside, in addition to jungle clearing and petty repairs done to other parts during the year under report.

(*d.*) The road No. 80 of the said roads from Kalia Chuck to Ghooghoomaree received a good deal of repair during the year, in addition to raising a sâl wood bridge 20 feet span in place of a rotten tâl wood one, which stood on mile 1st of this line of communication.

32. *No.* 37, *Gazole to Bamungola road.*—This road, taken in hand as an ordinary relief work, was duly aligned and drained off for three miles, beside general repair to other injured parts to render the first six miles fit for traffic during all seasons, as beyond the 6th mile post the route passes across the Dooba or low-flooded country of the locality.

33. *No.* 38, *Bulbulchandi and Bamungola road.*—This road also taken in hand as an ordinary relief work, was duly aligned, and thoroughly restored for the first two miles, with five miles jungle clearing from its repair allotments.

34. *No.* 39, *Nowabgunge and Jheelim road.*—This was another ordinary relief work, and general repair was duly attended to, in addition to raising a 12 feet tâl bridge on the diversion noticed in last annual report, which also has been duly completed during the year under review.

35. *No. 42, Makrampur Ghât and Parbuttipur Road.*—This road, taken in hand as ordinary relief works, received a good deal of earthwork to complete the approaches to all the bridges noticed in last annual report, besides the general repair of the entire line of communication. Six tâl bridges, aggregating to 72 feet span, in addition to the bridges previously raised on the line, were put during the year under report. As these complete all the principal bridge works required on the line, it is expected that on the proper completion of side trenches and necessary approaches, &c. (since taken in hand), the road will become one of the best existing lines of communication in the district.

36. *Other village roads*—

(1) Neemasari to Jote.
(2) Rutwa to Dhelapur.
(3) Road from South Jail to Gour road junction.
(4) Pakuahât to Lala.

The first three roads noted above, being required for local purposes, were properly repaired during the year and kept in good order for traffic.

(*b*) The fourth, taken in hand as an ordinary relief work, was duly aligned and completed for a mile and a half only, as more could not be done owing to the local labourers leaving the road work for cultivating their fields at the commencement of the last rains.

37. *Special Relief Works.—Original Work.*—Inspection hut at Pakuahât.

The inspection hut at Pakuahât, provided in the special relief budget at the recommendation of the Divisional Superintendent of Works, was duly completed during the year under report, except its doors and door frames.

38. *Repair Work.—Bamungola to Nityanundopur road viâ Pakuahât.*—This road passing across a high undulating and mostly hitherto unopened country in the Barindro was taken in hand as a relief measure, for providing works to the sufferers from scarcity in Bamungola outpost and Maldah thanas, and was duly aligned and completed for a distance of about seven miles, in addition to the clearance of dense jungle for about 10 miles in length. The work had been commenced in May 1884, but it could not make further progress within the 30th September last, as the local labourers left or only partially attended to road work for the purpose of cultivating their fields at the commencement of the last rains.

39. *Gomastapur to Nachole road.*—This road, passing through the zemindaries of Tahirpur and other zemindars, was much needed for the local purposes, and was opened for providing relief to the sufferers in the Gomastapur thana. About four miles of the road was properly aligned and completed from May to September last, and more could not be done, as with the commencement of rain the local labourers attended more to field works than to works on roads.

40. *Gomastapur riverside road.*—This is a small surface road, about half mile in length, along the left bank of Mahanundah, joining the Ferry Ghât, with the police station at Gomastapur, and having been taken in hand as a special relief work was duly completed during the year under review.

MAHES CHUNDER SEN,

*Vice-Chairman.*

No. 28P.W., dated Dumka, the 29th December 1884.

From—The Offg. Deputy Commissioner, Sonthal Pergunnahs,
To—The Commissioner of the Bhagulpore Division.

I HAVE the honour to submit my annual report on the road works operation in the Sonthal Pergunnahs for the year ending the 30th September last.

2. The Road Cess Act is not in force, nor have we a District Committee. The Deputy Commissioner exercises all powers vested in the Committee and its Chairman.

3. *Original works.*—Establishing a ferry across the Bhoorbhooree stream on the 65th mile of the road No. 1 (Bhagulpore and Suri road), plied by a wire rope and snatch block; bridging the road No. 2 (Dumka to Rampur Hat), comprising construction of a masonry arched bridge of three spans of 20 feet each over the Damna nala and one of three spans of 17 feet each over the Katijuria nala, both traversing the road on the 6th mile, and of two permanent stone causeways across the Ramgurh and Simamjore stream on the 21st and 23rd miles respectively; constructing masonry bridges on and metalling the road No. 3 (Dumka to Deoghur), of which more than half the work could only be completed during the year; metalling four miles of the road No. 4 (Dumka to Murarui), and improving the road No. 21 (Dumka to Godda). All the above were begun and, except what is referred to as half-done, completed within the year.

4. *Repair works.*—All roads borne in the district statement, numbering 32 and aggregating a distance of 555 miles, underwent requisite repairs, except the road No. 19 (Kumirabad to 76th mile, B. and S. road) maintained by the zemindar, No. 25 (Behawa to Udhwanala) and 31 (Udhwanala to Rajmehal). The last two being fair-weather roads were left out from the repair operation by reason of our having had to set hands to all repair works at a very late season. The maintenance of three village roads in the district, included in the 32 above refered to, received adequate attention.

5. Staging and inspection bungalows were all repaired during the year under notice and in fair habitable order.

6. Tree-planting and maintenance were very carefully attended to. There are nurseries almost all over the district placed at convenient centres, well stocked with vigorous seedlings and young trees. A new nursery was established during the year at Gharmara, 30th mile, road No. 3. All the road side trees were maintained with praiseworthy care. They are all thriving luxuriantly. About 5,000 young fruit trees, mostly mangoes, were planted on the roadsides during last rains.

7. The work establishment, as borne in the budget, consisted of one District Engineer, one overseer, and one sub-overseer, and the office staff of only one accountant. The District Engineer performed his work with great intelligence and zeal and took great interest in all he had to do. The overseer and sub-overseer, particularly the former, worked very well and gave satisfaction.

8. The annual account is under preparation and will follow.

W. M. SMITH,

*for Offg. Depy. Commr., Sonthal Pergunnahs.*

---

No. 379P.W., dated Bhagulpore, the 19th February 1885.

From—G. N. BARLOW, Esq., Commissioner of the Bhagulpore Division and Sonthal Pergunnahs,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to submit the annual accounts and reports of road cess operations of all the districts in this Division for the cess year 1883-84. The accounts and reports from the districts of Bhagulpore, Sonthal Pergunnahs, and Purneah were received in December last; those from Monghyr on the 28th January; and from Maldah not until the 17th instant: hence the delay in the submission of this report and accounts.

2. *Receipts.*—The percentage of collections in the five districts was:—

| | | | | |
|---|---|---|---|---|
| Monghyr ... | ... | ... | 102·0 | Excess over 100 per cent. is due to arrear collections. |
| Bhagulpore ... | ... | ... | 95·4 | |
| Purneah ... | ... | ... | 100·5 | Excess over 100 per cent. is due to advance collections. |
| Maldah ... | ... | ... | 97·2 | |
| Sonthal Pergunnahs | ... | ... | No road cess. | |

3. *General.*—I have little to say, except to reiterate my remarks of last year, that everywhere improvements are being effected; that all roads are now systematically kept in order and repaired at stated times; that on all new roads in Monghyr, Bhagulpore, and the Sonthal Pergunnahs permanent bridges are erected, and on many of the old roads temporary bridges have been replaced by permanent ones. In Purneah, where it is not possible to bridge the large waterways at a reasonable cost with masonry bridges, substantial sâl wood bridges are being put in. Yearly as the temporary structures diminish there will be fewer repairs wanted and more money available for new and permanent work.

4. *Cess Act.*—The Act is reported to have worked well in all the districts, and in the neighbourhood of work, at least it may be hoped that the cess-payers appreciate that they are gaining real, useful, and practical advantage from what they pay.

5. *Attendance at meetings of District Road Committees.*—The number of meetings held by each District Committee is given below, together with the average attendance :—

| NAMES OF DISTRICTS. | Number of meetings. | Number of members. | Average number attending each meeting. | Number who did not attend any meeting. |
|---|---|---|---|---|
| Monghyr ... ... | 5 | 19 | 5·4 | 8 |
| Bhagulpore ... ... | 10 | 17 | 7·7 | 1 |
| Purneah ... ... | 5 | 14 | 6·0 | 2 |
| Maldah ... ... | 8 | 18 | 6·3 | 7 |

BRANCH COMMITTEES.

6. *Monghyr.*—There are two Branch Committees in the district of Monghyr—one at Begoosserai and the other at Jamooee. In the former no European member, except one, attended any meeting, but they undertook the repairs of village roads. In the latter those only attended meetings and undertook the repairs of village roads who reside at or near the head-quarters.

*Bhagulpore.*—The Branch Committees in the district of Bhagulpore are reported to have worked well.

*Purneah.*—The Branch Committees in this district have also worked well, but the small number of meetings held by them tend to show that the work is administered chiefly by the Chairmen (Sub-Divisional Officers).

*Maldah.*—There are no Branch Committees in this district.

ORIGINAL WORKS.

7. *Monghyr.*—The chief works in this district were :—

The commencement of the Nepal road (Munshee to Buktearpur) from nearly opposite Monghyr to the north of the district. About two-thirds of this has been completed.

The raising of embankment and completion of bridging of the road from Buktearpore to Bullee, which is a continuation of the Nepal road.

The bridging of the road from Kurrakpore to the Jamooee Railway station (Mullehpore).

The further opening of the Chakye pass in the south on the road from Jamooee to Chakye.

Besides many useful works and substitution of permanent bridges for temporary ones.

Several short cross roads were opened out between Luckeeserai, Secundra, and Sheikpura as relief works.

REPAIRS.

*Monghyr.*—All the district roads were kept in good repair and improvements effected in places.

ORIGINAL WORKS.

*Bhagulpore.*—The principal works undertaken during the year were :—

The reconstruction of the abandoned portion of the Ganges and Muddehpura road, the main road in the north of the district.

The raising and bridging the first portion of the Ghoga-Bowsee road.

Both these works were practically completed during the year.

REPAIRS.

*Bhagulpore.*—Repairs to all roads in the district list were carried out well.

The large trussed timber bridges on the Bhagulpore and Sonthal Pergunnahs road, miles 34 to 42, are decaying. It is intended gradually to substitute arched masonry bridges (utilizing the present piers and abutments) and one of them is in course of construction.

ORIGINAL WORKS.

*Purneah.*—The work done in this district has been chiefly in improving, re-aligning and raising existing roads. On roads Nos. 3 and 4, 170 running feet of timber bridging were done. The bridging of three other important roads, for which funds were allotted, was not carried out owing to the absence on leave of Mr. Roberts, the District Engineer, during the best part of the working season, and the complete inefficiency of the officiating officer, who was a man of no practical experience.

In this large district, the bridging of existing roads is of primary importance, and there is no doubt the Road Cess Funds are not sufficient to allow of an adequate allotment for this purpose, owing (as the Chairman states) to the rents being low and the abwabs being not assessed.

REPAIRS.

*Purneah.*—Repairs to all roads were carried out, but some of the works were executed late in the year owing to the bad management of the officiating District Engineer.

ORIGINAL WORKS.

*Maldah.*—The chief work has been the bringing into order of the Rajmehal and Dinagepore road, viz. the portion from old Maldah to the Dinagepore border. Repairs to bridges have been partially done and a considerable portion of the road raised.

Some lines of road in the north-east of the district, which were set out in the famine of 1873-74, have been opened out as relief works for this portion of the district. The deep ruts on some of these lines show the heavy traffic that must have passed over them. These were neglected and allowed to become nearly impassable and overgrown with jungle. Work was carried on here under famine rules, but was not availed of sufficiently to utilize all the allotments.

REPAIRS.

*Maldah.*—The usual repairs to the roads in the district were carried out.

ORIGINAL WORKS.

*Sonthal Pergunnahs.*—The principal works in this district done during the year have been :—

The completing the Rampore Hat and Dumka road, in which one bridge of three spans of 20 feet, one bridge of three spans of 17 feet, and two stone causeways were constructed. This road is now open for traffic all the year.

The bridging and metalling the Dumka and Deoghar road; about half of this has been done.

REPAIRS.

*Sonthal Pergunnahs.*—Most of the roads in the district were kept in fair order, but repairs were not executed so early or so completely as usual, as this was postponed so as to give as much relief as possible later in the season, when distress from scarcity was apprehended.

The timber trussed bridges in the Bhagulpore and Suri road (miles 42 to 72) are all showing signs of decay, more or less, and will have to be replaced by arched masonry bridges. Two have had to be shored up, and an allotment for their reconstruction will have to be made in 1884-85.

8. The following is an abstract of expenditure by Branch Committees on village roads :—

| Names of districts. | Expenditure on village roads. | | |
|---|---|---|---|
| | Rs. | A. | P. |
| Monghyr ... ... ... ... | 17,108 | 12 | 11 |
| Bhagulpore ... ... ... ... | 19,888 | 0 | 0 |
| Purneah ... ... ... ... | 8,664 | 10 | 9 |
| Maldah ... ... ... ... | 3,474 | 7 | 6 |
| Sonthal Pergunnahs ... ... ... | 415 | 3 | 6 |

*Monghyr.*—Considerable improvements have been effected to village roads. They have been kept in good repair.

*Bhagulpore.*—These are reported to have been well attended to, specially by the Banka and sudder sub-divisions.

*Purneah.*—The village roads seem to have been fairly looked after and maintained, but the number of district roads and the small cess income of the district only allow of a comparatively small allotment to each of the Branch Committees.

*Maldah.*—In this district village roads are included in the list of district roads. They are reported to have been well attended to by Messrs. Hennessy, Rice, Walton, and road staff.

*Sonthal Pergunnahs.*—In the Sonthal Pergunnahs there are but three village roads in the list : these have been attended to. Most of the purely village roads are put in order in the Damin by the villagers, and elsewhere more or less by the zemindars.

TREE-PLANTING.

9. *Monghyr.*—There were 10,893 trees planted out and maintained on the Tirhoot, Patna, and Tarapore roads under five years' contract system. Departmental planting is also going on, on 17 roads. Nurseries have been established in the sub-divisions of Monghyr, Jamooee, and Sheikhpura for the growth of 7,688 seedlings.

*Bhagulpore.*—Seven thousand four hundred trees have been planted out and maintained on four roads. They are thriving well. The Branch Committees have maintained the trees planted out on the five roads in previous years.

*Purneah.*—There were 1,147 trees planted out and 3,073 maintained, as well as some on village roads by the Branch Committees. Much progress under this head cannot be

expected in this district Trees in the north and centre suffer much from drought and damage by cattle, and in the south from floods, water logging the roots.

*Maldah.*—Report under this head has been called for and will be submitted to Government on receipt.

*Sonthal Pergunnahs.*—Nurseries have been established on all the main lines of road, and 5,000 trees, mostly mangoe, were planted out, during the year. The trees in this district are carefully tended and in a flourishing state. A number, now in their fourth year, will require no further maintenance after the next rains.

## ESTABLISHMENT.

10. *Monghyr.*—The District Engineer, Mr. Neuville, devotes much time and care to his work, and communications are rapidly improving in the district, more especially is this the case in the matter of permanent bridges, in which excellent work has been done. He has submitted a number of important estimates during the year, carefully worked out.

*Bhagulpore* —The Chairman remarks most favourably on the careful supervision of all roads by the District Engineer, Mr. Robinson, and on the good order they are kept in.

*Purneah.*—The Chairman again reports upon the great improvement to roads all over the district made by Mr. Roberts, the District Engineer, and upon his energy and ability for carrying out work, and I join in his regret that the Committee have been unable to show how they appreciate his services by giving him an increase of pay after 5½ years' service in that district owing to orders of Government to the contrary.

*Maldah.*—Baboo Jogendra Nath Ghose, the District Engineer, has been reported to have worked well.

*Sonthal Pergunnahs.*—The District Engineer, Baboo Apurva Krishna Mittra, is reported to have worked well, and the quality of work in bridging done has been favourably reported on by the Divisional Superintendent of Works.

11. The Divisional Superintendent of Works has given me every assistance during the year under report. He now possesses a knowledge of the works and requirements of the Division, which is very valuable.

## ACCOUNTS.

12. The usual abstracts of accounts accompany, viz :—

Abstracts giving the totals of receipts and expenditure in this Division.
The same showing details under the various heads.
The expenditure on works in the different districts.
The expenditure on village roads.
The statement showing the balance in hand at the close of the cess year in each district.

G. N. BARLOW,

*Commr., Bhagulpore Division and Sonthal Pergunnahs.*

No. 258, dated Maldah, the 27th February 1885.

From—The District Engineer, Maldah,

To—The Chairman, District Road Committee, Maldah.

WITH reference to your No. 149, dated the 20th instant, in connection with the Commissioner's No. 377, dated the 18th February current, I have the honour to report that 158 mangoe trees were duly maintained during the past cess year on two district roads—English Bazar to Nowabgunge and English Bazar to Amirty—of which the former had 151 and the latter 7 trees standing on their sides. In addition to above, about 800 young mangoe trees were planted in the compound of the Amirty bungalow, turned into a nursery during the year in question, of which 600 were alive and duly maintained by the chowkidar of the said inspection bungalow.

No. 155, dated Maldah, the 28th February 1885.

## PUBLIC WORKS DEPARTMENT,—BENGAL.

### DISTRICT ROAD FUND.

NOTIFICATION No. 168.

*The 28th April* 1885.

THE following annual accounts and reports of the Road Cess Committees of the districts of Cuttack, Pooree, and Balasore for the cess year 1883-84, together with the remarks thereon of the Commissioners of the Orissa Division, are published for general information.

G. F. E. S. NEILL, *Major*, M.S.C.,
*Under-Secy. to the Govt. of Bengal,*
*P. W. Dept.*

No. 394, dated Cuttack, the 16th December 1884.

From—G. M. CURRIE, Esq., Chairman of the District Road Committee,
To—The Commissioner of the Orissa Division.

I HAVE the honour to submit herewith copy of the District Road Fund annual account of receipts and disbursements for the cess year 1883-84, duly audited by a Sub-Committee under section 179 of the Cess Act, IX (B.C.) of 1880, and passed by the District Committee held on the 9th instant.

2. As to the state of the district roads, I beg to report that the existing roads were generally repaired: no new lines opened during the year under review for want of sufficient funds, as the Committee had to pay Rs. 7,052-5-2 for the revaluation establishment. However, five bridges and two culverts were constructed, and the works reported to have been done satisfactorily.

3. I have specially to remark here that the Cuttack Chandbali road was badly breached owing to a late flood pouring through a cut which the Public Works Department had allowed to be made in the Kharsua embankment. It is to be hoped that the Public Works Department will be more careful in future to prevent such recurrence. It should be noticed that, unless the estimate submitted with this office No. 236, dated 8th December 1882, for making the road good throughout, and metalling it up to Pattamundee, at the cost of Government, is sanctioned, there is no chance of its being kept up in good order.

4. Village roads are generally in good order: a few in Jajpur present difficulties from being liable to damage by flood-waters. There were 27 new roads constructed during the year, and Rs. 8,846 were spent as against Rs. 7,326 in the preceding year.

5. The trees planted along the different roads are generally thriving. A statement showing the number of trees planted during the year is herewith appended. Out of the trees shown in the statement 1,171 are fruit-bearing.

6. The inspection bungalows (13 in number) are all in good order, except the roof of the Aul bungalow, which show signs of decay: provisions have been made in the current year's budget to replace it.

7. A statement showing the attendance of the District and Branch Committees is enclosed. The attendance of the Executive Engineers will be seen from the following:—

| Name of Executive Engineers. | Number of meetings held. | Number of meetings attended. |
|---|---|---|
| Executive Engineer, Mahanuddy Division ... | 9 | 2 |
| Ditto Brahmini-Byturni Division ... | | |

8. The District Engineer and the establishment entertained in the Collection Department have worked satisfactorily. But the subordinates of the District Engineer are reported by him to have not all worked well.

9. As regards Statement A (Collection of cesses), I have already reported in paragraph 5 of my annual report on collections and arrears of cesses, No. 349, dated 5th ultimo, that Circular No. 8 of August 1881, enforced in this district from the beginning of the year under report, has slightly had the good effect of increasing the voluntary payments, so that Rs. 1,700 more were paid without issue of warrant—an increase of 3 per cent.—while the arrear balance has fallen from Rs 6,889 to Rs. 5,197.

10. I have seen but little personally of the district, having only joined on 29th March. I was out only for three weeks on irrigation enquiries near Kendrapara and Jagatsinghpur before September. Since which I have been tied to the station for want of a sufficient staff.

CUTTACK ROAD CESS OFFICE,
*The 25th November* 1884.

G. M. CURRIE,
*Chairman.*

No. 11, dated Pooree, the 23rd January 1885.

From—R. PORCH, Esq., Chairman, Road Cess Committee,
To—The Commissioner of the Orissa Division.

I HAVE the honour to submit the annual report on the administration of the District Road Fund for the cess year 1883-84, together with a detailed account of receipts and expenditure during the year.

2. The usual abstract statements showing the attendance of the members of the District Road Cess and the Branch Road Cess Committees during the year under report are annexed.

3 *Village roads.*—A sum of Rs. 1,247-0-9 was advanced during the year under report for village road work, and Rs. 848 was outstanding since last year for the same purpose, as, on account of rain and flood-water having covered the locality where the work was going on, the full amount of advance could not be availed of before the close of the year. The work completed during the year is for Rs. 471 only in thanas Pooree, Pipli and Gope, and that for the remaining sum was in progress, both in the sudder and Khorda sub-divisions. Of the outstanding advances (Rs. 1,624), a sum of Rs. 1,100 nearly is with the Branch Committee for village road works in Khorda and Banpur thanas.

4. *Tree-planting.*—Rupees 206 have been spent during the year in planting trees along the sides of the road from Patnaikia to Khorda, and Rs. 200 was spent for the same purpose during the previous year: thus the total sum of Rs. 406 has been spent in planting trees along the sides of this road.

5. *District Roads.*—Balugan to Banpur road has been metalled throughout and supplied with the full number of culverts and causeways; so also the Pipli to Khorda road. Other roads are improving gradually. A new road from Banpur to Baghura has been taken up during the year under report.

6. *Annual Inspection.*—The office of the District Road Cess Committee has not been inspected during the year by the Examiner.

7. The establishment of the District Road Cess Committee have discharged their duties satisfactorily.

8. Road cess was realized during the year under report at the maximum rate of 6 pies per rupee. The percentage of collection was 96·5, which is above the prescribed standard, *i.e.*, 95 per cent.

*Memo. of Original Works done and in progress during the cess year* 1883-84.

1. The diversion of the road from Pipli to Khorda, which was put in hand during the year 1882 83, has been completed. By this diversion the length of the road has been increased by one and a half miles nearly, but it has given relief to the villagers of Nijgur and its adjacent mouzahs, whose crops were annually destroyed on account of this road having stopped the free passage of rain and flood-water.

2. The detail estimates for the road from Sunakhola to Aitpur has not yet been submitted by the District Engineer for sanction. The work cannot be taken up again before the estimates are sanctioned.

3 The construction of causeways and culverts on the Patnaikia to Khorda road is in progress.

4. Several small culverts have been constructed on the Balugan to Banpur road, and three on the Pipli to Khorda road.

5. The extension of the Balugan-Banpur road to Baghura has been taken in hand during the year under review. Rock cutting is in progress.

From—T. J. C. GRANT, Esq., Chairman of the Balasore Road Cess Committee,

To—The Commissioner of the Orissa Division.

I HAVE the honour to submit the annexed accounts* and the following brief report on the administration of the Road Fund of this district for the cess year ending 30th September 1884.

*Submitted before.

2. *Original Works.*—Of the works shown under this head in the statement, the widening of the Port road and the construction of side drains and causeway on the Mitterpur road have considerably improved the state of these important roads, which are much used by the people of this part of the district.

3. *Repairs.*—Almost all the roads in the district were repaired last year, more or less. The year of course was not one very favourable to this sort of work, as in the working season there was plenty of rain, which caused heavy floods, and thereby damaged the roads much. These damages were subsequently remedied, as far as time and funds could permit. The submission of a revised budget under the orders of Government did not make it necessary to ask for any extra sanction in excess of the budget allotment. The case of one road, viz the road from Bhadruck to Chandbali, under this head deserves special notice. The cost of remodelling it being found to be too heavy to be borne by the Road Cess Committee, the Government of Bengal in their No. 1381 of the Financial Department, dated the 31st May 1881, sanctioned a grant of Rs. 50,443 for the purpose. Out of this sum Rs. 39,152-1-7 was recovered by the Committee last year and paid back into the treasury to meet the expenditure made on the road by the Public Works Department in whose charge it is kept for the years 1882-83 and 1883-84. The remainder will be recovered when necessary.

4. *Village roads.*—The sums allotted for the village roads of the district were utilized last year as far as possible. The requests of all the villagers who came forward to ask for grants for improvement of their village communications were fully complied with, and except in a few cases the advances made during the year were adjusted by actual work before it came to a close. In no case was any advance made to any party refunded by him. The number of village roads opened during the year under report is much larger than that of any previous year.

5. *Arboriculture.*—The arboricultural operations of the year were satisfactory. The nursery gardens were kept neat and clean, and the trees therein were carefully preserved and seedlings planted. In order to improve the arboricultural operations of the district, the Committee had long ago framed a system of rewards to be paid to persons who would plant and tend both fruit-bearing and other trees for three years. But the agricultural public appear to have little appreciated this system, which has consequently not proved successful, although it involves great benefit to those who would try it. Only one person made attempts in this direction, and was successful and rewarded properly. The trees planted have been fenced with iron nettings.

6. *Proposed works.*—The following are the original works proposed to be executed during the current year:—

(1)—Widening and lengthening the Port road, with compensation for land to be acquired

(2.)—Constructing drains on the sides of the Mitterpur road.

(3.)—Constructing timber bridges on the Soro to Kupari road. The estimates submitted for the execution of original and repair works during the current year are under examination.

7. *Committee.*—The sudder and sub-divisional committees consist of 17 and 15 members respectively: other particulars on this head will be seen from the statements annexed.

*Attendance of Executive Engineers at meetings.* None of the Executive Engineers attended any meeting of the Road Cess Committee.

8. *Working of the Cess Act, IX (B. C.) of 1880.*—The new Cess Act has given rise to no complaints. The arrears of cess are realized under the provisions of the Certificate Act. But in order to effect speedy collections, the present procedure under the Certificate Act requires some amendment. The matter has been dealt with in the cess report for the year under review.

*Explanatory sheet to accompany the annual returns of the District Road Fund for the year* 1883-84.

(*a*). The increase of expenditure under these heads is due to the fact that the salary of the establishment for September last, which as usual, would have to be charged against the current year's allotment, was paid in advance owing to the Pujah holidays.

(*b*). These two clerks were not provided for in the last year's budget, but were entertained to select from the Collector's register B, petty plots of lakhiraj holdings held by one individual, the value of each of which is below Rs. 5, but the aggregate value exceeds that sum. In anticipation of Board's sanction, which will be shortly applied for, provision has been made for them in the current year's budget.

(*c*). The increase under this head is due to the fact that under the Board's Circular No. 3 of September 1882 ordinary postage stamps were affixed to covers relating to the administration of the road fund.

(*d*). The excess expenditure was incurred according to the requirements of the Accountant-General, Bengal—*vide* his Nos 381L.F., 613L F., and 234L.F., dated 30th November 1883, 30th January 1884, and 16th July 1884, respectively.

(*e*). This provision was supplemented by an additional sum of Rs. 1,500, as sanctioned in the Commissioner's No. 336C., dated the 8th August 1884.

(*f*). This road is in charge of the Executive Engineer of the Balasore Division. Rs. 600 was advanced to him during the year, for which no accounts having been received from him, no adjustment was made in the accounts of the office.

(*g*). The road being in a state of very bad repair, an excess expenditure of Rs. 39-14-4 was necessary. It may be met from the balance outstanding at the close of the year.

(*h*). The original provision for this road was supplemented by a further grant of Rs. 4,164-5-1—*vide* Commissioner's No. 1238, dated the 2nd September 1884.

(*j*). The original provision was for Rs. 975, but the overseer had to be paid for ten months and six days of the current year, and for the last month of 1882-83 at the full rate, and for the remainder at half-rate. Hence the budget allotment was exceeded.

(*k*). The above explanation holds good in this case, the only difference being that this overseer was employed for five days more than the other.

(*l*). The original provision was for ten months only, while the mohurir was paid at Rs. 34 for ten months and six days of the current year, and at Rs. 40, which was the rate of his former pay, for the last month of 1882-83, and Rs. 11-10-4 his horse allowance for August 1883, which had not been drawn in that year.

(*m*). There being no provision in the budget, the road mohurir was paid from the surplus balance to the credit of the fund under Commissioner's No. 397C., dated the 9th October 1884.

(*n*). This amount includes Rs. 150 advanced in the year 1882-83, which accounts were received and adjusted in the office during the year under report.

No. 78C., dated Burkul, the 9th March 1885.

From—C. T. METCALFE, ESQ., C.S.I., Commissioner of the Orissa Division,

To—The Secretary to the Government of Bengal, Public Works Department.

I HAVE the honour to forward herewith in original the annual accounts and reports of the several Road Cess Committees of this division for the year 1883-84, for publication in the *Calcutta Gazette* under section 179 of the Cess Act.

2. The reports and accounts have been prepared in accordance with the instructions contained in Government orders Nos. 973A. of the 14th September and 201A of 26th February 1880, respectively.

3. The actual receipts of the year, compared with those of the two previous years, together with the estimate for the year under review, are given below :—

| PARTICULARS. | ACTUAL. | | | ESTIMATED. |
|---|---|---|---|---|
| | 1881-82. | 1882-83. | 1883-84. | 1883-84. |

| Total Income ... | 1,18,993 | 1,34,895 | 1,67,258 0 0 | 2,20,294 |

4. It will be observed from the Balasore District Road Fund Accounts, submitted herewith in original, that interest on arrear cess has been under "Fees, fines, and forfeitures," instead of under the sub-head "Miscellaneous," as it should have been. The Collector's attention was drawn to this last year in this office No. 131C., dated 24th March 1884. He will again be called to note the point.

5. The percentages of cess collections on the estimated receipts are shown below :—

| DISTRICT. | Estimated receipts. | Collections. | Percentage. |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| Cuttack ... .. ... | ... 67,287 | 69,474 | 103·2 |
| Pooree ... ... ... | ... 34,852 | 34,488 | 93·2 |
| Balasore ... ... ... | ... 67,924 | 71,058 | 104·6 |

6. In Cuttack and Balasore the collections were larger than the estimated receipts; Pooree fell short.

7 The sum of Rs. 51,862 shown against the sub-head "Miscellaneous," in statement at paragraph 3 above, includes the following contributions towards the joint Road Cess and Public Works Cess establishments sanctioned under Government order No. 2 of the 31st January 1879 :—

| | Rs. |
|---|---|
| Cuttack ... ... ... ... ... | 1,700 |
| Pooree ... ... ... ... ... | 700 |
| Balasore ... ... ... ... ... | 1,050 |
| Total ... | 3,450 |

8. In Balasore the sum of Rs. 350 which was allowed to lapse in the past year, as noticed in paragraph 8 of the previous year's report from this office, was drawn during the year under notice, in addition to Rs. 700 sanctioned by the Government order quoted above.

9. The actual outlay, compared with the expenditure of the two previous years stands thus :—

10. The sum of Rs. 28,991 shown against heading "Establishment and contingencies of office of collection", and Rs. 16,028 against Public Works Cess establishment include respectively the expenses incurred on account of the revaluation work, and the gratuity given to the two overseers of Balasore, whose services were dispensed with on the appointment of a District Engineer under Government order No. 3106E., dated 5th September 1884.

11. The subjoined table shows the proposed and actual outlay on works during the year :—

| DISTRICT. | ORIGINAL WORKS. | | REPAIRS. | | Total proposed. | Total actual. | Percentage. |
|---|---|---|---|---|---|---|---|
| | Proposed. | Actual. | Proposed. | Actual. | | | |
| | Rs. | Rs. A. P. | Rs. | Rs. | Rs. | Rs. | Rs. |

12. *Village roads.*—The following figures exhibit the expenditure incurred on village roads in each district, as compared with the previous year :—

| DISTRICT. | Grants, 1883-84. | Expenditure, 1883-84. | Expenditure, 1882-83. |
|---|---|---|---|
| | Rs. | Rs. | Rs. |
| Cuttack ... ... ... | 9,815 | 8,846 | 7,226 |
| Pooree ... ... ... | 3,830 | 1,223 | 7,716 |
| Balasore ... ... ... | 4,500 | 3,987 | 4,010 |

13. It will be seen from the above that the amount expended in Cuttack was larger than that of the previous year. Twenty-seven new village roads were made at a cost of Rs. 8,846. The roads are in good order. The Chairman of the Balasore Road Cess Committee reports that the requests of all the villagers who came forward to ask for grants for the improvement of their village communications were acceded to, and only a small balance of

Rs. 513 was left at the end of the year. In Pooree Rs. 1,223 have only been expended during the year against Rs. 7,716 of the previous year. The Chairman will be asked to explain what led to the allotment not being utilized.

14. *District Roads.*—As to the state of district roads, the Chairman of Cuttack states that the existing roads were generally repaired, but no new lines were opened during the year under review for want of sufficient funds, as the Committee had to pay Rs. 7,052 for the revaluation establishment. Five bridges and two culverts were, however, constructed. The Cuttack and Chandbali road was badly breached owing to a flood pouring through a cut which the Public Works Department had allowed to be made. It is said that, unless this road is metalled up to Patamundi and maintained throughout at the cost of Government, there is no chance of its being kept in good repair from the district funds. Had the Cuttack Committee made some attempt to metal certain portions of the road every year, a good deal of improvement might have been made by this time. The sums spent annually on earthwork seem unreasonably heavy. My predecessor, Mr. Larminie, called the attention of the Chairman to this point. The Pooree, Balaguan and Banpur road, in district Pooree, is reported to have been metalled and supplied with culverts. I was able to drive over the road lately, but the metalling has been badly done, and much of the work will have to be done over again. The road from Piplee to Khorda has also been metalled, and improvements have been made in other roads in the division. The work in Balasore has not been at all satisfactory. The roads show want of care and proper treatment. The main road through the district is kept in repair from Provincial Funds, thereby relieving the district funds, and thus leaving more money in hand for bye-roads, but they are all in a miserable state for want of repairs. It is true that the district funds are not large, and means are limited, but my inspection of the roads showed a want of care in repair of bridges and earthwork, which were matters of supervision rather than of expenditure. I have lately put the condition of the Balasore roads strongly before the District Road Committee, and hope that hereafter something may be done to improve matters. But it will be some years before the district roads can be put in order, and if the present system is not modified, Balasore will never have a good road in any part of the district.

15. The want of a road from Bhudruck to Chandbali is greatly felt. It seems singular that the principal part of a district should not be connected with the interior by a passable road, but such is the case Passengers landing at Chandbali have to make their way as best they can over a line at times almost impassible. Many important lines of road remain to be made. Under the present system of spending small and inadequate sums of money on a number of roads money is, in my opinion, wasted and no real progress made.

16. *Certificate Act.*—The Certificate Act the Collector of Cuttack reports that the provisions of Circular No. 8 of August 1881 have been enforced, with the effect of slightly increasing voluntary payments. There has been an improvement of 3 per cent. in the receipts, and the arrear balance has fallen from Rs. 6,889 to Rs. 5,197. The Collector of Balasore complains that the Act works slowly, and it takes time to clear up balances.

17. *Expenditure on trees.*—The expenditure on trees has not been sufficient, and no great progress was made in this work.

18. The subordinate establishments of Balasore and Pooree are reported to have worked well, but not those of Cuttack. The accounts of the Poorce district were not inspected by the Examiner during the year.

### PUNJAB PUBLIC LIBRARY.

COMMITTEE OF MANAGEMENT.

Lieutenant-Colonel E. G. Wace, Financial Commissioner, Punjab, *President.*

*Members:*

The Secretary to Government, Punjab.

D. C. J. Ibbetson, Esq., C.S., B.A., Director of Public Instruction, Punjab.

E. W. Parker, Esq., District Judge, Lahore.

S. R. Wheeler, Esq., F.R.G.S., Editor, *Civil and Military Gazette.*

Pandit Rám Naráin, Pleader, Chief Court, Punjab.

J. Lockwood Kipling, Esq., Principal of the School of Art.

C. B. Bruid, Esq., C.S., Assistant Commissioner, Lahore, *Secretary.*

THE LIBRARY.

This institution has been established, at the desire and with the assistance of the Punjab Government, in order to provide a Public Library for the use of all classes in the province.

Admission to the Reading-Room is free; and books will be lent out subject to rules and subscriptions, which can be ascertained on application to the Librarian.

A large contribution of books and pecuniary support have been promised by Government; but the Committee earnestly appeal to the public for further contributions of books, both European and Oriental.

Privileges will be given to donors of twenty volumes and upwards.

Until the library is formally opened, a private donation of standard works, accepted by the Committee and valued by them as worth not less than Rs. 50, will entitle the donor to the privileges of life member. A second donation of the same value will entitle the donor to nominate a life member.

Life members will be exempt from payment of *deposits*, subscriptions and fees otherwise required by the rules.

Assistance is especially desired towards securing a complete collection of books relating to India and the East.

Societies, Institutions, and Departments of Government are invited to contribute.

Donors of books may make it a condition of the donation that any of the books they give shall not be lent out, except to the Donor.

Communications should be addressed to——The Secretary, Punjab Public Library, Lahore.

The following revised advertisement is published in substitution of that which appeared at page 1084, Part II of the *Calcutta Gazette* of the 9th July 1884:—

## The Indian Law Reports,

*Published under Authority.*

THE Indian Law Reports, published under the authority of the Governor-General in Council, appear in monthly parts, published as soon as possible after the first of each month at Calcutta, Madras, Bombay, and Allahabad, and comprise four series—one for the Calcutta High Court, a second for the Madras High Court, a third for the Bombay High Court, and a fourth for the Allahabad High Court. The cases heard by the Privy Council on appeal from each High Court are reported in the Series for that High Court. Cases heard by the Privy Council on appeal from Provinces in India not subject to any High Court are reported in the Calcutta Series.

The Calcutta Series is distributed by the Bengal Secretariat; the copies for subscribers registered by Messrs. Thacker, Spink & Co., are distributed by that firm; and the Madras, Bombay, and Allahabad Series are distributed direct from Madras, Bombay, and Allahabad respectively.

In supersession of the previous advertisements, on and from the 1st January 1885, the terms of subscription and sale will be as follows:—

*Terms of subscription payable annually in advance.*

For the complete series, *including postage*, Rs. 22-8.

*Statement showing Rainfall, Weather, and State and Prospects of the Crops in the different Districts of Bengal, as reported to Government during the week ending the 25th April* 1885.

| | | District, and date of return | | Rainfall at Sudder Station in inches | Character of the weather, state and prospects of the crops, and state of health at date. |
|---|---|---|---|---|---|
| BENGAL | | | | | |
| | | *Western Districts* | | | |
| Burdwan Div. | 1 | Burdwan, | April 25 '85 | Nil | Weather—a little cooler latterly. Price of rice varies from 12 to 15 seers per rupee with an upward tendency. Cases of cholera and small-pox prevail in many places. |
| | 2 | Bankoora, | „ 25 „ | Nil | Weather hot and dry, latterly cloudy. Prospects of crops continue good. Sugarcane is being transplanted in places; ploughing is at a stand-still for want of rain. General health good. |
| | 3 | Beerbhoom, | „ 25 „ | Nil | Weather—hot and cloudy at times. Rain is much wanted; no important crop on the ground; price of common rice varies from 15 to 16 seers per rupee. Cases of cholera continue; general health otherwise good. |
| | 4 | Midnapore, | „ 25 „ | Nil | Weather still very hot. No crops on the ground except some *boro* paddy in the Ghatal sub-division; rain is much wanted both for cultivation and for drinking purposes. Public health normal. |
| | 5 | Hooghly, | „ 25 „ | 0·03 | Weather—hot. There was a good shower of rain on the 24th, and it is yet falling. Prices show a tendency to rise owing to the continued drought Public health good |
| | | Howrah, | „ 27 „ | 0·05 | Weather—cooler than before. Rain is still much wanted; the rain which fell on Saturday was very insufficient for purposes of cultivation. Public health good. |
| | | Colooberiah | .. | 0·06 | |
| | | *Central Districts* | | | |
| Presidency Div. | 6 | 24-Pergns. | April 27 '85 | 0·09 | Weather—hot and dry. There are no crops on the ground. Public health is generally good, though cholera as usual at this season is reported. |
| | 7 | Nuddea, | „ 25 „ | Nil | Weather—very hot. Ploughing for early paddy is being impeded for want of rain, which is urgently wanted throughout the district. Fever decreased; cholera increased. |
| | 8 | Khoolna, | „ 25 „ | Nil | Weather—hot and dry with southerly breeze. Harvesting of *boro* paddy is nearly finished; the crop is much injured by hail; rain is wanted for ploughing; price of rice has risen. Public health is fair. |
| | 9 | Jessore, | „ 25 „ | 0·04 | Weather—very hot. Want of rain is very badly felt; cultivation is stopped. Cases of fever and cholera are reported. |
| | 10 | Moorshedabad, | „ 25 „ | Nil | Weather hot; somewhat cloudy at the close of the week. Rain is very much wanted for sowing *aus* paddy; price of rice is slowly rising owing to want of rain; the rate now is 13 seers per rupee. Sporadic cases of cholera occur; otherwise public health is good. |
| Rajshahye Div. | 11 | Dinagepore, | April 24 '85 | Nil | Weather—slight rain fell here and there, but it is generally much wanted. Cultivation is going on slowly in all parts of the district; rice is still selling at 16 seers per rupee on an average. |
| | 12 | Rajshahye, | „ 25 „ | Nil | Weather—extremely hot; cloudy, but rain still holds off. Rain is most urgently wanted for preparation of lands for paddy, *til*, and jute; *boro* paddy is suffering from want of rain. Cholera general throughout district; small-pox also prevails. |
| | 13 | Rungpore | „ 25 „ | Nil | Weather—hot with strong west winds during day, and cool during night. Prospects of *aus* paddy are still good; rain is urgently wanted; jute is up in some places Public health good except some cases of cholera here and there in the interior of the district. |
| | 14 | Bogra, | „ 25 „ | Nil | Weather—hot Rain is most urgently wanted. Cholera and fever are prevalent; small-pox and cattle-disease appear in places. |
| | 15 | Pubna, | „ 25 „ | Nil | Weather—excessively hot with south-westerly winds and occasional clouds at the latter part of the week. Rain is very much wanted; *cheena* crop is reported to have failed in the Serajgunge sub-division |
| | 16 | Darjeeling, | „ 25 „ | 4·15 | Weather—heavy rain believed to be general. State and prospects of crops good. The rain was accompanied by hail which has done damage to tea |
| | 17 | Julpigoree, | „ 25 „ | Nil | Weather—very hot and dry. Land is being prepared for *bhadoi* paddy, in some places sowings have commenced; rain is wanted; common rice is selling at from 13 to 18 seers per rupee. Planting of sugarcane is nearly done. Public health good except in Alipur, where fever is very prevalent; a few cases of cholera at Boda. |
| | | *Eastern Districts.* | | | |
| Dacca Division | 18 | Dacca, | April 25 '85 | Nil | Weather—very hot. *Boro* paddy is being harvested; ploughing and sowing of jute, *aus* and *aman* paddy are going on, but rain is much wanted; prospects of crops fair. Cases of small-pox in the town, and sporadic cases of cholera in the district |
| | | Munshigunge | ... | 0·10 | |
| | 19 | Furreedpore, | „ 25 „ | Nil | Weather—excessively hot, clouds have gathered, and a few drops of rain have fallen Rain much needed, cultivation stopped for want of it; great want of drinking water is felt, especially at head-quarters. Health fair. |
| | 20 | Backergunge, | „ 23 „ | Nil | Weather—very hot and sultry. Standing crops are dying in the Perozepur sub-division for want of rain. Cholera and fever prevail in several places; there have also been some cases of small-pox in the Kotwali station. |
| | 21 | Mymensingh, | „ 24 „ | Nil | Weather—hot with strong variable winds *Boro* paddy is being reaped in part of the district; rain is wanted for agricultural operations |

CALCUTTA, *the 27th April* 1885.

## SUMMARY OF THE METEOROLOGICAL AND RAINFALL OBSERVATIONS TAKEN IN BENGAL FOR THE WEEK ENDING FRIDAY, THE 24TH OF APRIL 1885.

For the first five days of the week the meteorological conditions and changes were of little interest, and the prominent features of the two previous weeks remained unchanged. Temperature was abnormally high in all districts; pressure continued to oscillate, the downward movements being generally rather larger than the upward, and a strong and steady westerly element was present in the wind directions of all parts of the Province except East Bengal. On the 23rd the movements of the barometer became rather irregular in parts of the Province, showing that conditions were becoming unsettled, and on the 24th a strong easterly wind current set in over North Bengal and North Behar and at some stations in South Behar. South-easterly winds were, however, still blowing in East Bengal, while in the southern parts of South Behar and in Chutia Nagpur winds were strongly westerly and north-westerly. Winds were also generally southerly in South West Bengal. A considerable amount of interaction necessarily took place between these opposing wind systems, and the previous meteorological conditions of the Province became almost reversed. The interaction between these wind systems caused the sky to cloud over very rapidly, and the conditions at once became favourable for the production of the local hot weather storms known as nor'-westers. With the setting in of the strong easterly current on the 24th, pressure increased with very great rapidity, and in some cases the rise of the barometer within 24 hours was equal to almost a fifth of an inch. It will thus be seen that until the last day of the week the conditions were not favourable to rainfall, and only a few light and local showers fell in Orissa and East Bengal during the earlier days of the week. With the slightly disturbed conditions on the 23rd, a few showers fell in South-West Bengal, but with the further development of these conditions which took place on the 24th, rain fell at some of the stations in North Bengal, and Darjeeling received the very heavy rainfall of 4·15 inches during a thunderstorm which was accompanied by hail.

Pressure was for the first six days of the week decidedly below the normal, but with the very rapid increase of pressure which occurred on the 24th, it became above the normal in all parts of the Province, the excess in some cases, as in Behar, being equal to 0·12." The mean pressure for the week has, however, been below the normal in all parts of the Province except Chutia Nagpur. The greatest defect was at Purneah, where it has equalled 0·092", but the average defect over the whole Province has only been 0·033."

Temperature has again been very high throughout the week, though on the 24th it commenced to fall generally. The mean temperature of the whole Province has been 2·5° above the normal, the seat of the greatest excess temperature having been South-West Bengal, where it equalled 4·7°. At Calcutta and Jessore the excess temperature above the normal has been no less than 5·6°. Very high maximum temperatures have again been reported during the past week; the highest reported has been 112·3° from Rampore Beauleah, but it is perhaps doubtful, and Midnapore reports 110·4°. The following stations also have registered maximum temperatures of 108° and upwards:—Burdwan, Raneegunge, Cuttack, Berhampore, Kishnagore, Gya and Chyebassa. At Calcutta the maximum temperature recorded was 105°.

Rainfall, as has been stated, has been practically absent throughout the week, the only rain of importance (4·15 inches) having fallen at Darjeeling on the 24th. Absolutely no rain has fallen in Behar. In South-West Bengal and Chutia Nagpur the average amounts recorded are expressed as two or one hundreths of an inch, and in North Bengal, if the heavy rainfall at Darjeeling is omitted, rainfall has been practically absent. East Bengal has received an average of nearly a tenth of an inch, and in Orissa the amount has averaged more than a tenth of an inch.

The following table gives the summary of the temperature and rainfall data of each of the seven meteorological divisions of the Province for the week ending Friday, the 24th of April 1885:—

The mean pressure, temperature, &c., are deduced from the traces of the Barograph and Thermograph, and from observations made at 6h, 10h, 16h and 22h.

The maximum and minimum temperatures are obtained from self-registering thermometers. All the thermometers are verified, and the readings have been corrected to a standard constructed and verified at the Kew Observatory. They are exposed under a thatched shed open at the sides, and are suspended four feet above the ground.

The barometer readings are corrected approximately to those of the standard Newman's No. 86 formerly at the Surveyor-General's Office.

The hygrometric elements are obtained from Tables III, IV, and V of the official tables computed in the Meteorological Office, and based on Regnault's modifications of August's formula.

The directions and the movement of the wind are taken from the trace of a Beckley's anemograph.

The mouth of the rain-gauge is one foot above the ground.

o overcast, g gloomy, lr lightning reflection, d drizzling rain, t thunder, p passing temporary showers ≤ lightning, ⌓ dew.

* A special census of the Europeans in the Darjiling Municipality was recently taken as the census of this section of the community, taken in February 1881, was not reliable owing to the Europeans being at a minimum in that month. The number of the native remains as before, as it was not necessary to re-census them. The ratios have consequently been calculated on the revised population under all heads in the above table, except "*Age*," the ratios under which have been omitted, inasmuch as the census of the Europeans also is alluded to [illegible] population owing to the results of the census under this head not having been recorded under the authorised form of age classification.

NOTICE TO MARINERS.—(No. 22.)

BAY OF BENGAL.

BURMA COAST—ARAKAN.

*Fixed light on Oyster Island, Akyab.*

WITH reference to Notice to Mariners, No. 25 of 22nd May 1884, the Superintendent of Lighthouses, Rangoon, has given notice that a *temporary* light is now exhibited from a lighthouse recently erected on the centre of Oyster Island, off the entrance to the Myou River, in order to render safe the western and northern approaches to Akyab harbour, in consequence of the Oyster Reef lighthouse having been destroyed by a cyclone in May 1884.

The light is a *fixed white* light, elevated 75 feet above the level of high-water, and in clear weather should be seen from a distance of 10 miles.

The illuminating apparatus is *dioptric*, or by lenses of the *fifth* order.

The lighthouse, constructed of *wood*, is situated on the centre of the island.

The Oyster island, which is very low and of small extent, has a little jungle grass growing on its summit, and is reported to be visible from a distance of 5 to 6 miles. It lies 8½ miles N. W. ½ N. from the Oyster Reef (the site of the old lighthouse) and about 10 to 11 miles off the nearest shore, and is surrounded with dangers, especially off its S. E. end, where shoal water extends for a distance of some 3 miles.

Position as given:—Latitude 20° 12′ N.; longitude 92° 33′ E.

NOTE.—A *blue* light is shown, from a wooden staging 24 feet high, every half-hour between sunset and sunrise.

*Caution.*—Vessels approaching from the Southward and Westward should not shoal into less than 15 fathoms, and great care and attention therefore is necessary when making the light in thick or squally weather, owing to the weak power of the light, as also to the great danger of Oyster Reef. Masters of vessels are hereby warned to make certain of their position before standing in towards the island, and then, with the lead going, should not approach within a depth of 20 fathoms, unless the light is sighted.

*The Bearings are Magnetic.*

DECLARATION.

*The 30th April* 1885.—Whereas it appears to the Lieutenant-Governor of Bengal that land is required to be taken up by Government at the expense of the Calcutta Municipality for a public purpose, viz. for widening ditch No. 17 in Ward No. 6, it is hereby declared that for the above purpose pieces of land No. 6, Beadon Street, and No. 18, Oomesh Chunder Dutt's Lane, in the town of Calcutta, district 24-Pergunnahs, measuring, more or less, 1 cottah 1 chittack and 36 square feet only, are required.

The boundaries of the lands are as follows:—

*Portion marked A on plan*:—On the north and east by the ditch No. 17; on the south by premises No. 18, Oomesh Chunder Dutt's Lane; and on the west by premises No. 19, Oomesh Chunder Dutt's Lane.

*Portion marked B on plan*:—On the north by premises No. 6, Beadon Street, and on the south, east and west by the ditch No. 17.

Plans and specifications of the lands are filed in the office of the Commissioners for public inspection.

This declaration is made, under the provisions of section 6 of Act X of 1870, to all whom it may concern, in supersession of the declaration, dated the 3rd February 1885, published in Part I, page 53 of the *Calcutta Gazette* of the 4th idem.

J. WARE EDGAR,
*Offg. Secy. to the Govt. of Bengal.*

No. ST—1, dated Calcutta, the 1st April 1885.

From—E. T. ATKINSON, Esq., Accountant-General, Bengal,
To—The Secretary to the Government of Bengal, Financial Department.

IN accordance with the orders of the Government of Bengal, dated 26th December 1878, and with reference to rule 7, chapter 11 of the Civil Account Code, I have the honour to forward, for publication in the Gazette, a list of all investments on the register of my office on the 31st March 1885.

[Seventh Publication.]

IRRIGATION.

*The 24th March* 1885.

*No.* 119.—*Notification.*—Notice is hereby given that the Lieutenant-Governor of Bengal proposes under sections 78, 79, 80, 81 and 99 of Act III (B.C.) of 1876 to pass the following rules for carrying out the provisions of the said Act, with respect to the Sarun Canals. These rules will supersede those at present in force:—

1. In Notification No. 179, dated 18th August 1879, under the provisions of Part II of Act III of 1876, Government has reserved to itself the rights of property in the water in the following canals and river beds forming part of the Sarun irrigation scheme:—

1. Roopun Chap Sota.
2. The head cut.
3. The Daha river and the water channels in continuation of or in connection with it.
4. The Gandaki river and the water channels in continuation of or in connection with it.
5. The Dhanai river and the water channels in continuation of or in connection with it.
6. Gangri river and the water channels in continuation of or in connection with it.

These canals and rivers will hereinafter be referred to as the Sarun Canals.

2. No person shall take water from the Sarun Canals for irrigation or manufacturing purposes without the written permission of a duly authorized person.

Licenses will be required—

(*a*)—For the construction of temporary dams in the canal beds.

(*b*)—For the irrigation of lands by flow or lift.

(*c*)—For the construction of village channels and distributaries leading from the canals for the irrigation of lands.

(*d*)—For water used for the purpose of any manufacture by any person other than a canal manager.

(*e*)—For the erection of fishing weirs or the use of fishing nets—(1) in the head cut; (2) in the new cuts from the Roopun Chap Sota to the Daha, Gandaki, Dhanai, and Gangri river beds; (3) in any other new cuts which may be made hereafter.

3. Government reserves at present its right to levy tolls for irrigation, and to charge for filling tanks, watering cattle, or for water for other domestic purposes.

4. The revenue administration of the Sarun irrigation scheme is vested in the Collector, who is ex-officio head of the Canal Revenue Department. The Executive Engineer of the Gunduck Division as canal officer is charged with the maintenance and management of the canals, but all orders passed by him under the Act or these rules are appealable to the Collector, under whose general directions he will act. All orders relating to the canal revenue will usually be issued by the Collector (through the Executive Engineer or not, as the case may be), and all correspondence intended for the Collector in this department should be addressed to the Collector direct, or through the Executive Engineer, Mozufferpore, or the Assistant Engineer, Gopalgunge.

5. For administrative purposes, the Sarun district is divided into the sub-districts enumerated in the following rule, and shown in a map deposited in the Collector's office. The boundaries of the sub-districts and their number may be hereafter modified.

6. The following guarantors are, till further orders, appointed canal managers, and will, within the under-mentioned sub-districts, act as the agents of Government in managing the affairs of the canals.

7. The more particular duties of a Canal Manager will be—

1*st.*—To receive applications and grant permits, printed in the prescribed form, for the use of water under sections 74, 75, and 77 of the Irrigation Act.

2*nd.*—Subject to the instructions of the canal officers to distribute, under the provisions of section 76, the water-supply allotted to his sub-district.

3*rd.*—To recover and credit to Government the water-rates.

4*th.*—To superintend and maintain such establishment as may be found necessary for the assessment and collection of water-rates within his sub-district.

8. Canal Managers have no power under Parts III, IV, and V of the Act; and all claims to remission under section 76 of Part VI should be referred to the canal officer or his assistant for disposal. Complaints regarding unauthorized use of canal water under sections 79, 80, and 81 are also to be referred to the canal officer or Collector for decision.

All proceedings connected with the recovery of water-rates by distraint or other compulsory process will be undertaken by the Collector.

9. Any Manager desiring the construction of a temporary dam across the Roopan Chap Sota, or across the bed of the Daha, Gandaki, Dhanai, or Gangri rivers must prefer a written application to the canal officer specifying the object of the work and the length of time for which it is required. It will be at the discretion of the canal officer to reject the application or to grant it on such conditions as he may think fit, one of the conditions being the power reserved to the canal officer of cutting the bund, if it should ever appear to him, in the public interests, necessary to do so.

Provided, however, that no such dam shall be constructed without due provision being made, by means of a proper escape channel, for the supply to the guarantor or guarantors, on the same river below such dam, of the share of water to which he or they may be entitled under the decision of the canal officer.

10. Any person other than a Manager who may desire to construct a temporary dam across the bed of any of the rivers mentioned in the last rule must prefer his application to the Canal Manager in charge of the sub-district in which the site of the proposed dam lies. The latter will then forward the application with his remarks to the canal officer for orders.

11. Any person, whether he be a Canal Manager or not, who constructs a dam across any of the river beds referred to in Rule 9, without having first obtained the written permission of the canal officer, or who after the construction of an authorized dam, does or abets the doing of any act to impede the free flow of water through the escape channel provided for such dam, will be liable to prosecution under section 93, Act III (B.C.) of 1876, chapter XVII of the Indian Penal Code, or otherwise as may seem proper to the Collector.

12. With reference to Rule 7, paragraph 2 above, it will be competent to the Canal Manager, subject to the control of the canal officer, and on his own responsibility,* to allow the construction of such temporary dams in any of the village channels (subsidiary to the main river beds mentioned in Rule 9) within his sub-district, as he may consider necessary for the proper distribution of the water-supply allotted thereto.

* With reference to the possible damage to crops, &c.

13. If one or more of the riparian proprietors desire to have a permanent dam or regulator constructed in any channel or river bed, he or they shall present an application to that effect to the Collector, who will consult the Canal Manager and the canal officer as to the desirability of constructing such dam or regulator. Should its construction be deemed desirable, the Collector will cause plans and estimates to be prepared, and he shall also call upon the applicants to deposit the cost (including cost of establishment), or to give a guarantee securing its payment when required, and providing that, if the cost of the work should, through unforeseen causes, exceed the original estimate, the balance will be made good by the applicant. The agreement will also provide for the dam or regulator being kept in proper repair, as well as for its being taken over by Government at a fair valuation, should this ever be considered expedient. The construction of such dam or regulator will be carried out by the canal officer, who shall also have power to stop all supplies of water if it is not subsequently maintained in proper repair.

14. Each application for a permanent dam or regulator will be considered on its own merits, and will only be granted on such conditions as the Collector in consultation with the Superintending Engineer shall consider fit.

15. A register will be kept of the owners of each permanent dam or regulator, and any person may at any time apply to the canal officer to be made a joint owner. The canal officer may either reject such application, or if he think fit, he may issue a notice upon the registered owner or owners, and after hearing any objection which the registered owner or owners may prefer against the admission of such applicant to be a joint owner, in either case he shall report fully to the Collector, who may confirm the original rejection of the application, or may direct that the applicant be registered as such joint owner, on payment to the registered owner or owners of such sums as may be fixed by him.

16. Persons desiring to irrigate their fields with canal water by flow or lift, must apply in person or by agent to the Canal Manager, whereupon the latter shall issue a permit in the prescribed form (Appendix B). The right to irrigate without extra charge extends up to the 31st of March following the date on which the permit was issued; provided, however, that under the operation of this rule one and the same crop be not assessed more than once. The rate charged shall not exceed Re. 1 per acre (or 12 annas per bigha), irrespective of the crops grown, except in special cases to be determined by Government.

17. Any person other than a Canal Manager desirous of taking water for the manufacture of indigo must apply for a permit to the Canal Manager, stating the estimated outturn, and undertaking that he will, on the 1st of October, declare the quantity he has manufactured. The charge will be at the rate of Rs. 2 per maund of indigo manufactured.

18. No person may allow water to run to waste, and no person other than a Canal Manager may use water for irrigation or for any other purpose without having first obtained a permit as required by the preceding two rules. Any person infringing this rule will, with the consent in writing of the Collector (but not otherwise), be charged double the ordinary rates for the water used without authority or wasted, and will in addition be liable, on prosecution by the Collector or canal officer, to the penalty provided by section 93 of Act III (B. C.) of 1876, or by any other law under which his offence may come. The charge in such cases will, as a rule, be laid by the Canal Manager by the submission to the canal officer or Collector of an "Unauthorized Irrigation Certificate." (*See* Appendix C.)

19. The privileges of guarantors are as follows:—

(1)—A prior claim to a supply of water for irrigation and manufacture during the continuance of their guarantee.

(2)—The right to use water for manufacturing purposes free of charge.

20. Any person may apply to the Collector to become a guarantor. If the Collector accept the application, which at his discretion he may or may not do, he shall proceed, in communication with the canal officer, to determine whether the new guarantee shall be utilized towards extending the canals, providing distributaries or embankments, or towards reducing the responsibility of any of the original guarantors. If the original guarantor (within whose sub-district the applicant's property or interest is situated) claims a reduction in his guarantee, and can at the same time show that the application of the new guarantor towards an extension of the canal would operate to reduce his collections below the amount of his guarantee, his claims to have his guarantee reduced shall be considered: otherwise the new guarantee may be applied towards extending the canals, and an area corresponding to the applicant's property or interests be marked off to him, within which he shall exercise the rights and privileges now exercised in their sub-districts by the guarantors mentioned in paragraph 6 of these rules.

If the applicant's interest or property be not situated within any sub-district as specified in paragraph 6, then the Collector shall apply the guarantee towards extending the benefits of the canal system.

21. The irrigation year will commence on the 1st April; and as soon as possible after the irrigation of any land has been completed or the manufacture of indigo [by a person other than the Canal Manager] has been concluded, the Canal Manager shall present the persons who used the water with bills for water-rates (in a form approved by Government) based upon the actual area irrigated or the outturn of indigo manufactured. If these bills are not paid [*a*] in the case of indigo manufacture within one month after presentation, [*b*] in the case of *rubbi* crops by the 1st March, [*c*] in the case of other crops within one month after the crop irrigated has been cut, the Canal Manager shall, without delay, submit a list of such unpaid bills to the Collector, who will put in force the powers vested in him for the recovery of the amount due in accordance with sections 83, 84, and 85 of the Indian Irrigation Act. Such list must be supported by the counterfoils of the bills (Appendix D) prepared by the Manager, as well as by his personal certificate, that he has satisfied himself of the justness of the claims; and in the case of unauthorized irrigation, by the "Unauthorized Irrigation Certificates" (Appendix C) required by Rule 18.

22. The sums thus recovered by the Collector will be placed in his (the Collector's) accounts to the credit of the Canal Manager as a set off against the amount due from him under his guarantee for the year during which such recoveries are made. The Canal Manager will be entitled to a commission of 20 per cent. on all recoveries (over and above the amount of his guarantee), made either by himself or by the Collector on lists submitted on or before the 31st March. Sums due on this account will not be shown by the Manager in his accounts, but will be paid to him by cheque after the adjustment by the Collector of the year's accounts. No percentage allowance will be granted to the Manager in respect of recoveries made by the Collector on lists submitted later than the 31st March, although the amount of such recoveries will, as stated above, be credited to him as an asset against the amount of his guarantee.

23. For water used by a Manager for the irrigation of his own lands, he will be charged at the ordinary rate of Re. 1 per acre (or 12 annas per bigha), and for sums due on this account he will not be entitled to any commission allowance.

24. It will be the duty of Canal Managers—

*1st*.—To see that all permits for the use of water be issued in the prescribed form, and a copy be kept in counterfoil in books supplied for the purpose.

*2nd*.—That copies of bills presented for payment be kept in the counterfoils supplied, for record.

*3rd*.—That a cash-book of all receipts of water-rates be kept in forms supplied for the purpose.

*4th*.—That for all cash received receipts be granted in the form supplied by the canal officer, which will be kept in counterfoil.

*5th*.—That all cash received be paid monthly into the sub-divisional or district treasury, and that the treasury receipts be filed with the cash-book as vouchers.

*6th*.—To submit such returns as may be required from time to time by the Collector.

*7th*.—To afford every facility to the canal officer and Collector in their periodical inspection of the Canal Managers' office and accounts.

25. The amount yearly guaranteed by each Manager is payable in two equal instalments, viz. on the 30th of June and the 31st December of each year, and any arrear due on either of these dates will be deemed to be a demand under Act VII (B. C.) of 1880, and shall be recoverable by the processes prescribed by the above Act.

26. A yearly adjustment up to the 31st March will be made of each Manager's account as soon as possible after the close of the official year (31st March). For this purpose each Manager will, by the 15th April, submit to the Collector in duplicate a statement in form Appendix D, with the entries of the first 12 columns duly filled in. The Collector will supply the figures for the remaining columns, and return one copy to the Manager with a cheque for the sum payable on account of commission as shown in column 15, should no arrears from him be due. The Collector will also require the immediate deposit by the Manager of any arrears which may be shown to be due. Such arrears if not paid within one month after due notice to the Manager, will be recoverable under the Certificate Procedure Act (VII B.C. of 1880).

*The 16th March* 1885.

*No.* 106.—Notice is hereby given that the Lieutenant-Governor of Bengal proposes, under the powers conferred on him by sections XI and XII of Act V (B.C.) of 1864 (the Canals Act), to make the following alterations in the rules having reference to the undermentioned navigable channels:—

1. The river Bhagiruthee throughout its whole course, from the Ganges to Nuddea, or to its junction with the Hooghly.
2. The river Hooghly, from Nuddea to its junction with the river Matabhanga.
3. The river Jellinghee from the Ganges to Nuddea.
4. The river Bhoyrub, from the Ganges to Nuddea.
5. The river Matabhanga from the Ganges to its junction with the Hooghly.
6. Such portions of the river Ganges as may be within 5 miles of the entrance for the time being of the Bhagiruthee, the Bhyrub, the Jellinghee and the Matabhanga rivers, respectively, which were passed in Notification No. 175, dated the 30th July 1879, and published in Part I of the *Calcutta Gazette* of that date, pages 783 to 789.

For the 1st paragraph of rule II, substitute the following:—

The tonnage of every vessel shall for the purpose of the Canals Act, 1864, and of these rules be determined by the following measurements.

Add to rule II as clause (*d*):—In the case of steamers, the tonnage as determined by clauses *a*, *b* and *c* shall be reduced by one-half as an allowance for engine and cabin space.

Rules 3 and 4 will be abolished.

HOOGHLY,
*The 1st May* 1885.

BRAHMA MOHAN MULLIK,
*Inspector of Schools, Western Circle.*

THE Calcutta Medical College Session 1884-85 will commence on the 23rd June next. Students who may be desirous of commencing their studies are requested to apply to the Principal between the hours of 11 A.M. and 4 P.M. on or before that date.

2. Ten (10) free presentations will then be awarded. These are given to students according to their relative position in the University B.A., B.L., and F.A. Examinations, preference being given to those who have passed the highest examination.

3. No person shall be enrolled as matriculated students of the College who has not previously passed the First Arts Examination of the Calcutta University, or some one of the preliminary Arts Examination of the United Kingdom recognized by the British General Medical Council.

4. All matriculated students of the College are required to pay Rs. 15 on entrance, Rs. 30 for the summer session on the 23rd June, and Rs. 30 for the winter session on 1st November of each year.

5. Students who have failed to pass their final examination and who, under the regulations of the University, are required to attend a further course of lectures and of hospital practice before being allowed to present themselves again for examination, will pay for such further course an annual fee of Rs. 45 in two instalments of Rs. 30 and Rs. 15, payable at the beginning of the summer and winter sessions respectively.

6. Any matriculated student of the College may, with the permission of the Principal and the Professors of the subject, attend courses of lectures or departments of hospital practice in addition to the full curriculum for the year, and he shall be entitled to certificates of attendance at such extra lectures, if the Professor is satisfied that he has really studied the subject. The fees payable in advance for such additional courses are the following :—

| | Rs. |
|---|---|
| For a single course of lectures on each subject ... ... | 40 |
| For six months' attendance in each department of hospital practice ... | 60 |

7. Any matriculated student who leaves the College before completing his University course with the object of continuing his studies at a Medical School in Europe may receive certificates of attendance at lectures on payment of fees at the rate fixed in the foregoing rule. But in calculating the sum to be so paid, the amount of the fees already paid by him as a regular student, or, in the case of a free student, the amount which would have been paid by him had he been a paying student, shall be deducted.

8. Any person not being a matriculated student of the College who may be desirous of attending any course of lectures or any department of hospital practice may do so with the permission of the Principal and Professor of the subject, on payment, in advance, of fees at the rates fixed in rule 6.

If such student has passed the Entrance Examination of the University, he may receive certificates of attendance at lectures, provided the Professors are satisfied that he has attended the full course of lectures, and has mastered the subjects taught.

A student who has not passed the Entrance Examination will be entitled to no certificates of any kind.

9. College scholarships, prizes, and certificates of Honour are open for competition only to matriculated students of the College Hospital apprentice class and Female Certificate class.

10. No fees are payable by the holders of the Calcutta Medical College scholarships.

The holders of the Doorga Charan Laha and all other scholarships will be required to pay fees as a matriculated student. These scholars may pay their fees in advance, or have their scholarship money deducted till the full amount is received.

11. Any student holding a Medical College scholarship will be permitted to draw the stipend of the said scholarship at any recognized Medical School in the United Kingdom, provided he furnishes from the head of such school a certificate of good conduct and diligent prosecution of his studies.

12. The offices of class assistant, clinical clerk, dressers, &c., can be held only by students whose names are on the rolls of the College.

## Municipality of Madras.

### DEBENTURE LOAN.

UNDER section 209 of (Madras) Act I of 1884, the Governor in Council of Fort St George has given sanction in order No. 487, Financial, dated 9th March 1885, and in order No. 11M, dated 10th April 1885, for a Debenture Loan of three hundred thousand rupees on the security of the rates and taxes levied under the said Act. The Municipal Commissioners are therefore prepared to receive tenders for this loan, which will be expended in carrying out the drainage project in Black Town.

2. Debentures will be issued for the said amount bearing interest at the rate of five per cent. per annum payable half-yearly on the 18th September and 18th March of each year, and having a currency of thirty years.

3. The form of Debenture Bonds will be that given below. Each Debenture will be issued for the sum of Rs. 100, or some multiple of Rs. 100.

4. Tenders for the whole or any part of the above named sum of three hundred thousand rupees will be received by the President of the Municipal Commission up to noon on the 18th July 1885.

5. Each tender should be in the form hereto annexed and enclosed in a sealed cover superscribed "Tender for Municipal Loan, 1885," and sent to the Municipal Office addressed to "The President, Municipal Commission, Madras."

6. The tenders will be opened by the President at the Municipal Office at noon on the 18th July 1885; a minimum rate, below which no tenders will be accepted, having first been fixed by the President.

7. Parties tendering must pay direct to the President or into the Bank of Madras to the credit of the Municipal Fund, or must deposit with Messrs. H. S. King & Co., 45, Pall Mall, London, S.W., a sum equivalent to two per cent. of the amount tendered. If the deposit be paid into the Bank of Madras or lodged with Messrs. H. S. King & Co., the banker's receipt must be forwarded with the tender.

8. If the tender be accepted, the deposit will be taken in part payment, but it will be forfeited if, after the acceptance of the tender, the allotment is not fully paid up on or before the 18th September 1885.

9. Debentures will be issued as soon as possible after receipt of the amount of allotment.

10. The deposit on tenders which may not be accepted will be returned on application

11. In the case of two or more tenders at the same rate (not being below the minimum), a *pro ratâ* allotment will, if necessary, be made.

12. The rate stated in a tender must not contain any fraction of an anna; if a rate containing a fraction of an anna is inserted in any tender, such fraction will be struck out and the tender treated as if the rate did not contain such fraction of an anna.

13. In order to avoid mistakes, a separate tender must be made at each rate tendered and a separate deposit must accompany each tender.

14. The annual income from the rates and taxes, which will form the security for the loan, amounts to Rs. 7,90,000. Loans which have already been raised on the same security are as follows:—

| | Annually. Rs. | |
|---|---|---|
| Water Works Loan of 1869, Rs. 14,30,000, interest at 4 per cent., payable to Government ... | 57,200 | Repayable in 30 years by a Sinking Fund, at 2 per cent. |
| Market Loan of 1879, Rs. 20,000, interest at 6 per cent., payable to debenture-holders ... | 1,200 | Ditto ditto. |
| Water Works Loan of 1882, Rs. 25,000, interest at 5 per cent., payable to debenture-holders ... | 12,500 | Ditto ditto. |

## Notification.

THE right of selling Non-Judicial Stamps up to, and inclusive of, the value of Rs. 50, and Court-fee Stamps up to, and inclusive of, the value of Rs. 75, for the official year 1885-86 at the undermentioned places will be put up to auction at this office at 12 o'clock on Friday, the 15th May 1885. The license for sale of Non-Judicial Stamps, and those for sale of Court-fee Stamps, will be separately sold—

High Court, Original Side.
" " Appellate Side.
Calcutta Collectorate.
Custom House.
Police Court.

The vendors who may be appointed will be allowed the usual discount on all purchases made by them from this office. They will be required to pay one month's fee in advance, and one month's fee on the first day of each month for which it is due.

A vendor not acting up to his bid or surrendering his license before the expiry of the official year 1885-86 will forfeit his advance fees.

The vendor, who may be appointed to sell stamps either at the High Court or at this Collectorate, shall be required to keep a stock of Rs. 10,000, or such amount as the Board of Revenue may direct, not exceeding Rs. 10,000. If he fails to do so his license will be liable to cancellation entailing forfeiture of advance fees.

The Collector does not bind himself to accept the highest or any offer which may be made, but reserves to himself a discretion to select the candidate who may appear best qualified.

The following are the limits within which the auction vendors will have the exclusive right of selling Non-Judicial Stamps:—

HIGH COURT VENDORS.
